Councilmember Brooke Pinto, Chair of the Committee on the Judiciary and Public Safety, and Councilmember Christina Henderson, Chair of the Committee on Health, announce a joint roundtable on PR26-0108, the Sense of the Council on Supporting Humane and Trauma-Informed Responses to Behavioral Health Crises Resolution of 2025. The roundtable will be held on Monday, March 31, 2025, at 1:00 p.m. in hearing room 500 of the John A. Wilson Building, 1350 Pennsylvania Avenue, NW.

PR26-0108, the "Sense of the Council on Supporting Humane and Trauma-Informed Responses to Behavioral Health Crises Resolution of 2025," urges the Mayor to take action to create a humane, trauma-informed, and healing-centered approach to responding to behavioral health crises. The resolution emphasizes, when responding to behavioral health crises, behavioral

health professionals should be the default frontline responders, rather than law enforcement, ensuring that individuals in crisis receive appropriate care without unnecessary police intervention.

The roundtable will provide an opportunity for stakeholders—including government agencies, advocacy organizations, behavioral health professionals, and community members—to discuss barriers to effective crisis intervention and identify policy solutions. The discussion will touch on an overview of the current gaps in crisis response, particularly the high volume of behavioral health calls handled by police rather than trained mental health specialists, the effectiveness of current crisis call centers such as 988 and the DBH Access Helpline, and the challenges faced by the Community Response Team (CRT) and Child and Adolescent Mobile Psychiatric Service (ChAMPS) in responding to crises.

Additionally, the discussion will focus on creating alternatives to hospitalization after behavioral health crises, such as investing in community-based crisis beds, short-term observation units, and respite centers to reduce emergency room overuse, addressing concerns about the quality of care at the Comprehensive Psychiatric Emergency Program (CPEP), and developing non-police crisis intervention models successfully used in other cities.

Witnesses may appear either in-person or virtually using the Zoom platform. Unless otherwise stated in pre-hearing instructions, witnesses will have 5 minutes to speak if they are representing an organization, and 3 minutes if they are speaking for themselves. The public should sign up at <https://lims.dccouncil.gov/Hearings> by 5pm on Thursday, March 27, 2025. **Witnesses who anticipate needing spoken language interpretation, or require sign language interpretation, are requested to inform the Committee office of the need as soon as possible but no later than five business days before the proceeding.** We will make every effort to fulfill timely requests, although alternatives may be offered. Requests received in less than five business days may not be fulfilled. If you have additional questions, please email Ashley Strange, Legislative Assistant at astrange@dccouncil.gov.

Testimony should be submitted through the Council's Hearing Management System at <https://lims.dccouncil.gov/hearings> in advance of the roundtable. Testimony will be publicly accessible upon Committee review. If you are unable to testify at the hearing, written statements are encouraged and will be made a part of the official record. Statements for the record should be submitted through the Hearing Management System at the link above. The record will close at 5:00pm on Monday, April 14, 2025.

ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
NOTICE OF FINAL RULEMAKING¹
Z.C. Case No. 24-08
FC Lumber Shed, LLC
(Text Amendment to Subtitle K § 230.4)
January 30, 2025

The Zoning Commission for the District of Columbia (Commission), pursuant to its authority under § 1 of the Zoning Act of 1938, approved June 20, 1938 (52 Stat. 797), as amended; D.C. Official Code § 6-641.01 (2018 Repl.), and pursuant to § 6 of the District of Columbia Administrative Procedure Act, approved October 21, 1968 (82 Stat. 1206; D.C. Official Code § 2-505(c) (2016 Repl.)), hereby gives notice of its adoption of amendments to Subtitle K § 230.4 of the Zoning Regulations (Title 11 of the District of Columbia Municipal Regulations, Zoning Regulations of 2016, to which all references are made unless otherwise specified), with the text at the end of this notice.

SETDOWN

On May 31, 2024, FC Lumber Shed, LLC (Petitioner), filed a Petition to the Commission proposing a text amendment to Subtitle K § 230.4 of the Zoning Regulations to eliminate the twenty (20)-year term on office use on the second (2nd) floor of Building 173, also known as the Lumber Shed Building (Exhibit [Ex.] 2, 2B). The Lumber Shed Building (Property) is a two (2)-floor building on Parcel P1 of The Yards in the SEFC-4 zone (Southeast Federal Center (SEFC)). Specifically, the Lumber Shed Building is located at 301 Water Street, S.E. (Square 771, Lot 809) and is a contributing structure to the Washington Navy Yard Historic District. In Z.C. Order No. 11-05, effective September 30, 2011, the Commission approved a text amendment to allow office use for a period of twenty (20) years on the second (2nd) floor of the Lumber Shed Building because of lack of demand for retail tenants and because leasing to an office tenant would help finance redevelopment. As a result, there is approximately seventeen thousand square feet (17,000 s.f.) of office space on the second (2nd) floor, complementary to twenty thousand square feet (20,000 s.f.) of retail space on the first (1st) floor. The Petition's proposed amendment would eliminate the time limit on the second (2nd) floor office use allowing it to continue after expiration of the twenty (20)-year limit, and the proposal retains the language that any improvements to the second (2nd) floor for office use do not preclude the second (2nd) floor from being used for retail uses in the future. The Petition states that the second (2nd) floor office space provides steady daytime activity to this corner of The Yards and would secure this beneficial office use (Ex. 2C).

The Petition states that the proposed amendment would not be inconsistent with the Comprehensive Plan, including when viewed through a racial equity lens², and with other adopted public policies and active programs related to the proposed text, in accordance with the

¹ For Office of Zoning tracking purposes only, this Notice of Final Rulemaking shall also be known as Z.C. Order No. 24-08.

² Pursuant to 10-A DCMR §§ 2501.4-2501.6, 2501.8, the Commission is tasked with evaluating the Petition's consistency with the Comprehensive Plan through a racial equity lens. Consistent with Comprehensive Plan guidance, the Commission utilizes a Racial Equity Analysis Tool in evaluating zoning actions through a racial equity lens; the Commission released a revised Tool on February 3, 2023. The revised Tool requires submissions from petitioners and the Office of Planning analyzing the zoning action's consistency with the Citywide and Area Elements of the Comprehensive Plan, and Small Area Plans, if applicable; a submission from petitioners including information about their community outreach and engagement efforts regarding the zoning action; and a submission from the Office of Planning including disaggregated race and ethnicity data for the Planning Area affected by the zoning action.

requirements of Subtitle X § 1300. The Petition states that the proposal would not be inconsistent with the Property's designations on the Comprehensive Plan maps; would further Citywide Element and Lower Anacostia Waterfront and Near Southwest Area Element policy goals; would further Comprehensive Plan racial equity goals; and would further the objectives of the Anacostia Waterfront Initiative Framework Plan (AWI Plan) and the Southeast Federal Center Master Plan, which both pertain to the Property.

Racial Equity (Community Outreach and Engagement) – The Petitioner's racial equity analyses states that community outreach regarding the proposal began in 2024 with ANC 8F, and the Petitioner is not aware of any concerns associated with the office use at the Lumber Shed Building (Ex. 2D).

OP SETDOWN REPORT

On July 15, 2024, the Office of Planning (OP) submitted a report (OP Setdown Report) concurring with the Petitioner's analysis, stating that the proposed amendment would not be inconsistent with the Property's Comprehensive Plan map designations; would further Citywide Element and Lower Anacostia Waterfront and Near Southwest Area Element policy goals; would further Comprehensive Plan racial equity goals; and would further the objectives of the Anacostia Waterfront Initiative Framework Plan (AWI Plan) and the Southeast Federal Center Master Plan. The OP Setdown Report recommended the Commission set down the Petition for public hearing.

Racial Equity – OP's racial equity analyses concluded that the continued office use is unlikely to result in change to the physical environment or direct or indirect displacement of any tenants or residents. Rather it would continue to facilitate access to employment opportunities in proximity to residential uses and transit options (Ex. 9).

At its July 25, 2024, public meeting, OP presented its Setdown Report on the Petition. The Commission questioned OP about the exclusion of disaggregated race and ethnicity data for the Lower Anacostia Waterfront and Near Southwest Planning Area from its racial equity analyses and OP agreed to provide the analyses in its Hearing Report. The Commission then voted to approve setting down the Petition for public hearing.

NOTICE

Pursuant to Subtitle Z § 502, the Office of Zoning (OZ) sent notice of the October 21, 2024 public hearing, on August 19, 2024, and published notice of the public hearing in the August 30, 2024 *District of Columbia Register*, as well as on the calendar on OZ's website (Ex. 13-15).

COMMENTS

No comments were filed to the record in response to the public hearing notice.

OP HEARING REPORT

On October 9, 2024, OP submitted a report (OP Hearing Report) that reiterated the analyses and conclusions in the OP Setdown Report but included disaggregated race and ethnicity data for the Lower Anacostia Waterfront and Near Southwest Planning Area to supplement its racial equity analyses.

Racial Equity (Disaggregated Race and Ethnicity Data) – OP’s analyses stated that data for the Lower Anacostia Waterfront and Near Southwest Planning Area (LAW/NSW) shows a total population of 25,994 residents for the period of 2018-2022. Of which, fifty-eight and six-tenths percent (58.6%) are White, twenty-nine and two-tenths percent (29.2%) are Black, seven and four-tenths percent (7.4%) are Hispanic, and four and three-tenths percent (4.3%) are Asian. For the same 2018-2022 period, the median household income for the LAW/NSW area was one hundred twenty-three thousand six hundred sixty-seven dollars (\$123,667) compared to the District average of one hundred one thousand seven hundred twenty-two dollars (\$101,722); cost burdened households sit lower than the District at thirty-three and six-tenths percent (33.6%) for the LAW/NSW area compared to thirty-six and one-tenth percent (36.1%) for the District. Also, the planning area had a lower unemployment rate at eleven and twenty-three one-hundredths percent (11.23%) compared to the District rate of fifteen and one-tenth percent (15.1%) for the same period. OP concluded that because the text amendment proposal would only impact a small area of existing office space, it would have a limited impact on the data trends for the planning area (Ex. 16).

PUBLIC HEARING

At the October 21, 2024 public hearing, the Petitioner presented the Petition and answered clarification questions from the Commission. OP stood on the case record and did not provide a presentation.

No other persons or organizations testified at the public hearing.

PROPOSED ACTION

At the conclusion of the October 21, 2024 public hearing, the Commission voted to take Proposed Action to:

- Adopt the Petition; and
- Authorize the publication of a Notice of Proposed Rulemaking (NPR).

VOTE (October 21, 2024): 5-0-0 (Robert E. Miller, Joseph S. Imamura, Anthony J. Hood, Tammy Stidham, and Gwen Marcus Wright to approve.)

National Capital Planning Commission (NCPC)

The Commission referred the proposed text amendment to the NCPC on October 24, 2024, for the thirty (30)-day review period required by § 492(b)(2) of the District Charter (Dec. 24, 1973, Pub. L. 93-198, title IV, § 492(b)(2)); D.C. Official Code 6-641.05 (2018 Repl.) (Ex. 19).

NCPC filed a December 6, 2024, report, stating that the proposed text amendment is not inconsistent with the federal elements of the Comprehensive Plan for the National Capital and would not adversely impact any other identified federal interests (Ex. 20, 21).

OZ published a Notice of Proposed Rulemaking in the December 13, 2024 *District of Columbia Register* (71 DCR 015084 *et seq.*) (Ex. 22, 23).

The Commission received no comments in response to the Notice of Proposed Rulemaking.

FINAL ACTION

Great Weight to the Recommendations of OP

The Commission must give great weight to the recommendations of the Office of Planning (OP) pursuant to § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2018 Repl.)) and Subtitle Z § 504.6; *Metropole Condo. Ass'n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)).

The Commission finds persuasive, and concurs with, OP's analyses in its reports and its recommendation that the Commission take final action to adopt the proposed amendment to eliminate the twenty-year term on office use on the second floor of the Lumber Shed Building.

Great Weight to the Written Report of the ANC's

The Commission must give great weight to the issues and concerns raised in the written report of an affected ANC that was approved by the full ANC at a properly noticed public meeting pursuant to § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d) (2012 Repl.) and Subtitle Z § 505.1). To satisfy the great weight requirement, the Commission must articulate with particularity and precision the reasons why an affected ANC does or does not offer persuasive advice under the circumstances (*Metropole Condo. Ass'n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)). The District of Columbia Court of Appeals has interpreted the phrase "issues and concerns" to "encompass only legally relevant issues and concerns." (*Wheeler v. District of Columbia Board of Zoning Adjustment*, 395 A.2d 85, 91 n.10 (1978) (citation omitted)).

ANC 8F did not file a report in response to the Petition; therefore, there is nothing to which the Commission can give great weight.

At its January 30, 2025, the Commission voted to take **FINAL ACTION** to:

- Adopt the Petition as published in the Notice of Proposed Rulemaking; and
- Authorize the publication of a Notice of Final Rulemaking.

VOTE (January 30, 2025): 5-0-0

(Joseph S. Imamura, Anthony J. Hood, Robert E. Miller, Tammy Stidham, and Gwen Marcus Wright to approve.)

In accordance with the provisions of Subtitle Z § 604.9, this Order No. 24-08 shall become final and effective upon publication in the *District of Columbia Register*; that is, on March 28, 2025.

IN ACCORDANCE WITH THE D.C. HUMAN RIGHTS ACT OF 1977, AS AMENDED, D.C. OFFICIAL CODE § 2-1401.01 *ET SEQ.* (ACT), THE DISTRICT OF COLUMBIA DOES NOT DISCRIMINATE ON THE BASIS OF ACTUAL OR PERCEIVED: RACE, COLOR, RELIGION, NATIONAL ORIGIN, SEX, AGE, MARITAL STATUS, PERSONAL

APPEARANCE, SEXUAL ORIENTATION, GENDER IDENTITY OR EXPRESSION, FAMILIAL STATUS, FAMILY RESPONSIBILITIES, MATRICULATION, POLITICAL AFFILIATION, GENETIC INFORMATION, DISABILITY, SOURCE OF INCOME, OR PLACE OF RESIDENCE OR BUSINESS. SEXUAL HARASSMENT IS A FORM OF SEX DISCRIMINATION WHICH IS PROHIBITED BY THE ACT. IN ADDITION, HARASSMENT BASED ON ANY OF THE ABOVE PROTECTED CATEGORIES IS PROHIBITED BY THE ACT. DISCRIMINATION IN VIOLATION OF THE ACT WILL NOT BE TOLERATED. VIOLATORS WILL BE SUBJECT TO DISCIPLINARY ACTION.

TEXT AMENDMENT

The proposed amendments to the text of the Zoning Regulations are as follows (text to be deleted is marked in ~~bold and strikethrough~~ text; new text is shown in **bold and underline** text):

I. Amendments to Subtitle K, SPECIAL PURPOSE ZONES

Subsection 230.4 of § 230, DENSITY – FLOOR AREA RATIO (FAR) (SEFC-4), of Chapter 2, SOUTHEAST FEDERAL CENTER ZONES – SEFC-1 THROUGH SEFC-4, of Subtitle K, SPECIAL PURPOSE ZONES, is amended as follows:

230.4 The gross floor area of existing Building 173 shall not count toward any FAR computation. The second story of Building 173 may be used for general office purposes ~~on an interim basis of not more than twenty (20) years from the date of the initial certificate of occupancy for this use~~; provided that any such office space is suitably designed for future occupancy by retail uses and to not adversely impact ground floor retail uses.

DEPARTMENT OF HEALTH CARE FINANCE

NOTICE OF PROPOSED RULEMAKING

The Director of the Department of Health Care Finance (DHCF), pursuant to the authority set forth in Section 6(6) of the Department of Health Care Finance Establishment Act of 2007, effective February 27, 2008 (D.C. Law 17-109; D.C. Official Code § 7-771.05(6)) and in An Act to enable the District of Columbia (District) to receive Federal financial assistance under Title XIX of the Social Security Act (the Act) for a medical assistance program, and for other purposes approved December 27, 1967 (81 Stat. 744; D.C. Official Code § 1-307.02, hereby gives notice of proposed amendments to Chapter 48 (Medicaid Program: Reimbursement) of Title 29 (Public Welfare) of the District of Columbia Municipal Regulations (DCMR), and of the Director's intent to adopt these amendments as a final rulemaking in not less than thirty (30) days from the date of publication of this notice in the *District of Columbia Register*.

The District reimburses specialty hospitals based on a methodology that is fair and reasonable, which includes the hospitals' current base rate, cost adjustment, an inflation adjustment, and rebasing. The inflation adjustment is based on the appropriate hospital type specific inflation factor proposed under the Medicare program, set forth in the Hospital Inpatient Prospective Payment Systems ("PPS") for general hospitals and the long-term care hospitals ("LTCH") PPS, for the same federal fiscal year in which the rates will be effective. In accordance with 42 U.S.C. § 1395ww, the Medicare Inflation Factor shall include multifactor productivity, statutory and any other relevant adjustments to the market basket rate of increase. Rebasing shall occur quadrennially and shall be based on each hospital's reported costs for the hospital's fiscal year, including case mix, claims, and discharge data. Any hospital that enters the District of Columbia market during a non-rebasing year shall be paid a rate equal to the base rate associated with a comparable specialty hospital until the next rebasing period, provided at least twelve (12) months of data are available prior to rebasing.

The District received time limited authority from the U.S. Department of Health and Human Services, Centers of Medicare & Medicaid Services ("CMS") pursuant to a Disaster Relief State Plan Amendment ("SPA") to temporarily modify reimbursement methodology for Federally Qualified Health Centers, including specialty hospitals, and to delay rebasing rates during the federal public health emergency ("PHE"). This temporary modification included a cost factor that was designed to consider differences among specialty hospitals based on their ability to assimilate new costs due to the size of their operations. This factor adjusted the increased costs associated with providing safe Medicaid services during the PHE, on a per beneficiary basis, based on the number of unique beneficiaries attributed to each specialty hospital. This methodology was effective for one (1) year after the last day of the PHE. Although the District officially ended its PHE by Mayor's Order 2021-096, dated July 24, 2021, the federal PHE expired on May 11, 2023. CMS approved delaying rebasing of specialty hospital rates through May 11, 2024.

DHCF is continuing to take critical steps to make sure that specialty hospitals are reimbursed at a reasonable rate to ensure that District residents have access to quality treatment and care. The update to these rules corresponds to an amendment to the District's State Plan for Medical Assistance (State Plan), which CMS approved on January 24, 2024, and authorizes DHCF to

continue its authorities, on a permanent basis, to reimburse specialty hospitals according to the proposed inflation factor, including the newly added cost factor adjustment, to the inflation adjustment method of reimbursement. Additionally, the SPA delays rebasing of specialty hospitals until FY 2025, beginning on October 1, 2024, with the subsequent rebasing occurring in FY 2027, beginning on October 1, 2026, and every four (4) years thereafter.

A Public Notice of Proposed Amendment to the District of Columbia State Plan for Specialty Hospitals was published on the Department of Healthcare Finance's (DHCF) website on September 29, 2023 as Transmittal 23-47. If the proposed rule is adopted, DHCF projects no increase in aggregate **Medicaid** expenditures in Fiscal Year 2024 or 2025.

The Director of DHCF gives notice of the intent to take final rulemaking action to adopt these proposed rules as final in not less than thirty (30) days after the date of publication of this notice in the *District of Columbia Register*.

Chapter 48, **MEDICAID PROGRAM: REIMBURSEMENT, of Title 29 DCMR, PUBLIC WELFARE, is amended as follows:**

Section 4814, SPECIALTY INPATIENT SERVICES: GENERAL PROVISIONS, is amended as follows:

Subsection 4814.11 is amended as follows:

4814.11 Effective FY 2024, beginning on October 1, 2023, and annually thereafter, except during a rebasing year (as described in Subsection 4814.12), DHCF shall apply an inflation adjustment to the then current base per diem or per stay rate associated with each specialty hospital as follows:

- (a) DHCF shall base inflation adjustment on the appropriate, hospital type specific inflation factor proposed under the **Medicare** program, set forth in the Hospital Inpatient Prospective Payment Systems (PPS) for general hospitals and the LTCH PPS, for the same federal FY in which the rates will be effective.
- (b) In accordance with 42 U.S.C. § 1395ww, the **Medicare** Inflation Factor shall include multifactor productivity, statutory and any other relevant adjustments to the market basket rate of increase.
- (c) In non-rebasing years, DHCF can modify the Current Base Rate with a Cost Adjustment Factor that reflects the hospital's reported costs including an assessment of case mix, claims, and discharge data.
- (d) The Final Base Rate in non-rebasing years shall be calculated by multiplying the current base rate by the **Medicare** inflation factor as set forth in subsection b, and the Cost Adjustment factor, to equal the final base rate.

4814.12 Except as provided in Subsections 4814.13 and 4814.14, effective in FY 2024, which begins on October 1, 2023, and every four (4) years thereafter (i.e., quadrennially), the base rate for each specialty hospital shall be rebased as follows:

- (a) Specialty hospital per diem rate rebasing shall be delayed until FY 2025 to mitigate the effects of atypical cost trends caused by the COVID-19 Public Health Emergency;
- (b) Following the FY 2025 rebasing for specialty per diem hospitals, the base per diem and per stay rates shall be rebased effective FY 2027, beginning October 1, 2026, and every four (4) years thereafter (i.e., quadrennially);
- (c) For rebasing occurring quadrennially on October 1, the updated base rate shall be based on each hospital's submitted cost reports for the hospital's fiscal year that ends prior to October 1, of the prior calendar year, including case mix, claims, and discharge data; and
- (d) Any hospital that enters the District of Columbia market during a non-rebasing year shall be paid a rate equal to the base rate associated with a specialty hospital that provides comparable service until the next rebasing period, provided at least twelve (12) months of data are available prior to rebasing.

Comments on the proposed rule shall be submitted, in writing, to Melisa Byrd, Senior Deputy Director/State Medicaid Director, Department of Health Care Finance, 441 4th Street, NW, Suite 900S, Washington, D.C. 20001, via telephone at (202) 442-8742, via email at DHCFPubliccomments@dc.gov, or online at www.dcregs.dc.gov, within thirty (30) days after the date of publication of this notice in the *District of Columbia Register*. Copies of the proposed rule may be obtained from the above address.

PUBLIC EMPLOYEE RELATIONS BOARD**NOTICE OF PROPOSED RULEMAKING**

The Public Employee Relations Board (Board), pursuant to the authority set forth in the District of Columbia Comprehensive Merit Personnel Act of 1978, effective March 3, 1979 (D.C. Law 2-139; D.C. Official Code § 1-605.02(11) (2023 Repl.)) (CMPA), hereby gives notice of the intent to adopt the following amendments to Chapter 5 (Rules of the Public Employee Relations Board) of Title 6 (Personnel), Subtitle B (Government Personnel), of the District of Columbia Municipal Regulations (DCMR), in not less than thirty (30) days from the date of publication of this notice in the *District of Columbia Register*.

The proposed amendment updates the rules to accurately reflect the Board's new office address.

The Board will consider comments received in response to this Notice of Proposed Rulemaking. Directions for submitting comments may be found at the end of this Notice.

Title 6-B DCMR, GOVERNMENT PERSONNEL, is amended as follows:

Chapter 5, RULES OF THE PUBLIC EMPLOYEE RELATIONS BOARD, is amended as follows:

Subsection 500.9 of Section 500, GENERAL PROVISIONS, is amended to read as follows:

500.9 Communications other than pleadings may be addressed to the Public Employee Relations Board at its office, 899 North Capitol Street NE, Suite 8600, Washington, D.C. 20002.

All persons interested in commenting on the proposed rules may submit comments in writing, not later than thirty (30) days after the publication of this notice in the *District of Columbia Register*, to Royale Simms, Executive Director, Public Employee Relations Board, 899 North Capitol Street NE, Suite 8600, Washington, D.C. 20002, or via e-mail at perb@dc.gov. DISTRICT OF COLUMBIA OFFICE OF ADMINISTRATIVE HEARINGS**NOTICE OF EMERGENCY AND PROPOSED RULEMAKING**

The Chief Administrative Law Judge (CALJ) of the District of Columbia Office of Administrative Hearings (OAH), pursuant to the authority set forth in Sections 8(a)(7) and 8(b)(7) of the Office of Administrative Hearings Establishment Act of 2001, effective March 6, 2002 (D.C. Law 14-76, D.C. Official Code §§ 2-1831.05(a)(7) and (b)(7) (2016 Repl. & 2019 Supp.)) and Section 5(a) of the Act to Regulate Public Conduct on Public Passenger Vehicles, effective September 23, 1975 (D.C. Law 1-18; D.C. Official Code § 35-254(a)(2)(B)), hereby gives notice of emergency and proposed rulemaking action to adopt to Chapter 28 (Office of Administrative Hearings: Rules of Practice and Procedure) of Title 1 (Mayor and Executive Agencies) of the District of Columbia Municipal Regulations (DCMR).

The purpose of the amendments to Chapter 28 is to amend OAH's General Rules of Practice and Procedure to codify longstanding OAH policies regarding filing processes for all case types and to clarify procedural requirements. OAH has experienced a precipitous increase in case filings and revisions to OAH filing procedures are needed to ensure continued and timely processing of new cases. Emergency action is necessary for OAH to continue the efficient adjudication of pending and anticipated cases, and to avoid delays in the administration of justice and the unnecessary diversion of OAH's limited resources.

The emergency rulemaking was adopted on March 20, 2025, became effective on that date, and will remain in effect one hundred twenty (120) days, until July 18, 2025 unless superseded by publication of a Notice of Final Rulemaking in the *District of Columbia Register*. The CALJ of OAH also gives notice of the intent to take final rulemaking to adopt this amendment not less than thirty (30) days from the date of publication of this notice in the *District of Columbia Register*. Directions for submitting comments may be found at the end of this notice.

**ALCOHOLIC BEVERAGE AND CANNABIS ADMINISTRATION
ALCOHOLIC BEVERAGE AND CANNABIS BOARD**

NOTICE OF SECOND EMERGENCY AND PROPOSED RULEMAKING

The Alcoholic Beverage and Cannabis Board (Board), pursuant to the authority set forth in D.C. Official Code § 25-351(a) and in accordance with 23 DCMR § 303.1, hereby gives notice of its adoption of emergency and proposed rules that amend Chapter 3 (Limitations on Licenses) of Title 23 (Alcoholic Beverages) of the District of Columbia Municipal Regulations (DCMR) to create a new Section 312, entitled the North Shaw Moratorium Zone. The emergency rulemaking creates (and the proposed rulemaking would create on an ongoing basis) a new moratorium zone that extends approximately six hundred feet (600 ft.) in all directions from 1909 9th Street, N.W., which is the location of Noah Noal DC, LLC, t/a Sound Bar, holder of a Retailer's Class CT license (ABRA License No. 122864). The Board also gives notice of its intent to adopt the proposed rules as final in not less than thirty (30) days after the publication of this notice in the *District of Columbia Register*.

Specifically, this rulemaking establishes a moratorium on an emergency basis, and proposes to establish the moratorium on an ongoing basis through final rules, that prohibits the following for a period of three (3) years in the North Shaw Moratorium Zone:

- (1) New Retailer's Class CN and DN nightclub licenses;
- (2) New Retailer's Class CT and DT tavern licenses;
- (3) New Retailer's Class CX and DX multipurpose facility licenses;
- (4) New entertainment endorsements for any on-premises licensed restaurant or tavern to offer entertainment, a cover charge, or facilities for dancing;
- (5) Modifications to existing entertainment endorsements for any on-premises licensed restaurant or tavern to add entertainment, a cover charge, or facilities for dancing;
- (6) A licensed nightclub, multipurpose facility, or restaurant or tavern with an entertainment endorsement from transferring from a location outside of the moratorium zone to a location inside of the moratorium zone; and
- (7) The Board from granting, within the moratorium zone, a change of license class application for a Class CN, DN, CT, DT, CX (multipurpose facility), or DX (multipurpose facility) retailer's license.

The Board notes that this emergency and proposed rulemaking replaces the prior proposed rules, which were published on the agency's website on December 14, 2023.

Procedural Background

On July 24, 2023, the Westminster Neighborhood Association (WNA) submitted a moratorium petition (Petition) to the Board.¹ The WNA is a registered District of Columbia community association located in the area near 9th Street, N.W. *Petition for the Establishment of a Moratorium Zone in the 1900 Block of 9th Street*, at 4 (*Petition* at 4). The petition requested a moratorium zone within a 600-foot radius centered at 1914 9th Street, N.W., which is the location of 1914 LLC, t/a Kolben, holder of a Retailer’s Class CT license (ABRA License No. 116067). *Id.* at 4-5. Specifically, the petition requested a moratorium on the issuance and transfer of restaurant, tavern, and nightclub licenses and off-premises alcohol retailers in the moratorium zone, changes in license class to the affected license classes, and new entertainment endorsements, increased occupancy, and increased hours to the affected license classes. *Id.* at 18. The petition also supported an exemption for hotels and restaurants without entertainment endorsements. *Id.* at 18-19. The requested period for the moratorium was 3 years. *Id.* at 19. The Petition further requested that the moratorium be called the “North Shaw & 9th Street Neighborhood Moratorium Zone.”² The Petition requested a pause on alcohol license applications in the targeted area, a reduction in licenses, and changes to the zoning code. *Id.* at 2-3.³

The Petition filed by the WNA indicated that there are 23 alcohol licenses issued in the relevant area. *Id.* at 6. The petition argued as a basis for its filing that licensees are contributing to a negative impact on peace, order, and quiet and that there exists an overconcentration of licensed establishments in the area, as well as other appropriateness concerns.

The petition noted the occurrence of several violent crimes between 2021 and 2023, including various stabbings and gun violence. *Id.* at 7-8. It also contained reports of unruly crowds that engaged in fighting that typically occurs when nightlife establishments have been most active. *Id.* at 8-9. This included an incident on March 13, 2022, where a reported large fight involving approximately 60 nightlife patrons in the street occurred during the early morning hours. *Id.* at 9. The petition noted that there were also many complaints by residents of nightlife patrons congregating in front of their homes and creating noise. *Id.* Residents also expressed concerns about frequent “car parties” in the neighborhood. *Id.* at 11. The petition also described persons consuming cannabis and alcohol, which created a rowdy atmosphere in the streets when they occurred. *Id.* Moreover, people engaging in such activity played loud music outside, which disturbed nearby residents. *Id.* It should be noted that the District’s open container law prohibits

¹ The WNA submitted a supplemental petition to the Board on February 8, 2024. In the supplemental petition, WNA supported the inclusion of taverns and the adoption of the moratorium by emergency rule, which the Board agrees with and has incorporated into this rulemaking. The WNA also proposed a different map; however, the Board does not adopt the proposed map in this case because it is unclear at this time how nightlife in the unincorporated areas contribute to the issues complained about by residents.

² The Board designates the moratorium zone the “North Shaw Moratorium Zone” because the proposed name is too long and the term North Shaw effectively communicates the area targeted by the moratorium.

³ The Board notes that some of the requests exceed the scope of a moratorium petition.

drinking in public, including in vehicles located in public streets. D.C. Official Code § 25-1001(a).

The Petition also complained about trash and litter in the neighborhood. *Id.* at 12. Specifically, residents have found large amounts of litter in the street after heavy nightlife activity, including trash, condoms, liquor bottles, broken glass, vomit, and other human waste. *Id.* The Petition also complained that nightlife establishments have generated noise and vibrations that disturbed residents in their homes. *Id.* at 13-14.

The Petition further discussed residential parking and vehicular and pedestrian safety. *Id.* at 15. The petitioners complained that an influx of nightlife patrons to the neighborhood has made parking difficult for residents and resulted in a high level of parking violations. *Id.* at 15-16. The petitioners further complain that the number of patrons in the neighborhood has made it difficult to navigate the sidewalks when nightlife establishments have been active. *Id.* at 16.

First Hearing and Public Comment

On September 14, 2023, the Board held a public rulemaking hearing related to the Petition filed by WNA based upon the Board's finding that the petition satisfied the requirements of D.C. Official Code § 25-352. Notice of the hearing was published in the *District of Columbia Register* on August 18, 2023, at 70 DCR 011149. The Board also received numerous written comments from members of the public. A summary of the public comment relevant for consideration received during the Board's first Public Hearing and public comment period related to this matter are as follows:

Councilmember Brianne K. Nadeau

Councilmember Brianne K. Nadeau wrote in support of the petition and asked to delay the issuance of new licenses in the neighborhood until a decision was made regarding the moratorium. *Letter from Councilmember Brianne K. Nadeau* (Aug. 7, 2023).

Advisory Neighborhood Commission 1B

Advisory Neighborhood Commission (ANC) 1B supported the moratorium petition and requested that additional enforcement resources be directed to the community. *ANC 1B Resolution*, 1 (Sept. 14, 2023).

Metropolitan Police Department

Captain Riley Hong of the Third District testified on behalf of the Metropolitan Police Department (MPD). *Transcript (Tr.)*, September 14, 2023, at 8. He indicated that reimbursable detail spots are not always filled and crime considerations merited granting the petition. *Id.* at 9. He noted that the area attracts vehicles that rev their engines, drag racing, and illegal all-terrain vehicles (ATV). *Id.*

Local Residents' Comments

Local residents Alex Smith, Sudha Gollapudi, Paul O'Neill, Mattia D'Affuso, Amanda Toles, Gonzalo Gomez, David Greer, Elizabeth Baker, Craig Brownstein, Paul Williams, Justin Campbell, Tania Shand, Stergios Theologides, Reid Dunavant, Zoe Cordelia Lu, Andre Ory, Leola Smith, Frank Chauvin, Krishna M. Kumar, and Pierson Stoecklein supported the petition for various reasons, including their experiences as residents. *See Moratorium Rulemaking File.* Some of the reasons articulated by various residents included concerns regarding the negative impact of the overconcentration of alcohol licenses, noise, crime, and public safety concerns posed by patrons, and the litter caused by such patrons. *Id.* Mr. O'Neill blamed the expansion of the Uptown Arts-Mixed Use (ARTS) Overlay zone for encouraging overconcentration. *Id.* Mr. Williams noted that the buildings in the neighborhood were built to be residences and not nightlife businesses. *Id.* Ms. Shand presented various studies that show a correlation between the concentration of alcohol outlets and crime. *Id.* Ms. Kumar provided various crime statistics related to the neighborhood that showed a high level of reported crime.

Behzad Khani

Behzad Khani owns two properties in the neighborhood. *Tr.* September 14, 2023, at 26-27. He supported the moratorium petition. *Id.* at 27. He complained about loiterers sitting on his property and engaging in drinking, smoking, and other activities that have been detrimental to his property. *Id.* at 28.

Tesfit Kiflu

Tesfit Kiflu owns Cloud Lounge. *Id.* at 32. He complained about public drinking in the neighborhood. *Id.* at 32-33. He supported the petition generally but not restrictions on transferring or selling businesses. *Id.* at 34.

Bill Spieler

Bill Spieler owns DC9 nightclub. *Id.* at 61. He opposed the petition because moratoriums are ineffective and have not addressed the problems targeted by moratoriums. *Id.* He also noted that moratoriums inflate the price of alcohol licenses. *Id.* at 62. He also noted that vendors are selling alcohol out of coolers in the neighborhood. *Id.* at 63-64.

Shaw Main Streets

Alexander Padro, the executive director of Shaw Main Streets, testified in opposition to the petition. *Id.* at 90. He testified that granting the petition would hurt businesses in the neighborhood economically and harm "the largest cluster of Ethiopian and Eritrean American businesses" in the region. *Id.* at 90. He indicated that issues in the neighborhood stem from restaurants and taverns morphing into nightclubs. *Id.* at 91. He also noted that the moratorium would not address the concerns the moratorium is meant to address. *Id.* Instead, he recommended banning the use of outside promoters, enhanced security, business consultations and training. *Id.* at 91-94. He also indicated that a local building owner should allow businesses

to remove trash through a local alley to address litter concerns. *Id.* at 94. He further noted that there has been no reduction in property values. *Id.* at 94-95. He also opposes calling the moratorium the “1900 block of 9th Street, N.W.” moratorium zone. *Id.* at 95.

9th Street Association

Allan Ebert, the executive director of the 9th Street Association, represents various nightlife establishments, including Cloud, MK Lounge, Mirror, and Right Spot. *Id.* at 114-15. He complained that MPD is not stopping illegal alcohol sales on the streets, which contributes to the negative environment in the area. *Id.* at 116. He does not believe the moratorium will be effective. *Id.* at 118.

9th Street Nightlife Equity Coalition

The 9th Street Nightlife Equity Coalition (Coalition), representing several businesses in the proposed moratorium zone, filed comments opposing the Petition. *Position of the 9th Street Nightlife Equity Coalition*, at 1 (Nov. 3, 2023). The basis of the Coalition’s opposition is (1) the Petition was defective because it does not encompass a locality, section, or portion, but rather a portion of a locality, which the Coalition argued rendered the petition defective under D.C. Official Code § 25-352(b), which requires moratoriums to encompass “either a locality, section, or portion” of the District, which are specifically defined areas under D.C. Official Code § 25-101; (2) the information provided by the Petitioners was too generalized because the proposed area was smaller than the area encompassed by the information provided; (3) the proposed moratorium was discriminatory because it targets an area where businesses are largely owned by immigrants from Ethiopia and North Africa and will have a negative impact on the area serving as a “Little Ethiopia” enclave; (4) any issues in the area have been a failure of the District to provide appropriate policing and traffic management; and (5) the proposed moratorium will not address the issues that the community seeks to address. *Id.* at 1-15.

Westminster Neighborhood Association (Response to Coalition)

The Westminster Neighborhood Association (WNA) responded to the comments filed by the Coalition. *Westminster Neighborhood Association’s Opposition to Motion for Reconsideration, Rehearing, and in the Alternative to Dismiss the Petition*, 1 [*Opposition*]. The WNA argued that the Petition “ultimately identified the Moratorium Zone as a portion of the identified locality.” *Id.* at 3. The WNA maintained that this limited area satisfied the minimum requirements for implementing a moratorium zone and the language of D.C. Official Code 25-354(e) allowed for an area smaller than a locality. *Id.* The WNA further argued that sufficient race-neutral reasons for creating the proposed moratorium zone, such as safety concerns, existed to justify the moratorium. *Id.* at 7-8.

Notice of Proposed Rulemaking

In response to the Petition, public comments received, and consideration of the relevant statutory and regulatory issues, on December 14, 2023, the Board adopted a Notice of Proposed Rulemaking to establish the North Shaw Moratorium Zone. Although the Notice of First

Emergency Rulemaking was not published in the *District of Columbia Register*, the rulemaking was posted to the agency's website on June 12, 2024, while the rulemaking underwent legal sufficiency review. The Board's Notice of Proposed Rulemaking proposed to adopt a moratorium that prohibited (1) new Retailer's Class CN and DN nightclub licenses; (2) new Retailer's Class CX and DX multipurpose facility licenses; (3) new entertainment endorsements for any on-premises licensed restaurant or tavern to offer entertainment, a cover charge, or facilities for dancing; (4) existing entertainment endorsements for any on-premises licensed restaurant or tavern to add entertainment, a cover charge, or facilities for dancing; (5) a licensed nightclub, multipurpose facility, or restaurant or tavern with an entertainment endorsement from transferring from a location outside of the moratorium area to a location inside of the moratorium area; and (6) a license holder located within the moratorium area filing a change of license class application for a Class CN, DN, CX (multipurpose facility), or DX (multipurpose facility) retailer's license.

Second Hearing and Public Comment

The Board held a second public hearing related to the proposed moratorium on February 29, 2024, based upon the Board's intention to enact a moratorium different from the one initially proposed. A summary of the public comments at that public hearing is as follows:

Metropolitan Police Department

MPD Captain Chris Moore indicated that the area operated as a large entertainment zone with a high concentration of alcohol licensees that produces many inebriated people. *Tr.*, February 29, 2024, at 8-10. MPD indicated that it has concerns about providing appropriate staffing during the night and has had trouble fulfilling reimbursable detail requests. *Id.* at 11. He indicated that in the U Street area in the past year, MPD's statistics show 7 homicides, 37 assaults, 720 auto related thefts, the recovery of 104 firearms, and approximately 54-gun related arrests. *Id.* at 11-12.

Westminster Neighborhood Association

The WNA provided additional testimony during the second hearing. The WNA supported the Board's decision to impose a moratorium but asked for some changes to the proposed rule. *Id.* at 14. The WNA requested that the Board include tavern licenses; enact the moratorium immediately; and better define the outer limits of the moratorium. *Id.* at 14-15. The WNA believed including taverns was important because failing to do so would continue to drive people to the neighborhood. *Id.* at 15.

Frank Chauvin

Frank Chauvin, a member of the WNA, supported the Board's overconcentration finding. *Id.* at 30. He noted that it is difficult to attribute problems in the area to a single licensee. *Id.* at 30. He advocated for taverns being included in the moratorium zone. *Id.* at 31. He noted that MPD is not able to fully fulfill reimbursable detail requests by establishments on a regular basis. *Id.* at 32-33.

Ashleigh Fields (ANC 1B)

Ashleigh Fields represents Single Member District 1B07 within Advisory Neighborhood Commission (ANC) 1B and testified on behalf of ANC 1B. She discussed the ANC's resolution supporting the imposition of a moratorium in the area. *Id.* at 65-66. The ANC opposed the imposition of the moratorium as an emergency. *Id.* at 66. The ANC indicated that businesses needed time to address the needs of their businesses before the moratorium goes into effect and have a chance to be informed about the impending moratorium. *Id.* at 66.

Additional Comments

Additional persons living in the community supported adding taverns to the moratorium. *See, e.g., id.* at 34, 42, 61, 68. Thomas M. Abebe works in the nightlife industry and asked the District to focus on reducing crime instead of instituting a moratorium. *Id.* at 45-46. Abebe Bekele owns a nightlife business in the neighborhood and believed that the local nightlife businesses are contributing to problems in the neighborhood and allowing the use of drugs inside establishments. *Id.* at 51-54. The Board also received additional testimony supporting and opposing the moratorium during the hearing and by email similar to the comments described above.

Response to Comments in Opposition

The Board responds to various comments in opposition to the proposed moratorium.

Bill Spieler

In response to Mr. Spieler's and similar comments that moratoriums are not effective, the Board notes that the present moratorium may be abolished or modified in the future if it is not having its intended effect. Moreover, testimony regarding the crime situation in the neighborhood indicates that the addition of more nightlife patrons would be detrimental to restoring crowd control, order, and crime in the neighborhood when nightlife is active. The Board further notes that the price of alcohol licenses when a moratorium is enacted is not a relevant consideration.

Shaw Main Streets

In response to the comments made by Shaw Main Streets and similar comments made by others, the Board reviewed the organization's suggested reforms but the Board notes that it cannot enact proposals such as banning the use of outside promoters, requiring enhanced security, and providing business consultants on a global basis in the neighborhood. Therefore, the Board must consider using one of the only tools it has to address the concerns of residents. The Board notes that the public order concerns outweigh any non-impact to property values in the area.

9th Street Nightlife Equity Coalition

In response to the comments made by the Coalition and similar comments made by others, the Board notes that it has selected an area different from the one proposed by the WNA. The Board

is further satisfied that the relied upon information is not too generalized and that the negative impacts stem from patrons frequenting nightlife in the moratorium area. The Board is also satisfied that the proposed moratorium is not targeted at any race or ethnicity because it is based on non-discriminatory and race neutral factors, such as crime and other appropriateness concerns. Moreover, the boundary areas chosen by the Board reflect the problem areas identified by evidence and testimony in the record and does not extend further. Finally, the Board does not agree that the geography of the moratorium zone must exactly match the locality, portion, or section (i.e., a perfect circle) because the Board is authorized to expand or enlarge the moratorium zone by D.C. Official Code § 25-354(e).⁴

Board Determination

The Board considered the oral and written testimony, resolutions and exhibits filed by the Westminster Neighborhood Association, the 9th Street Association, the 9th Street Nightlife Equity Coalition, and other witnesses and residents submitted as part of the two public hearings held by the Board and in response to the notices of proposed rulemaking. The Board agrees with the request to impose a moratorium, but has selected a different area for the moratorium zone because the area selected by the Board encompasses the problem areas identified by the testimony and evidence in the record and does not support extending the zone further.

The moratorium zone will extend approximately 600 feet in all directions from 1909 9th Street, N.W. The street-line description in proposed 23 DCMR § 312.2 sets forth the actual boundaries of the moratorium area.

Rationale and Additional Response to Comments

Pursuant to D.C. Official Code § 25-351, the Board determined that it was in the public interest to establish a new moratorium with restrictions for three (3) years, and in doing so, the Board based its decision upon the appropriateness standards set forth in D.C. Official Code §§ 25-313 and 25-314. In reviewing a moratorium request, the Board must “consider the extent to which the testimony and comments show that the requested moratorium is appropriate under at least 2 of the appropriateness standards....” D.C. Official Code § 25-354(d); *see also* D.C. Official Code § 25-351(a).

The relevant appropriateness standards include: (1) “[t]he effect of the establishment[s] on real property values”; (2) “[t]he effect of the establishment[s] on peace, order, and quiet, including the noise and litter provisions set forth in [D.C. Official Code] §§ 25-725 and 25-726; (3) “[t]he effect of the establishment[s] upon residential parking needs and vehicular and pedestrian safety”; (4) “[t]he proximity of the establishment[s] to schools, recreation centers, day care centers, public libraries, or other similar facilities”; (5) “[t]he effect of the establishment[s] on the operation and clientele of schools, recreation centers, day care centers, public libraries, or

⁴ The issue of whether the Board can adopt a moratorium of various shapes and sizes is a matter of first impression that has never been challenged to this degree in a moratorium proceeding. In light of the arguments made by the parties, the Board finds its determination in this rulemaking a reasonable interpretation because District streets are not laid out in perfect 600, 1,200, or 1,800 foot circles.

other similar facilities”; (6) “[w]hether school-age children using facilities in proximity to the establishment[s] will be unduly attracted to the establishment while present at, or going to or from, the school, recreation center, day care center, public library, or similar facility at issue”; and (7) “[w]hether issuance of [additional licenses] would create or contribute to an overconcentration of licensed establishments which is likely to affect adversely the locality, section, or portion in which the establishment[s] [are] located.” D.C. Official Code §§ 25-313(b)(1)-(3), 25-314(a)(1)-(4).

Based upon the public comment related to the proposal, the Board is persuaded that the establishment of a new moratorium described in this rulemaking in the selected area is appropriate to preserve peace, order, and quiet; preserve pedestrian and vehicular safety; and prevent the overconcentration of licensed establishments, in accordance with D.C. Official Code § 25-354(d). In particular, the Board is persuaded that the issuance of new nightclub, tavern, and multipurpose facility licenses and entertainment endorsements will have a detrimental effect on public safety in the area around the 1900 block of 9th Street, N.W.

The Board considered arguments regarding the impact of the moratorium on minority business owners but is persuaded that the area suffers from significant issues regarding crime and public safety that justify the moratorium. The Board further considered the argument that the information justifying the moratorium was too generalized and did not specifically apply to the limited area targeted by the proposal; however, this argument is not convincing based on the specific negative impact evidence received by the Board.

The Board notes that in future proceedings related to the renewal of the moratorium, the Board may consider changes in behavior and policing in the area, among other factors. The Board suggests that various governmental and non-governmental stakeholders consult and work together to address various problems identified in the Petition and by supporters of the moratorium. Discussions could entail various initiatives to address quality of life issues, such as public drinking and illegal alcohol sales in the streets; promoting the use of street facing security cameras by businesses and residents; the provision of free parking, ride share, Metro rides, and other transportation options; and community wide traffic and noise studies; staggering let out at establishments.

In imposing a new modified moratorium, the Board has been persuaded by public testimony that taverns should be included. This means that the North Shaw Moratorium Zone will primarily limit the issuance of new nightclub licenses, tavern licenses, multipurpose facility licenses, and new entertainment endorsements to restaurants and taverns. This will allow for the licensing of new restaurants without entertainment endorsements. These restrictions will help to ensure that these new establishments are focused primarily on the sale of food and meals, which has not been shown to relate to any of the identified problems. Additionally, many bona fide restaurants generally close earlier than taverns and nightclubs; therefore, this exception to the moratorium is not expected to exacerbate existing issues.

To help preserve the peace, order, and quiet of the neighborhood and address overconcentration issues, the Board also precludes existing restaurants and taverns that hold partial entertainment endorsements from adding entertainment, a cover charge, or facilities for dancing. The Board is

also prohibiting a licensed nightclub, multipurpose facility, tavern, or restaurant with an entertainment endorsement from transferring from a location outside the moratorium area to a location inside the moratorium area. Furthermore, the Board is precluding the grant of any class change application from a licensed establishment located within the moratorium area for a nightclub, tavern, or multipurpose facility.

The Board rejected other proposed restrictions for various reasons, including the fact that some restrictions could unfairly threaten the financial viability of businesses, some suggestions could be deemed to have gone beyond the scope of D.C. Official Code § 25-351, and some were sufficiently addressed by the restrictions selected by the Board or too tangential, or speculative in effect to merit including as part of the rulemaking.

The Board notes that it selected a different location from the one designated by the Petitioner because the data presented demonstrated that problems, such as crime, are concentrated in the area selected by the Board and that a sufficient case has not been made at this time that any area not included merits inclusion in the moratorium zone

Response to ANC Comments

In reaching its decision, the Board gave great weight to the written recommendations of ANC 1B, as required by Section 13(d)(3) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-58; D.C. Official Code § 1-309.10(d)(3)), and D.C. Official Code § 25-609.

The Board received a recommendation from ANC 1B on March 6, 2023, titled *North Shaw & Ninth Street Neighborhood Moratorium Zone Resolution* and agreed with the majority of the recommendations. The Board was persuaded by ANC 1B that the enactment of an emergency moratorium immediately putting the rules into effect could unfairly prejudice current applicants. As such, the Board is making clear that the emergency rules only impact prospective applicants and do not impact applications filed with the agency on or before June 11, 2024; however, in light of the extensive time the Board has publicly indicated that it would adopt a moratorium there is no basis for delaying the adoption of the moratorium further by refraining from issuing an emergency rule.

The Board disagreed with the ANC regarding the following recommendations. First, the Board did not agree with the ANC's request to include off-premise licenses in the moratorium because there is no indication that these type of businesses are contributing to the issues raised during the moratorium proceedings. Second, the Board rejected the suggestion to prohibit the transfer of a business from one location in the moratorium zone to another location in the moratorium zone, because this is the Board's standard practice in adopting moratoriums; a transfer of locations within the moratorium zone does not impact the final number of nightlife establishments; and no evidence in the record suggests any harm from allowing such a transfer to occur. And third, the Board further rejected the proposal to bar changes in occupancy, square footage or hours, as this could be detrimental to existing businesses.

Rulemaking Action

The Board voted on June 12, 2024, to give notice of its intent to take final rulemaking action to adopt these rules on a permanent basis in not fewer than thirty (30) days after the date of publication of this notice in the *District of Columbia Register*. Instead of transmitting the rules to the Council, the Board made additional revisions to clarify the geographic area covered by the moratorium and to respond to public comments.

Based on the revisions, the Board voted on October 9, 2024, to give notice of its intent to take final rulemaking action to adopt these rules on a permanent basis in not fewer than thirty (30) days after the date of publication of this notice in the *District of Columbia Register*. These rules supersede and replace the prior rules. Further, the Board will transmit the proposed rulemaking to the Council of the District of Columbia for a ninety (90)-day period of review in accordance with D.C. Official Code § 25-211(b)(2), whereby Council approval of the rulemaking is required prior to adoption.

The Board also adopted these rules on an emergency basis to promote the health, safety, and welfare of the community by: (1) limiting the number of additional taverns, nightclubs, and multipurpose facility licenses that can be applied for and issued in the moratorium zone; and (2) limiting the number of additional new or amended entertainment endorsement, cover charge, and dance floor requests that can be filed with the Board. The emergency rules shall take effect on October 9, 2024, and shall remain in effect for one hundred twenty (120) days, expiring on February 6, 2025, unless superseded by an emergency or final rulemaking.

The rules establishing the North Shaw Moratorium Zone are as follows:

Chapter 3, LIMITATIONS ON LICENSES, of Title 23, ALCOHOLIC BEVERAGES, of the DCMR is amended by adding a new Section 312 to read as follows:

This area shall be known as the North Shaw Moratorium Zone.

312.2 The North Shaw Moratorium Zone is specifically described as the area bounded by a line as follows:

- 312.4 No application for a new entertainment endorsement or change to an existing entertainment endorsement to have or add entertainment, authorize a cover charge, or offer facilities for dancing filed by a licensee under a Retailer's Class CR, DR, CT, or DT license shall be approved or issued in the North Shaw Moratorium Zone.
- 312.5 Nothing in this section shall prohibit the Board from approving the transfer of ownership of an establishment located in the North Shaw Moratorium Zone.
- 312.6 Nothing in this section shall prohibit the Board from approving the transfer of a license from a location within the North Shaw Moratorium Zone to a new location within the North Shaw Moratorium Zone.
- 312.7 A Retailer's Class CN, DN, CT, DT, CX, or DX license, or Retailer's Class CR, or DR license with an entertainment endorsement, located outside of the North Shaw Moratorium Zone shall not be permitted to transfer its license to a location within the North Shaw Moratorium Zone.
- 312.8 The Board shall not grant a change of license class application from a license holder located within the North Shaw Moratorium Zone for a Retailer's Class CN, DN, CT, DT, CX, or DX license.

- 312.9 The moratorium imposed by this section shall have a prospective effect and not apply to any pending license or endorsement application that was filed with the agency on or before June 11, 2024.
- 312.10 This section shall expire three (3) years after the date of publication of the notice of final rulemaking in the *District of Columbia Register*.

All persons desiring to comment on the subject matter of the proposed rulemaking must submit their written comments, not later than thirty (30) days after the date of the publication of this notice in the *District of Columbia Register*, to abca.legal@dc.gov or by mail or hand delivery to Jonathan Berman, Assistant General Counsel, Alcoholic Beverage and Cannabis Administration, 2000 14th Street, N.W., 4th Floor, Washington, D.C. 20009. 4. All excavated (e.g., dredged) sediments and sampling sediments (e.g., within cofferdams or excess sediment samples), drill cuttings, drilling mud, and wastes (both solid and liquid) shall be contained, sampled, and analyzed for disposal at appropriate disposal sites. The wastes shall not be used as backfill material in the water body or on land in order to comply with the Water Pollution Control Act of 1984, D.C. Official Code § 8-103.02 and 21 DCMR § 1104.

5. All debris and wastewater must be captured and not enter the river and shall be contained and disposed of properly at an appropriate treatment facility to prevent materials from entering the water body in order to comply with the Water Pollution Control Act of 1984, D.C. Official Code § 8-103.02 and 21 DCMR § 1104.
6. Turbidity monitoring is not required for the main stem stream diversion if the intake is located upstream and outside of any sediment disturbing activities, and the discharge hoses have dissipator caps or other best-management-practices to ensure discharge does not result in an increase in turbidity. Turbidity monitoring **is** required for any additional dewatering activities (e.g., sump pumps), and any dewatering that will be located within or downstream of sediment disturbing activities. To monitor turbidity in the water body, the Permittee shall:
 - a. Establish a daily background turbidity and measure turbidity by using U.S. Environmental Protection Agency (EPA) approved methods in accordance with procedures outlined in 40 C.F.R. Part 136. Background turbidity must be established daily before starting any work or sump pumps and before any turbidity curtains or coffer dams are in place.
 - b. Once the operations begin, turbidity measurements must be taken every hour at the same location throughout the duration of the work. This is to ensure compliance with District of Columbia Water Quality Standards in 21 DCMR § 1104.8. If turbidity measurements exceed a maximum of 20 Nephelometric Turbidity Units (NTU) above background turbidity, stop all activities and implement best management practices until the 20 NTU maximum differential (i.e., background turbidity + 20 NTU) is reached.
 - c. If a sediment plume is observed coming out of the sediment-disturbing activity location or if the turbidity exceeds the District of Columbia Water Quality Standards in 21 DCMR § 1104.8, the Permittee shall:
 - i. Immediately stop all activities and implement best management practices until there is no more sediment escaping the sediment-disturbing activity location; and
 - ii. When measured turbidity is less than or equal to the background turbidity, the Permittee may resume the work; and
 - iii. Per DOEE regulations, sediment plumes must be reported to DOEE Industrial Stormwater and Wastewater Branch at (202) 805-1355 immediately.
 - d. The turbidity readings must be recorded in a log book and kept on site. In addition to the turbidity readings, records must also be kept of the date and time of the readings, and name(s) of the person(s) taking the sample and making the readings.

- e. If there is no water present on any certain day during operations, that information shall be recorded in the log book.
7. The Permittee shall obtain all necessary permits and other authorizations from appropriate federal and local offices, including permits for Stormwater Management and Erosion and Sediment Control from DOEE in accordance with 21 DCMR §§ 516-534 and 540-547. All staging and temporary activity areas not covered by any permit shall have adequate soil erosion and sedimentation measures.
8. The Permittee shall obtain all required permits from the District Department of Transportation (DDOT) for proposed removal of Special (14"-31.7" Diameter) or Heritage (>31.7" Diameter) trees. Heritage trees to remain on-site shall be protected in place.
9. The Permittee shall obtain all required permits and authorizations from the U.S. National Park Service. Please contact the Right-of-Way Program Coordinator at laura_brockington@nps.gov for more information.
10. Temporary impacts to the Nash Run must be mitigated in-place by restoring those resources to pre-construction condition or better.
11. The DOEE inspector may require changes or additions to the WQC based on site conditions.
12. Reporting Requirements:
 - a. The Permittee shall submit written notification to DOEE RRD at least seven (7) business days before work commences in accordance with 21 DCMR § 2502.3.
 - b. The Permittee shall email Mary.polacek@dc.gov or call (202) 897-5341 to schedule an on-site or virtual DOEE preconstruction meeting inspection at least (3) three business days before starting any sediment disturbing work.
 - c. If the Permittee observes any water quality standard exceedances at the site, the Permittee must notify DOEE Industrial Stormwater and Wastewater Branch immediately at (202) 805-1355, stop the work, prepare and submit for review and approval a corrective action plan, and then implement the DOEE-approved corrective action plan in accordance with D.C. Official Code § 8-103.08.
 - d. Through the duration of permitted activities, the permittee shall submit weekly turbidity monitoring reports to DOEE RRD through the Surface and Groundwater System (SGS) by the close of business every Tuesday after the one-week reporting period. Reports should contain the data recorded in the logbook kept onsite, including:
 - i. the date and time of each turbidity reading,
 - ii. the daily background turbidity readings,

- iii. the calculated differential of each reading compared to the daily background reading,
 - a. If any readings exceeded 20 Nephelometric Turbidity Units (NTU) above background turbidity, provide details on how activities were stopped, confirmation that DOEE Industrial Stormwater and Wastewater Branch was notified, and details on best management practices that were implemented until the 20 NTU maximum differential was reached.
 - iv. name(s) of the person(s) taking the sample and recording the readings,
 - v. location and distance of each measurement relative to the turbidity curtain or cofferdam/dewatering equipment,
 - vi. depth of each reading,
 - vii. notes, and
 - viii. photos (as applicable).
- e. The Permittee shall submit final reports of the monitoring results to SGS. Reports must be submitted to DOEE RRD no later than forty-five (45) days after the completion of the work. All data generated during the operation shall be summarized in a final report. The report shall also include any violations, water quality standards exceedances, actions taken or to be taken to remediate those violations, and any other relevant information. The report shall be submitted to SGS.

Freedom of Information Act Appeal: 2021-005**

Ms. Christine Fermo

RE: FOIA Appeal 2021-005

Dear Ms. Fermo:

This letter responds to an administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that the District of Columbia Department of Health ("DC Health") failed to properly respond to your DC FOIA request for public records.

Background

On May 2, 2019, you submitted a request for a copy of a contract you signed with the Humane Rescue Alliance regarding your dog and any information about your dog's current location and owner. DC Health responded to your request on May 30, 2019, notifying you that the requested contract does not exist and providing the animal report for your dog, a case report for a specific incident and 2 impound notices. DC Health redacted portions of the documents to protect personal information pursuant to D.C. Official Code § 2-534(a)(2) ("Exemption 2").¹

On October 5, 2020, you appealed to this Office stating, "I am appealing their decision to withhold information about the new owner or to admit responsibility for their illegal adoption of my service dog to the new owner so that I can retrieve my dog." This Office notified DC Health of your appeal and requested a response. DC Health responded on October 20, 2020.² In its response to your appeal, DC Health reiterates that its redactions were proper pursuant to Exemption 2.

¹ Exemption 2 protects "[i]nformation of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy."

² DC Health's response is attached to this decision.

Discussion

It is the public policy of the District of Columbia that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body.” D.C. Official Code § 2-532(a). The right created under DC FOIA to inspect public records is subject to various exemptions that may form the basis for denial of a request. See D.C. Official Code § 2-534.

DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

Exemption 2.

Under Exemption 2, determining whether disclosure of a record would constitute an invasion of personal privacy requires a balancing of the individual privacy interest against the public interest in disclosure. See *Department of Justice v. Reporters Comm. for Freedom of Press*, 489 U.S. 749, 762 (1989). The first part of the analysis is determining whether a sufficient privacy interest exists. *Id.*

A privacy interest is cognizable under DC FOIA if it is substantial, which is anything greater than *de minimis*. *Multi AG Media LLC v. Dep’t of Agric.*, 515 F.3d 1224, 1229 (D.C. Cir. 2008). In general, there is a sufficient privacy interest in personal identifying information. *Skinner v. U.S. Dep’t. of Justice*, 806 F. Supp. 2d 105, 113 (D.D.C. 2011). Information such as names, phone numbers, and home addresses are considered to be personally identifiable information and are therefore exempt from disclosure. See, e.g., *Department of Defense v. FLRA*, 510 U.S. 487, 500 (1994). The information that DC Health redacted raises a substantial privacy interest, as it involves personally identifiable information.³

The second part of the Exemption 2 analysis examines whether the individual privacy interest is outweighed by the public interest. See *Reporters Comm. for Freedom of Press*, 489 U.S. at 772-773. The “public interest” in DC FOIA has a narrow meaning, limited to furthering the statutory purpose of DC FOIA.

This statutory purpose is furthered by disclosure of official information that “sheds light on an agency’s performance of its statutory duties.” *Reporters Committee*, 489 U.S. at 773; see also *Ray*, 112 S. Ct. at 549. Information that “reveals little or nothing about an agency’s own conduct” does not further the statutory purpose; thus the public has no cognizable interest in the release of such information. See *Reporters Committee*, 489 U.S. at 773.

³ We accept DC Health’s representations that it redacted names and addresses of private individuals.

Beck v. Department of Justice, et al., 997 F.2d 1489 (D.C. Cir. 1993) at 1492-93.

Here you have not articulated a cognizable public interest under DC FOIA. You have only asserted a personal interest in being reunited with your dog. You have not explained how releasing the redacted personal information will reveal anything about DC Health's performance of its statutory duties. When there is a privacy interest in a record and no countervailing public interest, the record may be withheld from disclosure. *See, e.g. Beck v. Department of Justice*, 997 F.2d 1489, 1494 (D.C. Cir. 1993). As a result, we find that DC Health has properly redacted the personal information under Exemption 2.

Conclusion

Based on the foregoing, we affirm DC Health's decision and hereby deny your appeal. This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with DC FOIA.

Sincerely,

Mayor's Office of Legal Counsel

Mr. James Edward Sullivan

RE: FOIA Appeal 2021-006

Dear Mr. Sullivan:

This letter is in response to the administrative appeal that you have submitted to the Mayor pursuant to the District of Columbia Freedom of Information Act ("FOIA"), D.C. Code §§ 2-531, *et seq.* In your appeal, you have challenged the response of the Metropolitan Police Department ("MPD") to your September 15, 2020 FOIA request, identified as 2020-FOIA-07902, which sought the following:

Reports, notes, photographs, and any other documents prepared by any one of the following MPD Officers: James Pelzer # 11596, David Terestre # 5969, Sgt. Baileski #3080, Detective Catlett, Sgt. Batton or any recording that are in the possession or control of the MPD in connection with the dispatch to 1616 Marion Street, N.W., Washington, D.C. 20001 on July 27, 2020 concerning the death of Jeannette Woodley. (Date Range for Record Search: From 07/20/2020 To 08/30/2020)

On September 24, 2020, MPD denied your request because the release of such records could interfere with a future proceeding by revealing the direction and pace of the investigation, and are therefore exempt from disclosure under D.C. Code § 2-534(a)(3)(A)(i).

Pursuant to D.C. Code § 2-534(a)(3)(A)(i), records compiled for law enforcement purposes that pertain to investigations are exempt from disclosure to the extent the production of the records would interfere with an enforcement proceeding. *See Rural Housing Alliance v. United States Dep't of Agriculture*, 498 F.2d 73, 81 (D.C. Cir. 1974)(records compiled for law enforcement purposes that pertain to an investigation are exempt from disclosure if the focus of the investigation is on acts that could, if proven, result in civil or criminal sanctions).

Based on MPD's representation and the fact this request involves an inquiry into a deceased individual, Jeanette Woodley, we hold that MPD may withhold the identified information

Additional information may be available, outside the context of FOIA, by contacting the Family Liaison Specialist Unit of MPD (see <https://mpdc.dc.gov/page/victim-services-branch>), or alternative offices within MPD.

This constitutes the final decision of this Office. You may challenge any subsequent response to your request by separate appeal to this Office. If you are dissatisfied with this decision, you may commence a civil action in the Superior Court of the District of Columbia in accordance with D.C. Code § 2-537.

Sincerely,

The Mayor's Office of Legal Counsel

Dr. Quentin Crocheron

RE: FOIA Appeal 2021-007

Dear Dr. Crocheron:

This letter responds to the administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that the Department of For-Hire Vehicles ("DFHV") failed to properly respond to your DC FOIA request for public records.

You submitted a DC FOIA request to DFHV for the following:

[A]ny "BILL OF LADINGS" to FBI QUANTICO, for any "MOTORCADES" that the "DC MPD ENTERTAINMENT DIVISION" participated in "ON FULL-TIME OR ALL HANDS ON DECK" OPERATIONS. Please "TIE AND ATTACH" ALL TRAFFIC CAMERA "FOOTAGE" from "PARKS AND RECREATIONS". PLEASE SEND "CORRELATING" HARBOR PATROL "CROSS-CONTAMINATED" MOTORCADE FOOTAGE, AS WELL.

DFHV responded to your request by explaining that it does not maintain any records responsive to your request. You subsequently filed an appeal with this Office. In your appeal, you do not contest DFHV's response but instead appear to reference employment verification with the Central Intelligence Agency and a criminal case in Charles County, Maryland.¹

It is the public policy of the District of Columbia government that "all persons are entitled to full and complete information regarding affairs of the government and the official acts of those who represent them as public officials and employees." D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right "to inspect...and...copy any public record of a public body." D.C. Official Code § 2-532(a).

However, DC FOIA requires that requests describe the records sought with sufficient detail to allow an agency employee familiar with the subject area of the request to locate the records within a reasonable amount of time. Specifically, 1 DCMR 402.4 states:

¹ A copy of DFHV's response to your appeal is attached.

A request shall reasonably describe the desired record(s). Where possible, specific information regarding names, places, events, subjects, dates, files, titles, file designation, or other identifying information shall be supplied.

Your request is largely incomprehensible and does not describe the records with the degree of specificity that would allow for a search within a reasonable amount of time. Furthermore, to the extent that your request does describe any records, you refer to agencies including the FBI, MPD, and DPR, but do not mention any type of record likely to be held by DFHV.

We conclude that DFHV properly responded to your DC FOIA request and we hereby deny your appeal. This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia in the Superior Court of the District of Columbia in accordance with D.C. Official Code § 2-537.

Respectfully,

Mayor's Office of Legal Counsel

Mr. Phil Kerpen

RE: FOIA Appeal 2021-008

Dear Mr. Kerpen:

This letter responds to an administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 (“DC FOIA”). In your appeal, you assert that the District of Columbia Department of Transportation (“DDOT”) failed to properly respond to your DC FOIA request for public records.

Background

On May 27, 2020, you submitted a five-part request in which you sought various records related to a speed bump on Tennyson Street, NW. DDOT provided a final response to your request on October 6, 2020. In its response, DDOT provided you with 488 pages of records, which were redacted in part to protect personal information pursuant to D.C. Official Code § 2-534(a)(2) (“Exemption 2”)¹ and also due to deliberative process privilege pursuant to D.C. Official Code § 2-534(a)(4) (“Exemption 4”)².

You appealed, challenging the redaction of whole paragraphs to protect personal information and asserting that DDOT “has offered no rationale for the assertion that communications related to a specific speed hump request are subject to the deliberative process exemption.” On October 8, 2020, this Office notified DDOT of your appeal and requested a response. DDOT responded on June 9, 2021 after discovering it had not yet responded. In its response, DDOT stated “After reviewing Mr. Kerpen’s Appeal statement, and reviewing a few responsive document files, I find

¹ Exemption 2 protects “[i]nformation of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy.”

² Exemption 4 encompasses deliberative process privilege, attorney-client privilege, and the attorney work product doctrine and protects inter-agency or intra-agency memorandums or letters, which would not be available by law to a party other than a public body in litigation with the public body.

that some redactions may be reversed even though the subject matter and parties are internal DDOT information or officials.” DDOT sent a follow-up response to this Office on June 24, 2021, notifying us that it had reviewed the 488 pages and was resending them with some redactions reversed. DDOT explained that the portions still redacted “contain personal information such as personal email addresses and cell phone telephone numbers. Certain conversations that are purely personal such as health inquiries or personal greetings continue to be redacted.”³ Because DDOT no longer appears to be invoking Exemption 4, this decision will not address it.

Discussion

It is the public policy of the District of Columbia that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body.” D.C. Official Code § 2-532(a). The right created under DC FOIA to inspect public records is subject to various exemptions that may form the basis for denial of a request. See D.C. Official Code § 2-534.

DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

Exemption 2

Under Exemption 2, determining whether disclosure of a record would constitute an invasion of personal privacy requires a balancing of the individual privacy interest against the public interest in disclosure. See *Department of Justice v. Reporters Comm. for Freedom of Press*, 489 U.S. 749, 762 (1989). The first part of the analysis is determining whether a sufficient privacy interest exists. *Id.*

A privacy interest is cognizable under DC FOIA if it is substantial, which is anything greater than *de minimis*. *Multi AG Media LLC v. Dep’t of Agric.*, 515 F.3d 1224, 1229 (D.C. Cir. 2008). In general, there is a sufficient privacy interest in personal identifying information. *Skinner v. U.S. Dep’t. of Justice*, 806 F. Supp. 2d 105, 113 (D.D.C. 2011). Information such as names, phone numbers, and home addresses are considered to be personally identifiable information and are therefore exempt from disclosure. See, e.g., *Department of Defense v. FLRA*, 510 U.S. 487, 500 (1994).

The second part of the Exemption 2 analysis examines whether the individual privacy interest is outweighed by the public interest. See *Reporters Comm. for Freedom of Press*, 489 U.S. at 772-773. The “public interest” in DC FOIA has a narrow meaning, limited to furthering the statutory purpose of DC FOIA.

³ DDOT’s response is attached to this decision.

This statutory purpose is furthered by disclosure of official information that “sheds light on an agency’s performance of its statutory duties.” *Reporters Committee*, 489 U.S. at 773; *see also Ray*, 112 S. Ct. at 549. Information that “reveals little or nothing about an agency’s own conduct” does not further the statutory purpose; thus the public has no cognizable interest in the release of such information. *See Reporters Committee*, 489 U.S. at 773.

Beck v. Department of Justice, et al., 997 F.2d 1489 (D.C. Cir. 1993) at 1492-93.

Here, DDOT has represented that it redacted personal email addresses and cell phone numbers of private individuals. That information raises a substantial privacy interest, as it involves personally identifiable information. For the personally identifiable information, you have not articulated a cognizable public interest under DC FOIA. You argue that the documents “are of interest to the public because, in apparent breach of the Agency’s published policies and procedures, the Agency appears to have proceeded with installation of a speed hump in contradiction of the findings of its own traffic study and without notice to residents.” Your argument does not explain how releasing the redacted personal email addresses and cell phone numbers will reveal anything about DDOT’s performance of its statutory duties. When there is a privacy interest in a record and no countervailing public interest, the record may be withheld from disclosure. *See, e.g. Beck v. Department of Justice*, 997 F.2d 1489, 1494 (D.C. Cir. 1993). As a result, we find that DDOT has properly redacted the personal email addresses and phone numbers under Exemption 2.

Conclusion

Based on the foregoing, we affirm DDOT’s decision. This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with DC FOIA.

Sincerely,

Mayor’s Office of Legal Counsel

Mrs. Jennifer Michelle Anderson

RE: FOIA Appeal 2021-009

Dear Mrs. Anderson:

This letter is in response to the administrative appeal that you have submitted to the Mayor pursuant to the District of Columbia Freedom of Information Act ("FOIA"), D.C. Code §§ 2-531, *et seq.* In your appeal, you have challenged the response of the Metropolitan Police Department ("MPD") to your October 13, 2020 FOIA request, identified as 2021-FOIA-00307, which sought the following:

[T]he phone transcription and or interpreted summation of the anonymous phone call made on or about August 27th associated with public incident report CCN#20126728.

On October 14, 2020 MPD denied your request because it did not maintain that type of record. The District's FOIA-tracking data indicates the referral of the request to the Office of Unified Communications ("OUC"), a District agency that may have access to the type of record sought.

FOIA is agency specific. *See* 1 DCMR § 402 ("A request for a record of an agency may be made orally or in writing and shall be directed to the particular agency."). This Office is not aware of any request that has been submitted to OUC or of a response it has offered, if any.

Based on the foregoing, we conclude that MPD properly responded to your FOIA request and we hereby deny your appeal. Additional information may be available, by submitting a FOIA request to OUC.

This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action in the Superior Court of the District of Columbia in accordance with D.C. Code § 2-537.

Sincerely,
The Mayor's Office of Legal Counsel

RE: FOIA Appeal 2021-010

Dear Ms. Spindel:

This letter is in response to the administrative appeal that you have submitted to the Mayor pursuant to the District of Columbia Freedom of Information Act ("FOIA"), D.C. Code §§ 2-531, *et seq.* In your appeal, you have challenged the lack of response of the Child and Family Services Agency ("CFSA") to your September 2, 2020 FOIA request, identified as 2020-FOIA-07643, which sought the following:

[A]ll contracts between CFSA/DC Govt and the DC Family Success Centers, as well as all submissions by the Success Centers regarding what services they will provide to DC residents.

A review of the District's FOIA-tracking data indicates CFSA granted your request on October 18, 2021.

Because you have only challenged CFSA's failure to respond, we dismiss this appeal as moot. However, you are free to challenge any substantive response received from CFSA by separate appeal to this Office

This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia.

Respectfully,

Mayor's Office of Legal Counsel

RE: FOIA Appeal 2021-011

Dear Mr. Anaya:

This letter responds to the administrative appeal you submitted, on behalf of your client, to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you challenge the response the Office of Unified Communications ("OUC") provided to your request for public records under DC FOIA.

On October 9, 2020, you submitted a FOIA request to OUC and MPD, seeking many categories of records regarding a specific incident of which only "audio and/or written transcript of the 911 call(s), dispatch, call(s) for service, or police radio communications regarding th[e] incident" applied to OUC. OUC denied your request on grounds that the requested records were not reasonably described.

On October 16, 2020, this Office received your appeal. On appeal, you assert that you requested a copy of the Computer-Aided Dispatch (CAD) Report, perhaps also known as "Background Event Chronology" and no explanation was given for why OUC withheld the document. You also state that the FOIA response letter explained that MPD radio calls cannot be redacted but did not address 911 calls and you want clarity regarding the availability of 911 calls.

On November 2, 2020, OUC provided its response to your appeal.¹ In its response, OUC asserted that your initial request did not include a request for the CAD Report or "Background Event Chronology." However, to resolve your appeal OUC sent you the information on October 29, 2020. OUC also advised that in reviewing your appeal it determined that it provided an incorrect basis of denial and should have denied your request for 911 calls on the basis of no records instead of records not reasonably described. OUC explained that it received the incident at issue via dispatch not via a 911 call. Therefore, no 911 calls were found. Because OUC has provided the requested chronology and clarification regarding 911 calls, we dismiss this appeal as moot.

This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with DC FOIA.

6. RESERVES FOR RETAIL PROPERTIES

- b. Any document or data used or reviewed by OTR to produce or derive the replacement reserves imputed to retail properties for Tax Year 2021.

7. INSTRUCTIONS OR GUIDELINES FOR RETAIL PROPERTIES

- b. Any instructions, guidelines, policies, or procedures regarding the preparation of the (1) rental rates, (2) vacancy ratios, (3) expense ratios, (4) capitalization rates, or (5) replacement reserves that were derived by OTR to prepare the assessments for retail properties for Tax Year 2021.

- b. Any instructions, guidelines, policies, procedures, or other document regarding the preparation or use of the cost valuation model used by OTR to prepare the assessments for retail properties for Tax Year 2021.
- c. A listing of any base cost rates or adjustments used in the preparation of the Tax Year 2021 assessments for retail properties, or otherwise included within OTR's CAMA system.

It is my understanding that the above requested information and documents, including any compilation of this information, can be found in the possession of one or more of the following OTR employees: Mr. Olufemi Omotoso, Mr. Darrin Sharp, Mr. Walker West, Mr. Thomas Stevens, or Mr. Doug Collica.

On August 4, 2019, OTR granted your request, in part, by providing you with approximately 143 pages of responsive documents.

In you October 19, 2020 appeal, you have stated OTR "provided scant responsive documents and failed to cite any exemptions as a basis for the limited nature of disclosure" and did not

provide a *Vaughn* index. In response to your appeal, OTR stated your request was unduly burdensome, it did not reasonably describe the records sought and OTR was not required to create a *Vaughn* index.

Discussion

It is the public policy of the District of Columbia government that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Code § 2-531. In aid of that policy, FOIA creates the right “to inspect . . . and . . . copy any public record of a public body. . . .” D.C. Code § 2-532(a).

The primary issue in this appeal is whether the request adequately describes the records sought which, if so, would then give rise to the issues of whether OTR conducted an adequate search and was required to provide a *Vaughn* index.

Your request broadly uses the term “any” to describe an expansive list of guidelines, instructions, policies, practices, procedures, charts tables, data and other documents, for which OTR is then tasked with identifying and disclosing. Such a request does not reasonably describe the records sought and is insufficient to permit the identification and location of records within an agency without an unreasonable amount of effort. See 1 DCMR § 402.4 (“A request shall reasonably describe the desired records. Where possible, specific information regarding names, places, events, subjects, dates, files, titles, file designation, or other identifying information shall be supplied”); *Dale v. IRS*, 238 F. Supp. 2d 99, 104 (D.D.C. 2002) (a request for “any and all” records does not describe the records sought with reasonably sufficient detail). “[T]he rationale for this rule is that FOIA was not intended to reduce government agencies to full-time investigators on behalf of requesters.” *Assassination Archives & Research Ctr. v. CIA*, 720 F.Supp. 217, 219 (D.D.C.1989).

An agency's obligations commence upon receipt of a valid request. See *Crooker v. CIA*, 577 F.Supp. 1225 (D.D.C.1984); *Lilienthal v. Parks*, 574 F.Supp. 14, 17 (E.D.Ark.1983). As such, OTR has provided an adequate response to the request and any determination as to the remaining issues is not ripe for determination at this time.

Conclusion

Based on the foregoing, this appeal is denied. This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia in the Superior Court of the District of Columbia in accordance with D.C. Code § 2-537.

Respectfully,

Mayor's Office of Legal Counsel

RE: FOIA Appeal 2021-013

Dear Ms. Zeh:

This letter is in response to the administrative appeal that you have submitted to the Mayor pursuant to the District of Columbia Freedom of Information Act ("FOIA"), D.C. Code §§ 2-531, *et seq.* In your appeal, you have challenged the lack of response of the Metropolitan Police Department ("MPD") to your March 31, 2020 FOIA request, identified as 2020-BWC-00203, which sought the following related to a November 6, 2019 motor vehicle collision at or near Pennsylvania Ave.:

- All related 911 recorded transcripts
- Police photos
- Incident Summary Reports
- Dashcam and/or Body Worn Video from the scene
- Investigating office notes; including but not limited to witness information and statements.
- CAD History

The District's FOIA-tracking data indicates MPD closed your request on January 27, 2021 following the receipt of a correspondence from your office indicating that if the body worn camera footage was needed, a subpoena would be filed.

Because you have only challenged MPD's failure to respond and it appears MPD has responded to your request, we dismiss this appeal as moot.

This constitutes the final decision of this Office. However, you are free to challenge any substantive response received from MPD by separate appeal. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia.

Respectfully,

Mayor's Office of Legal Counsel

PUBLIC SERVICE COMMISSION OF THE DISTRICT OF COLUMBIA

NOTICE OF PROPOSED TARIFF

PEPPOR-2024-01, PEPCO PURCHASE OF RECEIVABLES

1. The Public Service Commission of the District of Columbia (Commission) hereby gives notice, pursuant to Sections 34-802 and 2-505 of the District of Columbia Official Code,¹ of its intent to act upon the tariff filing of the Potomac Electric Power Company (Pepco or Company) revising its Purchase of Receivables (POR) tariff and Supplier Discount Rate,² in not less than thirty (30) days from the date of publication of this Notice of Proposed Tariff (NOPT) in the *D.C. Register*.

2. On March 6, 2025, the Commission issued Order No. 22379 which denied Pepco's proposed POR tariff and directed Pepco to file a POR rate consistent with the Order.³ On March 17, 2025, Pepco filed a tariff proposing to amend the POR Supplier Discount Rate consistent with Order No. 22379.⁴ This POR Supplier Discount Rate Update represents Pepco's most current POR Supplier Discount Rate true-up and is derived based on POR activity from January through December 2023. Pepco's POR Supplier Discount Rate Update modifies the Company's Electric Supplier Coordination Tariff (Electric Supplier—P.S.C. of D.C. No. 1).

3. Attachment A of the POR Supplier Discount Rate Update sets forth the language of the Supplier Tariff, Schedule 3, describing the components and derivation of the POR Supplier Discount Rates, including the proposed Discount Factors.⁵ Pepco's Update would amend the following pages:⁶

4. Pepco proposes to apply a discount rate on the receivables associated with Residential customers of 11.3079% on Schedules R and MMA, and 0.0000% with Small Commercial customers, Schedules GS-LV-ND, T, SL, TS, and OL-LED. The discount rate for Large Commercial customers, Schedules GS-LV, GS-3A, MGT-LV, GT-LV, GT-3A, GT-3B, and RT, remains at 0.0000%.⁷

5. In Attachment B through Attachment D of the Update Pepco describes how the Discount Rates are derived using the POR data for the period January through December 2023. Attachment B of the Update is a summary showing the results of the Write-Offs, including Reinstatements, and Late Payment Revenues expressed as a percentage of Third-Party Supplier Revenues for Residential Customers served under Schedules R and MMA, Small Commercial customers served under Schedules GS-LV-ND, T, SL, TS, TN and OL-LED, and Large Commercial customers served under Schedules GS-LV, GS-3A, MGT-LV, GT-LV, GT-3A, GT-3B, and RT. Pepco uses Calendar Year 2022 as a proxy of ongoing costs, consistent with the Commission's direction in Order No. 22379.⁸

6. Attachment C lists from January through December 2023, by month and by customer type, Electric Revenues Billed, less POR Discounts, Net Electric Revenues Billed, Late Payment Revenues, and Write-Offs, net of Reinstatements. Attachment D provides detailed calculations by customer type for the Reconciliation and Interest Factor. Pepco requests that the Commission accept these proposed POR Discount Rates with an effective date of May 1, 2025.

7. Any person interested in commenting on the subject matter of this POR Supplier Discount Rate Update may submit written comments not later than thirty (30) days after publication of this Notice in the *D.C. Register* addressed to Brinda Westbrook-Sedgwick, Commission Secretary, Public Service Commission of the District of Columbia, 1325 G Street, N.W., Suite 800, Washington, D.C. 20005, and sent electronically on the Commission's website at https://edocket.dcpssc.org/public/public_comments. **GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

**BZA Application No. 18431-A
The Field School
2301 Foxhall Road, NW (Square 1341, Lots 856, 861, 878, and 879)**

HEARING DATE (18431):	November 7, 2012
DECISION DATE (18431):	December 18, 2012
ORDER ISSUANCE DATE (18431):	December 28, 2012
HEARING DATE (18431-A):	March 5, 2025
DECISION DATE (18431-A):	March 5, 2025

**SUMMARY ORDER ON REQUEST FOR
MODIFICATION WITH HEARING**

Pursuant to notice, at its March 5, 2025, public hearing, the Board of Zoning Adjustment (“**Board**” or “**BZA**”) deliberated on a request for a modification with hearing to BZA Order No. 18431 to modify conditions of approval to allow an increase in enrollment from 400 to 425 and increase in full-time equivalent faculty/staff from 110 to 120; and modify a private school plan to allow a 2-story addition, reconfiguration of existing parking areas to create a new practice field, reconfiguration of existing surface parking lot and bus parking zone, and construct three new retaining walls at an existing private school in the R-1A and R-1A/WH zones. The Board considered the request for a modification with hearing under Subtitle Y § 704 of Title 11 of the DCMR (Zoning Regulations of 2016, the “**Zoning Regulations**” to which all references are made unless otherwise specified). For the reasons stated below, the Board **APPROVES** the request for modification.

ORIGINAL APPLICATION.¹ In Application No. 18431, the Board approved the request by The Field School (the “**Applicant**”) for special exception relief under the ZR58 regulations to increase the private school enrollment cap from 320 to 400 students and to increase the faculty and staff cap from 74 to 110. The Board issued Order No. 18431 on December 28, 2012. (Exhibit 11 of the record for Case No. 18431-A.) The approval was subject to 38 conditions. (See pp. 2-5 of Order No. 18431.)

PROPOSED MODIFICATION. On November 12, 2024, the Applicant submitted a request for a modification with hearing to Order No. 18431. (Exhibits 1-18.) The proposed modifications included an increase in enrollment from 400 to 425 and an increase in full-time equivalent faculty/staff from 110 to 120, as well as a new 2-story addition, reconfiguration of existing parking

¹ The School has been the subject of several BZA approvals since 2000 to allow the private school use, including Order Nos. 16559, 16559-A, 16559-B, and 16559-C. (Exhibits 7 through 10.)

areas to create a new practice field, reconfiguration of existing surface parking lot and bus parking zone, and construction of three new retaining walls. The Applicant submitted revised plans reflecting these modifications. (Exhibit 26A.) The Applicant also proposed to modify several conditions from the Original Order, as outlined in Exhibit 36A.

Based on the proposed modifications, the Applicant requests:

- Special Exception from the maximum retaining wall height requirements of Subtitle C § 1401.2, pursuant to Subtitle C § 1402.1 and Subtitle X § 901.2 (6 ft. maximum required; 13 ft. 6 in., 11 ft. 6 in., 9 ft. 2 in. proposed)
- Special Exception under the private school use requirements of Subtitle U § 203.1(m) and Subtitle X § 104, pursuant to Subtitle X § 901.2

The zoning relief requested in this case was self-certified. (Exhibit 2.)

NOTICE OF THE REQUEST FOR MODIFICATION. Pursuant to Subtitle Y § 704.5, the Applicant served the request for a modification with hearing on the parties to the original application. (Exhibit 5.) The Board referred the application to the appropriate agencies and provided proper and timely notice of the public hearing in accordance with Subtitle Y § 402.1.

PARTIES. The parties to this case were the Applicant and Advisory Neighborhood Commission ("ANC") 3D.

ANC REPORT. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on February 5, 2025, at which a quorum was present, the ANC voted to support the modification. (Exhibit 27.) The ANC report raised no issues or concerns, although noted several commitments from the Applicant as part of justification for the ANC's support.

OFFICE OF PLANNING ("OP") REPORT. OP submitted a report recommending approval of the modification. (Exhibit 29.)

DISTRICT DEPARTMENT OF TRANSPORTATION ("DDOT") REPORT. DDOT submitted a report indicating that it had no objection to the modification. (Exhibit 31.) DDOT's report included a condition that the Applicant shall implement a TDM plan and annual monitoring study. In a subsequent email in Exhibit 32A, DDOT clarified the correct TDM plan is in Exhibit 26C and had no issue with the Applicant's request for flexibility in the location of bicycle parking spaces.

PERSONS IN SUPPORT. The Board received two letters from neighbors in support of the application. (Exhibits 30, 35.)

CONCLUSIONS

Pursuant to Subtitle Y § 704.1, any request for a modification that does not meet the criteria for a modification without hearing² requires a public hearing and shall be processed as a modification with hearing. The Applicant's request complies with Subtitle Y § 704, which provides the Board's procedures for considering requests for modifications with hearing.

As directed by Subtitle X § 901.2 and Subtitle Y § 704, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for special exceptions and modification with hearing.

Pursuant to Subtitle Y § 604.3, the order of the Board may be in summary form where granting an application when there was no party in opposition. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

DECISION

Based on the case record and the testimony at the hearing, the Board concludes that the applicant has satisfied the burden of proof for a modification with hearing to modify conditions of approval to allow an increase in enrollment from 400 to 425 and increase in full-time equivalent faculty/staff from 110 to 120; and modify a private school plan to allow a 2-story addition, reconfiguration of existing parking areas to create a new practice field, reconfiguration of existing surface parking lot and bus parking zone, and construct three new retaining walls at an existing private school, and for the requested relief:

- Special Exception from the maximum retaining wall height requirements of Subtitle C § 1401.2, pursuant to Subtitle C § 1402.1 and Subtitle X § 901.2 (6 ft. maximum required; 13 ft. 6 in., 11 ft. 6 in., 9 ft. 2 in. proposed)
- Special Exception under the private school use requirements of Subtitle U § 203.1(m) and Subtitle X § 104, pursuant to Subtitle X § 901.2

Accordingly, it is **ORDERED** that the modification request is **GRANTED** consistent with the plans shown in Exhibit 26A of the record, subject to the following **CONDITIONS**³, which shall replace and supersede the conditions of BZA Order No. 18431:

Number of Students, Faculty and Staff; Operations

1. The maximum student enrollment shall be limited to 425.
2. The maximum number of full-time equivalent faculty and staff shall be limited to 120.

² See, Subtitle Y § 703.7.

³ The Applicant proposed maintaining the same construction management conditions as adopted in Order No. 18431, however, the Board determined these conditions were outside of the Board's purview and did not adopt them in this modification order. Rather, the Board noted at the public hearing that the construction management conditions and the construction management plan in Exhibit 26D shall be referenced in the final order.

3. The school shall stagger hours of operation between the Middle School and Upper School with an 8:00 a.m. start for 6th-8th graders and no earlier than an 8:20 a.m. start for 9th-12th graders.
4. The school shall prohibit students from leaving the campus during the school day except for emergencies, when authorized by a parent or guardian, or for school-organized trips.

6. No more than three major evening events beginning after 7:00 p.m. shall be held on the school property during the school year.
7. The school shall schedule all waste removal to take place outside of the hours of drop off (7:30 a.m. to 9:00 a.m.) and pick up (2:30 p.m. to 4:00 p.m.), Monday through Friday.

Use of Facilities by Outside Groups

8. The school may allow schools, youth sports organizations, community youth groups, and other educational-based institutions to use the athletic fields when not in use by the school. The school shall include the following on its website: information about the availability of the field; instructions for submitting rental requests; and requirements to limit adverse impacts relating to noise in the evening hours
9. The school shall allow no more than five non-sporting events of more than 100 people each year in the gymnasium. Use of the gymnasium by outside groups (other than for the five aforementioned events) shall not begin before 9:00 a.m. or end after 9:00 p.m., and such groups may park only in spaces along Foxhall Road or near the theater entrance, not at the gymnasium parking area along 44th Street.
10. The school shall permit local residents to use the athletic field and to walk or stroll the campus grounds when these areas are not being used for school purposes.

Traffic Management

11. The Applicant shall comply with the Transportation Demand Management plan as set forth in Attachment E to the Applicant's Transportation Statement in Exhibit 26C (pp. 43-47).
12. All traffic entering or exiting the school property must use the southern entrance, with the exception of emergency vehicles and other vehicles that require access through the northern entrance and are unable to use the southern entrance. The gate at the northern entrance shall bar any turns from Foxhall Road onto the school property or from the school property onto Foxhall Road.

Parking and Perimeter

13. The school shall provide no more than 129 parking spaces, comprised of 124 parking spaces and 5 ADA parking spaces.

14. The parking lot shall be set back at least 100 feet from the adjoining property on the south.
15. The school shall install and maintain a 100-foot vegetative buffer between the parking lot and adjoining property to the south.
16. The school shall install and maintain a vegetative buffer between the parking lot and Foxhall Road in accordance with the "Proposed Site Plan," Exhibit 40 in the record for Case No. 18431.
17. The school shall, prior to the beginning of the construction of the new addition, provide further screening of parking area near the gymnasium for 44th Street neighbors in the form of a 12-foot dark metal fence and related plantings, which shall be maintained in good working condition. This fence shall be placed on the gymnasium side of the existing stone wall and shall extend from the southern-most point of the lot along the wall as far as parking extends next to the gymnasium building. The school shall not park buses along the fence or stone wall.

Lighting

18. The school shall operate all light on the parking facilities so that it is directionally down-lit with minimum light candlepower.
19. The school shall install exterior event lighting on the athletic field in accordance with Sheets 55 and 56 of the Plans at Exhibit 26A. The school shall turn off the exterior event lighting no later than 9:00 p.m. daily.
20. The school shall turn off the lights to the parking lots at 11:00 p.m., except for special events or reasons of safety.

Community Outreach

21. The school shall coordinate and work with other schools located in the area to address community concerns.
22. After completion of the construction proposed in this application, the school shall conduct meetings with neighbors and community representatives no less than once every six months to discuss and review any objectionable conditions. The school will continue to respond to issues raised by neighbors when they arise, consistent with the school's past practice of demonstrating responsive and effective engagement with its neighbors.

In all other respects, Order No. 18431 remains unchanged.

TWO-YEAR TIME EXTENSION**

ORIGINAL APPLICATION. In Application No. 18878, the Board of Zoning Adjustment (“**Board**” or “**BZA**”) approved the request by Alba 12th Street, LLC (the “**Applicant**”) for variances from the floor area ratio, rear yard, and parking requirements to allow the construction of an office building in the DD/C-2C zone. The Board issued Order No. 18878 on September 9, 2015 (the “**Order**,” Exhibit 8). The Order was appealed to the Court of Appeals, which tolled the expiration of the Order and was remanded on September 29, 2017. The Board subsequently issued its Decision and Order on Remand (the “**Remand Order**”, Order No. 18878-B in Exhibit 7) on February 11, 2019. Pursuant to Subtitle Y § 604.11, the Remand Order became effective ten days after issuance. Pursuant to Subtitle Y § 702.1, the Remand Order was valid for two years.

PREVIOUS TIME EXTENSIONS. BZA Order No. 18878-C, issued on February 8, 2021, extended the validity of the Remand Order for one year until February 21, 2022. (Exhibit 6.) BZA Order No. 18878-D, issued February 10, 2022, extended the validity of the Remand Order by an additional year until February 21, 2023. (Exhibit 5.) BZA Order No. 18878-E, issued April 11, 2023, extended the validity of the Remand Order by an additional two years until February 21, 2025. (Exhibit 3.)

REQUEST FOR TWO-YEAR TIME EXTENSION. On November 14, 2024, the Applicant submitted a request that the Board grant a two-year extension of Order No. 18878. (Exhibits 1-10.)

NOTICE OF THE REQUEST. Pursuant to Subtitle Y § 705.2(a), the Applicant provided proper and timely notice of the request for time extension to the parties to the underlying case. (Exhibit 4.)

PARTIES. The parties to this case were the Applicant and Advisory Neighborhood Commission ("ANC") 2C.

ANC REPORT. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on February 11, 2025, at which a quorum was present, the ANC voted to support the request.¹ (Exhibit 13.)

OFFICE OF PLANNING ("OP") REPORT. OP submitted a report recommending approval of the time extension. (Exhibit 12.)

DISTRICT DEPARTMENT OF TRANSPORTATION ("DDOT") REPORT. DDOT did not submit a report to the record.

CONCLUSIONS

This request for extension is pursuant to Subtitle Y § 705 of the Zoning Regulations, which permits the Board to extend the time periods in Subtitle Y § 702.1 for good cause shown upon the filing of a written request by the applicant before the expiration of the approval.

Pursuant to Subtitle Y § 705.2(a), the Applicant shall serve on all parties to the application and all parties shall be allowed 30 days to respond. Pursuant to Subtitle Y § 705.2(b), the Applicant shall demonstrate that there is no substantial change in any of the material facts upon which the Board based its original approval of the application. Finally, under Subtitle Y § 705.2(c), good cause for the extension must be demonstrated with substantial evidence of one or more of the following criteria: (1) An inability to obtain sufficient project financing due to economic and market conditions beyond the applicant's reasonable control; (2) an inability to secure all required governmental agency approvals by the expiration date of the Board's order because of delays that are beyond the applicant's reasonable control; or (3) the existence of pending litigation or such other condition, circumstance, or factor beyond the applicant's reasonable control.

Based upon the record before the Board and having given great weight to the appropriate recommendations and reports filed in this case, the Board finds that the Applicant has met the criteria of Subtitle Y § 705.2 to extend the validity of the underlying order.

Pursuant to Subtitle Y § 604.3, the order of the Board may be in summary form where granting an application when there was no party in opposition. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

¹ The ANC's report included the incorrect case number 18878-E instead of 18878-F.

DECISION

It is therefore **ORDERED** that the request for a two-year time extension to the validity of the Board's approval in Order No. 18878 is hereby **GRANTED**, and the Order shall be valid until **February 21, 2027**.

HEARING DATES: October 9 and October 30, 2024

DECISION DATES: July 24 and November 13, 2024

DECISION AND ORDER

This self-certified application was filed June 14, 2024 on behalf of the District of Columbia Department of General Services (the “Applicant” or “DGS”), the agency authorized to act on behalf of the District of Columbia, the owner of the property that is the subject of the application. Following a public hearing, the Board voted to approve the application subject to conditions.

PRELIMINARY MATTERS

Notice of Application and Notice of Hearing. In accordance with Subtitle Y §§ 400.4 and 402.1, the Office of Zoning provided notice of the application and of the public hearing by letters sent on June 24, 2024 to the Applicant, Advisory Neighborhood Commission (“ANC”) 2G, the ANC in which the subject property is located, Single Member District ANC 2G06, ANC 6E, which was also an affected ANC within the meaning of Subtitle B § 100.2, Single Member District ANC 6E01, the Office of Planning (“OP”), the District Department of Transportation (“DDOT”), the Department of Buildings (“DOB”), the Office of Advisory Neighborhood Commissions, D.C. Department of Parks and Recreation, the Office of the State Superintendent of Education, the Councilmembers for Ward 2 and Ward 6, the Chairman and the four at-large members of the D.C. Council, and the owners of property within 200 feet of the subject property (as shown on a list provided by the Applicant). On July 10, 2024, the Office of Zoning sent notice of the public hearing to the owners of property within 200 feet of the subject property in accordance with an updated list provided by the Applicant (see Exhibit 18). Notice was published in the *District of Columbia Register* on July 5, 2024 (71 DCR 007683) as well as through the calendar on the Office of Zoning website.

Parties. Pursuant to Subtitle Y § 403.5, the Applicant, ANC 2G, and ANC 6E were automatically parties in this proceeding. The Board received no requests for party status.

Applicant's Case. The Applicant presented evidence and testimony in support of the application from Thomas Faust, the director of the Department of Corrections ("DOC"); Allam Al-Alami, DGS Operations Manager for Capital Construction Services; Dana Foerster, as an expert in architecture; and Erwin Andres, as an expert in transportation. The Applicant proposed to expand the large-scale government use at an existing building by increasing the number of holding cells in the facility to serve as the temporary location of the central cell block ("CCB") operated by the Department of Corrections.

OP Report. By memorandum dated September 27, 2024, the Office of Planning recommended approval of the application. (Exhibit 80.)

DDOT Report. By memorandum dated September 27, 2024, the District Department of Transportation indicated no objection to approval of the application. (Exhibit 84.)

ANC Reports. By letter dated October 1, 2024, ANC 2G indicated that at a duly noticed public meeting held on July 11, 2024, where a quorum was present, ANC 2G voted not to support the application. (Exhibit 97.) By letter dated September 23, 2024, ANC 6E indicated that at a duly noticed public meeting held on July 23, 2024, where a quorum was present, ANC 6E approved a motion to oppose the application. (Exhibit 71.)

Deputy Mayor for Public Safety and Justice. The Board received a letter in support of the application from the Deputy Mayor for Public Safety and Justice, dated August 20, 2024. (Exhibit 52A.)

Metropolitan Police Department. By letter dated August 22, 2024, the chief of police of the Metropolitan Police Department ("MPD") expressed support for the application and stated that MPD will coordinate with the Department of Corrections to operate the temporary CCB safely with limited idling of police vehicles. (Exhibit 52B.)

Person in support. The Board received letters in support of the application from a resident near the subject property.

Persons in opposition. The Board received letters and heard testimony in opposition to the application from persons living or operating businesses near the subject property. The persons in opposition generally asserted that approval of the requested special exception would cause adverse impacts relating to traffic, parking, security, privacy, and noise, especially considering the number of detainees, the "24/7 operation" of a "jail," and the potential release of detainees into the community. The persons in opposition also questioned whether the CCB at the subject property would be temporary, as proposed.

FINDINGS OF FACT

1. The property that is the subject of this application is a triangular lot that is bounded by L Street, N.W. to the north, New York Avenue, N.W. to the south, 6th Street, N.W. to the

west, and 5th Street, N.W. to the east, with an address of 501 New York Avenue, N.W. (Square 482-S, Lot 800). (Exhibits 9, 161A; Transcript of October 9, 2024 at 166.)

2. The subject property is the only lot in Square 482-S. Its lot area is approximately 6,448 square feet. (Exhibits 9, 121A.)
3. The subject property has 170.25 feet of frontage along L Street, N.W., 186.33 feet of frontage along New York Avenue, N.W., and 75.75 feet of frontage along 6th Street, N.W. (Exhibit 2.)
4. The subject property is improved with a building constructed in the 1930s. The building is 41.3 feet and two stories in height and has a basement. The building area is approximately 9,780 square feet. (Exhibits 9, 121A; Transcript of October 9, 2024 at 161, 166.)
5. The existing building has a sallyport built in the 1960s as the lower level of a two-story addition to the east side of the building.¹ The sallyport has garage doors accessible from both New York Avenue and L Street and can accommodate one vehicle at a time.² (Exhibit 84; Transcript of October 9, 2024 at 181, 257.)
6. The original portion of the existing building has windows on the north, south, and west façades on the first and second levels. The eastern wing of the building that contains the sallyport has windows on the first floor of the east façade as well as north- and south-facing windows on the second floor.
7. The building has lightwells along its north and south façades. The lightwells are five feet, seven inches deep and are covered by grates at grade. The first floor of the L Street façade has five windows, each at least two feet above grade, that are 11 feet, nine inches in height and five feet, five inches wide. (Exhibits 12, 152, 161A; Transcript of October 9, 2024 at 175-176.)
8. The subject property has a lot occupancy of 53 percent. (Exhibit 121A; Transcript of October 9, 2024 at 166.)
9. The floor area ratio of the subject property is 1.52. (Exhibit 121A; Transcript of October 9, 2024 at 166.)
10. As currently configured, the existing building at the subject property contains office space on the second floor. The first floor provides a front desk, office and storage space, an

¹ The Applicant provided the Merriam-Webster Dictionary definition of a sallyport as “a secure entryway that consists of a series of doors or gates.” (Exhibit 9.) According to the Applicant, the sallyport did not meet zoning requirements for loading because the sallyport was less than 30 feet in depth and lacked an adjacent loading platform. (Exhibit 52.)

² According to the Applicant’s transportation expert, a van with a capacity of 10 to 15 people is typically 18 to 22 feet in length. (Transcript of October 30, 2024 at 151.)

interrogation room, and 19 holding cells³ with a total capacity of approximately 38 detainees, in addition to the sallyport and an inmate processing area. The basement contains locker rooms, an alcohol testing area, and a boiler room. (Exhibits 12, 145; Transcript of October 9, 2024 at 163.)

11. The building at the subject property has been used over the past 50 years for various District-wide functions provided by the Metropolitan Police Department, including the Major Crash Investigations, Motor Carrier Inspections, and Youth Services Division units. Some of these MPD functions utilized the holding cells in the building for temporary detentions. (Exhibits 9, 52D1.)
12. The subject property was used most recently by MPD's Traffic Safety and Specialized Enforcement Branch, which had MPD officers working at offices in the existing building and responding to incidents off-site. The branch was staffed 24 hours per day Monday through Friday, with weekend shifts as needed. Shifts were 5:30 a.m. to 2:00 p.m., 1:30 p.m. to 10 p.m., and 9:30 p.m. to 6:00 a.m. Each shift had a staff of 15 MPD officers, for a total of 45 employees on site each workday. The Traffic Safety and Specialized Enforcement Branch generated approximately 180 vehicle trips to and from the subject property per day. (Exhibits 9, 52, 52D1, 52D2, 84.)
13. The building at the subject property has been used to house detainees as recently as 2017 and was made available as an overflow area for detainees subsequently. (Exhibits 9, 52D1; Transcript of October 9, 2024 at 162.)
14. The Applicant proposed to reconfigure the interior of the existing building for temporary use by the Department of Corrections as a central cell block pending renovation of its current location in the Henry J. Daly Building at 300 Indiana Avenue, N.W. (Exhibit 9.)⁴ The Applicant did not propose any expansion of the existing building.
15. To facilitate the central cell block function, the second floor of the building (approximately 3,340 square feet) will be devoted to administrative and support functions, including

³ The building previously contained 20 holding cells but, at some time during MPD use of the facility, a wall between two cells was removed to create a single larger cell. (Transcript of October 9, 2024 at 163.)

⁴ The current central cell block at the Daly Building has 57 cells with a maximum capacity of 107 detainees. The Applicant indicated that construction of a new permanent central cell block at the Daly Building was expected to begin in 2028 so that the new CCB will be occupied by 2030 and the temporary CCB at the subject property will end by early 2031. (Exhibit 9; Transcript of October 9, 2024 at 164.)

The Applicant stated an intent to apply for a demolition permit for the temporary CCB at the subject property within six months of the expiration of the special exception conditionally approved in this Order. The Applicant did not comment on the potential use of the subject property in the future – a matter that is outside the scope of this application – but stated that the new holding cells authorized by this Order would be removed and the building would be devoted to a large-scale government use with no more than the existing 19 holding cells. (Exhibit 152; Transcript of October 30, 2024 at 177-178.)

offices, storage, workrooms, locker rooms, and break rooms. (Exhibits 9, 12; Transcript of October 9, 2024 at 176.)

16. The first floor (approximately 3,400 square feet) will have stations for various processing needs, such as fingerprinting and medical examination, as well as holding cells. (Exhibit 9; Transcript of October 9, 2024 at 175.) Medical services will be available on-site at all times. (Transcript of October 9, 2024 at 309.)
17. The first floor and basement will be reconfigured to provide a total of 46 holding cells. The basement will contain 21 holding cells, and 25 holding cells will be split between two tiers on the first floor. (Exhibits 9, 12; Transcript of October 30, 2024 at 87-88.)
18. Most of the holding cells were designed for occupancy by two detainees at a time, although some double-occupancy holding cells will be used for individual detainees depending on factors such as the genders of detainees held at a given time. Other holding cells were designed for single occupancy to accommodate detainees with specific needs. (Exhibits 9, 145; Transcript of October 9, 2024 at 265, 267.)
19. The basement has an area of approximately 2,500 square feet. All but two of the 21 new holding cells in the basement will be arranged in three rows accessible via two corridors. One corridor, almost five feet wide, will extend along the exterior wall on the north side of the building, separating the cells from the exterior wall and windows to the lightwell. The other two new cells will be located in the northeast corner of the basement. (Exhibit 12; Transcript of October 9, 2024 at 175.)
20. All of the new cells in the basement that are located along an exterior wall will be separated from the inside face of the exterior wall with a two-inch steel plate sandwich assembly and an air gap 10 to 14 inches wide. (Transcript of October 9, 2024 at 175.)
21. The first floor will contain holding cells arranged in two tiers. The lower tier will have nine existing holding cells and one new holding cell that will be separated from the inside face of the north exterior wall of the building by a corridor approximately five feet, nine inches wide. Five new holding cells, providing a total of six beds, will be created in the southwest corner of the first floor. Four of the new cells will be single-occupant, accessible units with ligature-resistant fixtures. The cells located along the south exterior wall will be separated from the inside face of the exterior walls with a two-inch steel plate sandwich assembly. (Exhibit 12; Transcript of October 9, 2024 at 175-176.)
22. The upper tier level (approximately 500 square feet above the lower tier) will contain 10 existing holding cells, providing a total of 20 beds, and a catwalk with security fencing along its north edge. The holding cells will be separated from the inside face of the north exterior wall by a corridor five feet, nine inches wide. (Transcript of October 9, 2024 at 176.)

23. The central cell block at the subject property will be used as a holding facility where persons who have been arrested by MPD or other law enforcement officers will be taken after their initial processing elsewhere and detained until their arraignment at D.C. Superior Court at 500 Indiana Avenue, N.W.⁵
24. A person placed under arrest is typically taken by MPD officers to one of seven district police stations, where the person is booked and initial processing occurs (e.g., obtaining personal information and performing a background search).⁶ Any personal property will be identified and stored at the district police station. The Department of Corrections will not accept detainees' personal property at the central cell block. (Exhibits 9, 152; Transcript of October 9, 2024 at 170, 304.)
25. Persons who have been arrested and are held on charges requiring presentment for arraignment before a Superior Court judge will be transferred from the individual district MPD stations or other law enforcement facilities to the central cell block at the subject property.⁷ Upon arrival at the central cell block, the arrested persons will go through additional processing, such as fingerprinting, identity verification, and medical evaluation. (Exhibits 52, 152; Transcript of October 9, 2024 at 171-172.)
26. Arrested individuals who are brought to the central cell block will be transported to the subject property in law enforcement vehicles. The vehicles will utilize the sallyport, where only one garage door will be open at a time and both garage doors will be closed when the detainees leave the transport vehicle and enter the central cell block. (Exhibits 52, 161A; Transcript of October 30, 2024 at 90-91.)
27. In accordance with a protocol devised by the Department of Corrections with MPD and other law enforcement agencies, detainees will be transported to the subject property in a coordinated manner that will utilize security measures and limit the queuing or idling of vehicles outside the sallyport. Law enforcement agencies, including MPD, will contact DOC to arrange a transfer of detainees; DOC will schedule a period when the transport should arrive. Transports may be staggered throughout the day and occur in groups when possible to minimize the number of vehicle trips needed. (Exhibits 52, 52B, 145, 152; Transcript of October 9, 2024 at 259.)

⁵ The Applicant estimated the time a detainee would spend at the central cell block as "typically no more than 12 to 24 hours," noting that arraignments are conducted in Superior Court every day except Sunday. (Exhibits 9, 152.)

⁶ The other law enforcement agencies utilizing the CCB could include the Metro Transit Police Department, the U.S. Capitol Police, the U.S. Park Police, the Uniformed Division of the U.S. Secret Service, and the U.S. Marshals Service. (Exhibits 72, 152.) Law enforcement agencies other than MPD might process their detainees independently.

⁷ Under limited circumstances, detainees are not transferred to the central cell block but instead would be completely processed at a district police station. For example, a person arrested for a citation offense may be held briefly in a holding cell in a district station but will be issued a citation and then released, without transfer to the central cell block. Detainees who are not required to attend an arraignment may be released from a district station with a scheduled date to appear in court. (Exhibit 152; Transcript of October 9, 2024 at 171.)

28. The central cell block at the subject property will have a capacity of 88 detainees at any one time. The Applicant indicated that DOC expected the transfer of approximately 40 to 45 detainees to and from the subject property on a typical day. (Exhibits 9, 145; Transcript of October 9, 2024 at 265, 267.)
29. The Department of Corrections estimated that 10 to 15 MPD transport vehicles will travel to the subject property per day to bring arrestees from district stations to the central cell block. Each vehicle is expected to transport two or three detainees per trip. (Exhibit 52D1; Transcript of October 9, 2024 at 257.)
30. Detainees will be held in the central cell block until they are transferred to Superior Court for arraignment. Generally, arrestees will be transported from the central cell block to Superior Court at 9:00 a.m. or 10:30 a.m., although individuals who are held at the central cell block overnight may be transported to Superior Court for arraignment around 7:30 a.m. (Exhibits 9, 52, 152; Transcript of October 9, 2024 at 170.)
31. At the arraignment, a judge will decide whether an arrested individual will be charged with a crime and, if so, whether the individual will be released or detained pending the next court appearance. Individuals who are not detained are released directly from the courtroom. Individuals who are detained are transported directly to the Central Detention Facility at 1901 D Street, S.E. (Exhibits 9, 52, 152.)
32. Alternatively, a prosecutor might determine not to file charges against an arrestee; *i.e.* to “no paper” the case.⁸ Individuals whose cases are no-papered will be released from Superior Court and will not be released directly from the central cell block at the subject property. (Exhibits 52, 52C, 152; Transcript of October 9, 2024 at 172.)
33. The Department of Corrections will generally utilize vans with a capacity of 10 persons to transport detainees to Superior Court, comprising two MPD or DOC staff and eight detainees. Detainees will be transported to Superior Court every day except Sundays. (Exhibits 52D1, 52D2, 152; Transcript of October 9, 2024 at 269-270.)
34. The subject property has curb cuts on both New York Avenue and L Street. DDOT indicated its agreement with the Applicant’s proposal to maintain the existing curb cuts with modifications to improve compliance with DDOT standards. Both curb cuts will be reduced in width: the L Street curb cut will be reduced from 40 feet to 24 feet in width and the New York Avenue curb cut will be 12 feet wide to accommodate one-way egress. (Exhibits 84, 145; Transcript of October 9, 2024 at 180; Transcript of October 30, 2024 at 80.)

⁸ Currently, an individual whose case is “no papered” is released from the central cell block, a protocol that was implemented during the Covid pandemic to facilitate “contactless processing and reduced health impact.” Prosecutors at the U.S. Attorney for the District of Columbia (“USAO”) informed DOC that USAO had no objection to reinstating pre-Covid protocols. (Exhibit 52, 52C, 152; Transcript of October 9, 2024 at 172.)

35. The law enforcement vehicles used to transport detainees to and from the subject property will enter the site via the L Street curb cut and enter the sallyport. The vehicles will exit the sallyport via the New York Avenue curb cut. (Exhibit 152; Transcript of October 30, 2024 at 90.)
36. The sallyport doors will be kept closed except when a vehicle is entering or leaving the sallyport, when one door at a time will be open. (Exhibit 152.)
37. The law enforcement vehicles will not constitute emergency transports and will not utilize sirens when transporting detainees to or from the subject property. (Exhibits 52, 145; Transcript of October 9, 2024 at 172, 300.)
38. The use of curbside lanes on the north, south, and west frontages of the subject property (that is, L Street, New York Avenue, and 6th Street) is currently restricted as parking for MPD vehicles. On L Street, vehicles are backed in and parked perpendicular to the sidewalk, while parallel parking is used on New York Avenue and 6th Street. (Exhibits 84; Transcript of October 30, 2024 at 79-80.)
39. The Applicant proposed to maintain the existing parking restrictions on L Street and New York Avenue. Approximately seven spaces will be dedicated to the central cell block use on New York Avenue and 16 on L Street, for a total of 23 vehicle parking spaces. (Exhibit 152A; Transcript of October 30, 2024 at 79-80.)
40. Parking for employees of the central cell block will be available on the segments of New York Avenue and L Street designated for authorized government use only. (Exhibit 152.)
41. The eastern portion of the subject property is used for vehicle parking and will be configured to provide at least four spaces that will be used as staging spaces to facilitate the transport of detainees to and from the site via the sallyport. The Applicant will install signage to designate the spaces as “CCB Staging Area Only.” (Exhibits 152, 152A, 161A.)
42. The central cell block will be operational 24 hours a day, 365 days a year, with DOC staff on site at all times. (Exhibits 9, 52, 145.) The Department of Corrections requires all personnel to complete training on security protocols (see Exhibit 52E).
43. The Applicant anticipated approximately nine DOC employees per shift at the central cell block; with three shifts each day, a total number of 27 employees are expected at the subject property daily for the CCB facility. The shifts will be 5:00 a.m. to 1:30 p.m., 1:00 p.m. to 9:30 p.m., and 9:00 p.m. to 5:30 a.m. (Exhibit 52D1.)
44. New York Avenue, in the vicinity of the subject property, functions as a principal arterial and carries approximately 20,000 vehicles per day. (Transcript of October 9, 2024 at 180.)

45. The principal pedestrian entrance to the building is on its south façade, accessible from New York Avenue. Access to the building will be restricted to DOC and law enforcement personnel only. (Exhibits 9, 52, 145; Transcript of October 9, 2024 at 173.) No visitors will be permitted to access the building. (Exhibits 80, 145.)
46. Food will be delivered to the central cell block once each day by van. The central cell block will not have a kitchen and will not serve meals except for bagged lunches delivered daily. (Transcript of October 9, 2024 at 301-302.)
47. Vehicles related to maintenance services and waste removal will also travel to the subject property. Trash collection will occur via the L Street entrance once or twice per week. (Exhibit 52D2; Transcript of October 9, 2024 at 302.)
48. No outside vendors will travel to the subject property to deliver supplies for the central cell block. The Department of Corrections maintains a warehouse and will arrange any necessary deliveries by DOC personnel in a vehicle. (Transcript of October 9, 2024 at 302.)
49. The Applicant will install and utilize measures to enhance safety and security at the central cell block, including an integrated electronic security system with detention grade framing and hardware. The secured entrance door accessible from New York Avenue will remain locked and monitored by camera. Cameras will also be installed inside the CCB. (Exhibits 9, 52; Transcript of October 9, 2024 at 175-176, 181; Transcript of October 30, 2024 at 170-172.)
50. The Applicant will install security grilles and mesh where necessary to provide physical security barriers and to protect exterior windows from breakage. The exterior window openings on the basement and first floor of the building, including the windows facing lightwells, will be fitted with steel-frame woven-rod mesh security rail, set inboard from the existing exterior windows. (Transcript of October 9, 2024 at 175-176.)
51. The windows on the north exterior wall, adjacent to the planned second tier of holding cells, are partially obstructed by ducts that run the length of the walkway between the cells and the exterior wall. (Transcript of October 30, 2024 at 83.)
52. The Applicant will install frosted window film, a form of window glazing, as shown in Exhibit 161A, to provide a privacy barrier that will obstruct clear views from the outside while permitting natural light to illuminate the interior. (Exhibit 152.)
53. The front portion of all of the holding cells in the central cell block will consist of detention-grade hollow metal frames with polycarbonate glazed glass windows. (Exhibits 9, 52; Transcript of October 9, 2024 at 275.)
54. The Applicant will install new insulated roll-up doors in the sallyport that are designed to dampen the transmission of sound. (Exhibit 9; Transcript of October 9, 2024 at 276.)

BZA ORDER NO. 21177**PAGE NO. 9**

55. The Applicant will install noise mitigation measures inside the building, including the solid metal and glass doors on each holding cell and sound-absorbing materials in the corridors outside the holding cell areas. The Applicant will install high-performance acoustic panels on the first-floor ceiling and walls designed to absorb at least 85 percent of sound and reduce reverberant noise. (Exhibits 9, 152, 161A; Transcript of October 9, 2024 at 174-175, 275-276.)
56. The subject property currently has a chain link fence located approximately 13 feet, seven inches from the building face. The Applicant will remove the chain link fence and install a brick masonry and metal fence, seven feet in height, along the perimeter of the L Street frontage and surrounding the parking area in the eastern portion of the subject property. Along the L Street frontage, the fence will be set back approximately eight feet, four inches from the curb and more than 13 feet from the building. (Exhibits 152, 161, 161A; Transcript of October 30, 2024 at 84)
57. The fence will have two gates along the L Street curb cut that will open either west to provide access to the sallyport or east to provide access to the staging area. A third gate will be located along the New York Avenue curb cut to provide access for vehicles exiting the subject property. The gates will remain closed at all times other than when vehicles are entering or exiting the subject property.⁹ (Exhibits 152, 161, 161A.)
58. The front façade of the existing building at the subject property is located approximately 35 feet, two inches from the curbline on New York Avenue. (Exhibit 161A; Transcript of October 9, 2024 at 167.)
59. The building is located approximately 22 feet, seven inches from L Street, comprising 14 feet, three inches of lawn and 8 feet, four inches of a concrete or brick sidewalk. (Exhibit 161A; Transcript of October 9, 2024 at 167.)
60. The subject property is located in the Mount Vernon Square historic district. The existing building has not been added to the historic register. (Exhibit 80; Transcript of October 9, 2024 at 161-162.)
61. The subject property and nearby properties to the east and west are located in a Downtown (D) zone, D-4-R. The property across 6th Street N.W. to the west of the subject property is developed with an office building with ground-floor commercial space, where uses currently include a child development center. Properties across 5th Street to the east of the subject property are developed with large apartment houses.
62. Properties to the north of the subject property, across L Street, are primarily zoned Residential Apartment (RA-2) or in a Mixed-Use zone, MU-8A. Other MU zones (MU-

6B and MU-7B) are located along 7th Street one block to the west of the subject property. The properties across L Street N.W. immediately to the north of the subject property are developed with row dwellings.

63. The property across New York Avenue to the south of the subject property is located in the D-5-R zone and is currently used as a surface parking lot.¹⁰ (Exhibit 80.)
64. The area surrounding the subject property contains a variety of residential uses ranging from row dwellings to moderate- and high-density apartment houses as well as commercial, service, and institutional uses. The Walter E. Washington Convention Center is located one block to the west of the subject property. (Exhibit 9.)
65. The purposes of the Downtown (D) zones are to provide for the orderly development and use of land and structures in areas the Comprehensive Plan generally characterized as Central Washington or appropriate for a high-density mix of office, retail, service, residential, entertainment, lodging, institutional, and other uses, often grouped into neighborhoods with distinct identities. (Subtitle I § 100.1.)
66. The provisions of the Downtown (D) zones are intended to
 - (a) create a balanced mixture of land uses by providing incentives and requirements for retail, residential, entertainment, arts, and cultural uses the Comprehensive Plan identifies as essential to a successful downtown, and by guiding and regulating office development;
 - (b) protect historic buildings and places while permitting compatible new development, subject to the review process of the Historic Landmark and Historic District Protection Act of 1978;
 - (c) guide the design of buildings into being not inconsistent with the policies of the Central Washington Element and other relevant elements of the Comprehensive Plan;
 - (d) provide for the return of historic L'Enfant streets and rights of way;
 - (e) establish design or use requirements for the ground-level of buildings facing certain streets that are of high priority for furthering retail, pedestrian or historic purposes contained in the Comprehensive Plan;
 - (f) encourage the development of publicly accessible open space;

¹⁰ The Board heard testimony from a representative of the ownership group for 1001 6th Street, N.W., the property to the south of the subject property across New York Avenue. According to the witness, the ownership group is “currently designing a residential and mixed-use building that would house 540 apartment[s] ... and around 30,000 square feet of ground floor retail.” (Transcript of October 9, 2024 at 225.)

- (g) encourage the development of housing, including the development and preservation of affordable housing, in Central Washington consistent with the policies of the Central Washington Element and other relevant elements of the Comprehensive Plan;
 - (h) provide incentives and flexible mechanisms for achieving the retail, residential, historic, and open spaces goals through the generation and use of density credits that can be traded within defined areas;
 - (i) ensure a continued mix of retail and residential development in the Comprehensive Plan's Chinatown policy focus area;
 - (j) promote the growth of a well-design mixed-uses and streetscapes on portions of M Street, S.E., South Capitol Street, and properties now devoted to federal offices in Southwest, including a mechanism for selective design review by the Zoning Commission; and
 - (k) provide for adequate and visually acceptable parking and consolidated loading facilities that do not interfere with active, pedestrian-oriented sidewalks and the flow of vehicular traffic. (Subtitle I § 100.2.)
64. The purposes of the D-4-R zone are to promote the development of high-density residential and mixed-use neighborhoods on Massachusetts Avenue between Thomas Circle and New Jersey Avenue, N.W.; the Mount Vernon Triangle neighborhood located between New York, New Jersey, and Massachusetts Avenues, N.W.; and the blocks between Massachusetts Avenue, N.W. and Judiciary Square. (Subtitle I § 530.1.)

CONCLUSIONS OF LAW AND OPINION

The Applicant seeks a special exception under Subtitle I § 303.1(c) and Subtitle X § 900.3 to allow an extension or enlargement of a large-scale government use that was originally permitted and lawfully established as a matter of right, but for which the Zoning Regulations now require special exception approval, in the D-4-R zone at 501 New York Avenue, N.W. (Square 482-S, Lot 800). The Board is authorized under § 8 of the Zoning Act, D.C. Official Code § 6-641.07(g)(2) (2012 Repl.), to grant special exceptions, as provided in the Zoning Regulations, where, in the judgment of the Board, the special exception will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps and will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Map, subject to any specific conditions. (See 11 DCMR Subtitle X § 901.2.)

Pursuant to Subtitle X § 900.3, if a use was originally permitted and lawfully established as a matter of right, but the Zoning Regulations now require special exception approval from the Board for that use, any extension or enlargement of the use requires special exception approval. The subject property is used for a large-scale government use that was lawfully established as a matter

BZA ORDER NO. 21177

of right at least 50 years ago.¹¹ However, pursuant to Subtitle I § 303.1(c) of the 2016 Zoning Regulations, a large-scale government use is permitted in Downtown zones only if approved by the Board as a special exception subject to the general criteria of Subtitle X, Chapter 9.

The application requested a special exception to allow an extension or enlargement of the existing large-scale government use at the subject property, including an increase in the number of holding cells in the building, so that the facility can be used as the temporary location of the central cell block operated by the Department of Corrections. Subtitle X § 900.3 does not state any specific requirements for approval of a special exception.¹² Subtitle I § 303.1(c) requires the Board to consider the general criteria of Subtitle X, Chapter 9; that is, whether the special exception (a) will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps and (b) will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Map.¹³ Based on the findings of fact, and having given great weight to the recommendations of the Office of Planning and to the issues and concerns stated by ANC 2G and ANC 6E, the Board concludes that the application satisfies the requirements for approval of the requested special exception.

The Board concludes that approval of the requested special exception will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps. The application did not propose any enlargement of the existing building, which meets applicable development standards with respect to building height, FAR, and lot occupancy (see Exhibit 121A). The proposed expansion of the existing large-scale government use is consistent with the purposes of the Downtown zones to provide for the orderly development and use of buildings in an area generally characterized as appropriate for a high-density mix of uses, including institutional and other uses as well as office, retail, service, residential, entertainment, and lodging. Approval of the application is also consistent with the purpose of the D-4-R zone to promote the development of a high-density mixed-use neighborhood. The Board credits the testimony of the Office of Planning that approval of the application will be consistent with the purposes of the Zoning Regulations, as stated in Subtitle A § 101.1(c), to promote “the public health, safety, morals, convenience, order, prosperity, and general welfare” to provide “use of land that will ... tend to further economy and efficiency in the supply of public services.” (Exhibit 80.)

¹¹ The Zoning Regulations provide for “large scale government” as a use category meaning “a use involving services owned, managed, or provided by a governmental entity and associated with providing regional or wider services.” Examples of a large-scale government use include “airports, jails, truck dispatch facilities, or police/fire training facilities.” The large-scale government use category does not include uses that “more typically would fall within the motor vehicle-related or transportation infrastructure use categories.” (See, Subtitle B § 200.2(r).)

¹² Subtitle X § 900.3 states that: “In the case of a use that was originally permitted and lawfully established as a matter-of-right and for which the Zoning Regulations now require special exception approval from the Board of Zoning Adjustment, any extension or enlargement of that use shall require special exception approval from the Board of Zoning Adjustment.”

¹³ Subtitle I § 303.1 states in relevant part: “The uses in this section shall be permitted as a special exception if approved by the Board of Zoning Adjustment under Subtitle X, Chapter 9, subject to the following applicable provisions: ... (c) Large scale government uses;”

The Board concludes that approval of the application will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Map, as is required for approval of a special exception under Subtitle X § 901.2.

Safety and security. The Board concludes that the planned expansion of the large-scale government use at the subject property, to allow use of the building as a central cell block, will not create adverse impacts on the use of neighboring properties due to matters related to safety or security. The application demonstrated that improvements will be made to the interior of the existing building to enhance security within the cell block, including steel reinforcements near exterior walls and windows, an electronic security system, locked doors, and the use of cameras to monitor both the central cell block and the building entrance. Detainees will be transported to and from the subject property in law enforcement vehicles that will utilize the sallyport, with both doors closed while detainees travel between the building and a vehicle so that detainees will not be outside. The Applicant's planned fence, with gates that will remain closed when not in use, will also enhance the security of the site by creating a physical barrier between the facility and neighboring properties.

The Applicant demonstrated that the planned expansion of the large-scale government use at the subject property will not adversely affect the use of neighboring properties due to the operation of the central cell block. The central cell block will be staffed around the clock by employees who have been trained in DOC security protocols. The Applicant indicated that detainees will not be released from the subject property and, consistent with the request of ANC 2G, the Board imposed that representation as a condition of approval of the application in this Order.

The Board was not persuaded that operation of the central cell block will result in adverse impacts due to loitering or other disturbances. For reasons discussed below, the Board did not agree with testimony in opposition to the application that the expanded large-scale government use of the subject property would encourage persons outside the building to attempt to communicate with detainees inside the central cell block. The detainees will be held at the subject property for a relatively short time, likely less than 24 hours; DOC will restrict entry to the building to law enforcement personnel; and DOC will not accept or retain any personal property on site. These factors are likely to decrease or eliminate the need or incentive of the public to visit the central cell block. Nonetheless, in response to issues and concerns raised by ANCs 2G and 6E, the Applicant agreed to post signs prohibiting loitering or solicitation at the subject property, and the Board adopts that proposal as a condition of approval of the application in this Order.

Traffic. The Board concludes that the planned expansion of the large-scale government use at the subject property will not create adverse impacts on the use of neighboring properties due to traffic. The subject property abuts a principal arterial (New York Avenue) and, as noted by the Applicant's transportation expert, the "vehicular network surrounding the Project Site is well-developed, supporting a high volume of car traffic to and from the site." (Exhibit 52D1.) The configuration of the subject property will accommodate the vehicle traffic generated by the planned use, especially considering the building's sallyport, the means of vehicle access from two streets, and sufficient area for queuing and vehicle maneuvers within the site.

BZA ORDER NO. 21177

PAGE NO. 14

The Applicant's transportation expert estimated the vehicle trips generated by the planned expanded large-scale government use at 96 per day, comprising primarily detainee transports to and from the site and employee commutes. The traffic study considered "employee shift times, the average daily headcount of detainees, and operational patterns concerning the transport of detainees to and from the facility" in concluding that the central cell block will likely include three to five vehicle trips, both inbound and outbound, during the morning peak hour and none during the evening peak hour. (Exhibit 52D1.) The central cell block will have a staff of fewer than 30 employees, who will work in shifts that will not require travel to and from the subject property during periods of peak traffic. The Applicant anticipated that the central cell block, with a maximum capacity of 88 detainees and a typical population of around 45 detainees, will likely generate 15 or fewer vehicle trips per 24-hour period to transport detainees to the subject property. The Department of Corrections will schedule the transports throughout the day and reduce the number of transports needed by increasing the number of detainees per vehicle. The Applicant anticipated that a maximum of five vans would likely be sufficient to transport detainees from the subject property to Superior Court six mornings per week, utilizing vans capable of transporting eight detainees each. Operation of the expanded large-scale government use will not otherwise generate significant traffic to the subject property, given that relatively few trips will be required in connection with deliveries, maintenance service, or trash collection and in light of DOC's policy not to allow visitors to the facility.

Based on the information provided in the application, including the Applicant's traffic study, the Board was not persuaded by the unsubstantiated claims by ANC's 2G and 6E that the planned central cell block operation "will highly likely significantly increase traffic at the already hazardous intersections" of New York Avenue with 5th and 6th Streets, and that the Applicant "grossly underestimate[d] the number of trips to and from the site."¹⁴ (Exhibits 71, 97, 153.) The Board notes that DDOT credited the Applicant's trip generation estimate in concluding that the application would not create adverse impacts with respect to traffic (see Exhibit 84). The ANC's assertion was based in part on an allegation that the Applicant's estimate of the number of trips needed to transport detainees to the subject property did "not account for the additional traffic from other law enforcement agencies" The Board does not agree, noting the Applicant's testimony that the protocol was devised by the Department of Corrections in conjunction with both MPD and other law enforcement agencies that might bring detainees to the central cell block.

Parking. The Board concludes that the planned expansion of the large-scale government use at the subject property will not create adverse impacts on the use of neighboring properties related to

¹⁴ With respect to traffic impacts, the ANC's compared the planned central cell block facility unfavorably to the recent MPD use of the subject property, which according to the ANC's "had a negligible effect on traffic." (Exhibits 71, 97.) However, the Applicant's transportation study determined that the prior use had a larger number of employees at the site (three slightly overlapping shifts of 15 officers each, instead of the nine DOC employees expected in each of three shifts at the central cell block) and generated almost twice as many vehicle trips (180) to the site per day compared to the number of trips per day (96) anticipated in connection with the central cell block. See, e.g. *Sheridan Kalorama Hist. Ass'n v. District of Columbia Bd. of Zoning Adjustment*, 229 A.3d 1246, 1261 (D.C. 2020) (in assessing an application for a special exception, Board's evaluation of whether "...the proposed use 'would be more adverse than the [previous] use of the property...[is] the fundamental comparison critical to approval of the special exception.'").

parking. The Applicant will maintain the existing parking restrictions on two streets abutting the subject property, which will provide sufficient parking to accommodate the parking demand generated by a relatively small staff working in shifts as well as the limited number of other vehicles potentially visiting the site.

ANC 2G and ANC 6E both expressed concern that approval of the requested zoning relief would result in queues of vehicles waiting to use the sallyport at the subject property. The Board credits the Applicant's testimony concerning the estimated traffic likely to be generated at the planned central cell block and that the protocol implemented by DOC for operation of the facility will avoid the potential for a queue of vehicles in public space outside of the curbside lanes designated for government use only or the staging area designated on-site. Implementation of the protocol will diminish the potential for multiple trips arriving at the same time and reduce the number of trips needed by scheduling transports that will bring more than one detainee at a time when possible. ANC 2G also questioned whether the segments of New York Avenue and L Street abutting the subject property can provide as many vehicle parking spaces as the Applicant claimed. The Board credits the testimony of the Applicant's transportation expert in this regard, noting that DDOT concurred with the Applicant's proposal; DDOT also noted that additional parking spaces will be created in the curbside lanes when the existing curb cuts are narrowed.¹⁵

Light, air, privacy, and noise. The Board concludes that approval of the requested zoning relief will not create adverse impacts on the use of neighboring properties due to matters related to light, air, privacy, or noise. The subject property is located at a significant distance from neighboring buildings due to its frontage on three streets as well as the building's setbacks from each of its street frontages. The planned expansion of the large-scale government use will not entail any enlargement of the existing building, which is relatively small compared to nearby buildings in an area characterized by high-density development, and therefore will not obstruct the light and air presently available to nearby buildings. The central cell block will not create objectionable light impacts on neighboring properties, given that the Applicant did not propose to install any additional exterior lighting. For these reasons, the Board concurs with the Applicant and the Office of Planning that approval of the application will not create any objectionable conditions relating to the light and air available to other properties.

The Board concludes that approval of the requested zoning relief will not create any objectionable conditions related to privacy or noise. The design of the central cell block incorporated measures to mitigate potential privacy and noise impacts, including that the majority of the holding cells in the central cell block will be located at a distance of at least five feet from exterior walls of the building and most of the new holding cells will be located below grade. The Applicant will install measures inside the building to mitigate potential privacy impacts, including that windows that

¹⁵ ANC 2G alleged that the area in question could be configured to provide 14 vehicle parking spaces at most, not the 23 proposed by the Applicant, because "40 feet is needed between the parking spaces and the crosswalk at 6th and L and 25 feet is needed at 5th and L Street" in accordance with 18 DCMR § 2405.2(c). (Exhibit 153.) (The provision cited by the ANC is contained in DCMR Title 18, Vehicles and Traffic, Chapter 24, "Stopping, Standing, Parking, and Other Non-Moving Violations.") The Applicant disputed the ANC's characterization of the distance requirement and testified that DDOT supported the Applicant's proposed configuration of the curbside lanes. (Transcript of October 30, 2024 at 80-81.)

could potentially provide views to and from the central cell block will be covered by security grilles or translucent glazing; views from other windows are obstructed by existing ductwork. The facility will utilize measures to mitigate potential noise impacts, including noise-mitigation measures such as solid doors in each holding cell, sound-absorbing materials inside the central cell block and new doors in the sallyport. Operation of the central cell block will occur inside the building, including the transfers of detainees to and from vehicles, which will travel without utilizing sirens, thereby avoiding potential audible disturbances that could affect nearby properties.

Great weight. The Board is required to give “great weight” to the recommendation of the Office of Planning. (Section 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2018 Repl.)).) For the reasons discussed above, the Board agrees with OP’s recommendation that the application should be approved.

The Board is also required to give “great weight” to the legally relevant issues and concerns raised by the affected ANC. (Section 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d)(3)(A) (2012 Repl.)); *see also* Subtitle Y § 406.2.) In this case, ANCs 2G and 6E submitted similar letters stating that the ANCs voted to oppose the application because the Applicant’s proposal would tend to adversely affect the use of neighboring property, contrary to the requirements of Subtitle X § 901.2(b). (Exhibits 71, 97.) The Board fully considered the issues and concerns stated by ANC 2G and ANC 6E but, for the reasons discussed above, did not find the ANCs’ arguments persuasive with respect to allegations that the planned central cell block facility will create adverse impacts on the use of nearby properties with respect to light and air, privacy, security, traffic, parking, and noise.¹⁶ Other issues raised by ANC 2G, including objections that aspects of the Applicant’s proposal required other approvals, such as for historic preservation matters, and speculation about the potential use of the subject property in the future, were outside the scope of the Board’s purview in this proceeding.¹⁷ Similarly, the Board declined to adopt most of the conditions of approval proposed by ANC 2G (see Exhibit 162) because the ANC did not demonstrate that the proposed conditions were within the Board’s purview to impose or necessary to mitigate specific adverse impacts related to the Board’s approval of the zoning relief requested in this application.¹⁸ When

¹⁶ The ANCs also alleged other potential adverse impacts, including a decrease in property values, potential detrimental impact on other developments in the area, and noise disturbances associated with protests outside the central cell block. However, none of the claims was substantiated and, for the reasons discussed in this Order, the Board did not find the claims persuasive.

¹⁷ The Board notes the Applicant’s commitment to create and participate in a community advisory committee, whose goal will be to submit recommendations to the Applicant that will be taken into consideration in the evaluation of the future use of the subject property. According to the Applicant, this committee will provide feedback and disseminate information about potential future uses to the committee members’ peers and constituencies. The committee members will be selected by the Applicant and may include representatives of the affected ANCs, business interests, and area residents. The Applicant indicated that the committee will be activated in the fourth year after approval of the application and will complete at least three meetings in order to provide all recommendations to the Applicant by the fifth year of the use term. (Exhibit 152.)

¹⁸ The conditions proposed by ANC 2G would have included an inappropriate personal restriction on the future use of the subject property; addressed matters outside the scope of the Board’s purview, including compliance with other

reviewing an application, the Board is required to accord “great weight” only to the issues and concerns of the affected ANC that are legally relevant to the application at issue. *See Concerned Citizens of Brentwood v. District of Columbia Bd. of Zoning Adjustment*, 634 A.2d 1234, 1241 (D.C. 1993), citing *Bakers Local 118 v. District of Columbia Bd. of Zoning Adjustment*, 437 A.2d 176, 180 (D.C. 1981).

Based on the findings of fact and conclusions of law, the Board concludes that the Applicant has satisfied the burden of proof with respect to the request for a special exception under Subtitle I § 303.1(c) and Subtitle X § 900.3 to allow an extension or enlargement of a large-scale government use that was originally permitted and lawfully established as a matter of right, but for which the Zoning Regulations now require special exception approval, in the D-4-R zone at 501 New York Avenue, N.W. (Square 482-S, Lot 800). Accordingly, it is **ORDERED** that the application is **GRANTED** in conformance with the plans in the record, as required under Subtitle Y §§ 604.9 and 604.10; that is, Exhibit 12, incorporating updates made in Exhibit 161A, including the installation of window glazing for all windows on the subject property that act as a barrier to the outside and the installation of noise-dampening measures inside the building, including acoustic ceiling and wall panels, subject to the following **CONDITIONS**:

1. Approval of the special exception shall be for a term of eight years, beginning on the date when this Order becomes final.
2. The Applicant shall ensure that no detainees are released from the subject property.
3. The Applicant shall designate at least four staging spaces at the subject property, as shown in Exhibit 161A, for use as a staging area for the transportation of detainees. The Applicant shall install and maintain signage identifying those spaces as “CCB STAGING AREA ONLY.”
4. The Applicant shall install and maintain “NO LOITERING/NO SOLICITATION” signage on the subject property on the fence along the L Street frontage and at the entrance to the building on New York Avenue.
5. The Applicant shall designate a community liaison for the Department of General Services and the Department of Corrections. The liaison shall provide an email address and

titles of the District of Columbia Municipal Regulations, construction matters, speculation about “traffic accidents and traffic jams” that might occur as a result of the CCB operation; or were based on unsubstantiated allegations about the operation of the central cell block that would allegedly create off-site impacts, such as the use of sirens by emergency vehicles and the conduct of DOC employees. *See National Black Child Development Institute, Inc. v. District of Columbia Bd. of Zoning Adjustment*, 483 A.2d 687, 691-692 (D.C. 1984) (personal conditions impermissibly regulate the business conduct of the owner rather than the use of property and are unlawful *per se*; conditions of approval that regulate the use of property must be based on reliable, probative, and substantial evidence in the record); *President and Directors of Georgetown College v. Application No. 21206 of Rebecca Latorraca, pursuant to 11 DCMR Subtitle X §1002, for a use variance from Subtitle U § 401.1 to allow an accessory apartment in the cellar of an existing attached principal dwelling in the RA-2 zone at 2302 Ontario Road, NW (Square 2562, Lot 76).

HEARING DATE: December 11, 2024

DECISION DATE: December 11, 2024

**ORDER DISMISSING APPLICATION
BECAUSE NO RELIEF IS NEEDED**

This application was filed on August 28, 2024, by Rebecca Latorraca (the “Applicant”), the owner of the property that is subject to the application. Following a public hearing, the Board voted to dismiss the application because no zoning relief was necessary.

PRELIMINARY MATTERS

Notice of Application and Notice of Hearing. In accordance with Subtitle Y §§ 400.4 and 402.1, the Office of Zoning provided notice of the application and of the public hearing by letters, dated September 19, 2024, to the Applicant, the Office of Planning (“OP”), the District Department of Transportation, the Department of Buildings, Advisory Neighborhood Commission (“ANC”) 1C, the ANC in which the subject property is located, and Single Member District 1C07, the Office of Advisory Neighborhood Commissions, the Councilmember for Ward 1 as well as the Chairman and the at-large members of the D.C. Council, and the owners of all property within 200 feet of the subject property. Notice was published in the *District of Columbia Register* on October 4, 2024 (71 DCR 011881) and was mailed to the National Park Service on October 3, 2024.

Party Status. Pursuant to Subtitle Y § 403.5, the Applicant and ANC 1C were automatically parties in this proceeding. The Board received no requests for party status.

Applicant’s Case. The Applicant presented evidence and testimony in support of the application, including from Yusra Elkhitam, the project manager. The application requested approval to allow an accessory apartment in the cellar of an existing attached principal dwelling.

OP Report. By memorandum dated November 27, 2024, the Office of Planning recommended approval of the application. (Exhibit 34.)

ANC Report. By letter dated October 28, 2024, ANC 1C stated that, at a regularly scheduled meeting on October 9, 2024, with a quorum present, the ANC voted in support of the zoning relief requested in the application. (Exhibit 31.)

FINDINGS OF FACT

1. The property that is the subject of this application is an interior lot on the west side of Ontario Road NW south of its intersection with Kalorama Road, with the address 2302 Ontario Road, N.W. (Square 2562, Lot 76).
2. The subject property is rectangular, 16 feet wide and approximately 120 feet deep. The lot area is 1,920 square feet. (Exhibit 2.)
3. The subject property is improved with an attached building that is two stories and approximately 25.75 feet in height. The building has a cellar.
4. The existing building was constructed around 1908 and is 16 feet wide. The northwest façade extends 50 feet, while the southeast façade extends 34 feet. The rear portion of the dwelling is 16 feet deep and 12 feet wide, forming a court, four feet wide, at the southwest corner of the dwelling. (Exhibit 22.)
5. The cellar was configured with a kitchen containing a stove and sink, a bathroom with a tub, and a washer/dryer. The first floor of the dwelling also contained a kitchen with a stove, sink, refrigerator, and dishwasher. (Exhibit 3.)
6. The cellar is accessible via an interior stair from the first floor. The cellar is also accessible via an exterior door in the rear yard. (Exhibit 34.)
7. The Applicant purchased the subject property in 1996. According to the Applicant, the cellar already contained a kitchen and was being used as an accessory apartment at the time of purchase. (Exhibit 35A.)
8. The Applicant planned to carry out interior renovations to the building without altering the exterior or adding to the existing structure.
9. The subject property is located in a Residential Apartment (RA) zone, RA-2 zone. The Residential Apartment zones are residential areas suitable for multiple dwelling unit development and supporting uses. (Subtitle F § 101.1.)
10. The RA zones are intended to (a) permit flexibility by allowing all types of residential development; (b) promote stable residential areas while permitting a variety of types of urban residential neighborhoods; (c) promote a walkable living environment; (d) allow limited non-residential uses that are compatible with adjoining residential uses; (e) encourage compatibility between the location of new buildings or construction and the

PAGE NO. 2

existing neighborhood; and (f) ensure that buildings and developments around fixed rail stations, transit hubs, and streetcar lines are oriented to support active use of public transportation and safety of public spaces. (Subtitle F § 101.2.)

11. The purposes of the RA-2 zones are to (a) permit flexibility of design by permitting all types of urban residential development if they conform to the height, density, and area requirements established for these districts; and (b) permit the construction of those institutional and semi-public buildings that would be compatible with adjoining residential uses and that are excluded from the more restrictive residential zones. (Subtitle F § 101.3.)
12. The RA-2 zone provides for areas developed with predominantly moderate-density residential zones. (Subtitle F § 101.5.)

CONCLUSION OF LAW AND OPINION

The Applicant seeks a use variance from Subtitle U § 401.1 to allow an accessory apartment in the cellar of an existing attached principal dwelling in the RA-2 zone.¹ The Board is authorized under § 8 of the Zoning Act, D.C. Official Code § 6-641.07(g)(3) (2012 Repl.), to grant a variance “[w]here, by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of the original adoption of the regulations, or by reason of exceptional topographical conditions or other extraordinary or exceptional situation or condition of a specific piece of property,” the strict application of the Zoning Regulations would result in peculiar and exceptional practical difficulties to or exceptional and undue hardship upon the owner of the property, provided that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. (See also Subtitle X § 1000.1.)

For zoning purposes, an “accessory apartment” is defined as “A dwelling unit that is secondary to the principal single household dwelling unit in terms of gross floor area, intensity of use, and physical character, but which has kitchen and bath facilities separate from the principal dwelling and may have a separate entrance.” (Subtitle B § 100.2.) An accessory apartment is not included in the list of uses permitted as a matter of right in the Residential Apartment (RA) zones (see Subtitle U § 401.1). However, pursuant to Subtitle U § 250, an accessory apartment is permitted as a matter of right as an accessory use in all Residential House (R) zones subject to the requirements of Subtitle U § 253 and, pursuant to Subtitle U § 410.1, any accessory use permitted in the R zones under Subtitle U § 250 is permitted as a matter of right as an accessory use in the RA zones. Accordingly, the Board concludes that an accessory apartment – which is permitted as a matter of right as an accessory use in the R zones under Subtitle U § 250, subject to the

¹ The application sometimes referred to the existing or proposed use of the subject property as a two-unit flat (see, e.g., Exhibits 7, 13, 35A) but generally stated the proposed use as “a single dwelling unit with an accessory apartment” (see Exhibits 35A, 35B). The application was submitted with a referral memorandum from the Office of the Zoning Administrator, which stated the necessary relief as a use variance from Subtitle U § 401.1 to allow a single dwelling unit with an accessory apartment because the “proposed use is not allowed as a matter of right or as a special exception.” (See Exhibits 2, 20.) Accordingly, the Board considered the proposed use of the subject property as a principal dwelling with an accessory apartment.

requirements of Subtitle U § 253 – is also permitted as an accessory use as a matter of right in the RA zones, subject to the requirements of Subtitle U § 253.

In accordance with Subtitle U § 253, one accessory apartment is generally permitted as a matter of right in a principal dwelling in the R zones, subject to the requirements stated in Subtitle U § 253. (Subtitle U § 253.2.) These requirements include that either the principal dwelling or the accessory apartment must be owner-occupied for the duration of the accessory apartment use (Subtitle U § 253.5), the total number of persons who may occupy the accessory apartment must not exceed three (Subtitle U § 253.6), and the property owner must obtain a Residential Rental Business License and have the property inspected for housing code compliance before renting an accessory apartment (Subtitle U § 253.13). When an accessory apartment is located in a principal dwelling, requirements include that the house must have a minimum gross floor area of 1,200 or 2,000 square feet, depending on the zone where the building is located, and the accessory apartment may not occupy more than 35 percent of the gross floor area of the house. (Subtitle U § 253.7.)

In this case, the Board credits the Applicant’s testimony that an accessory apartment can be established in the cellar of the principal dwelling at the subject property consistent with the requirements of Subtitle U § 253, noting that the referral memorandum from the Office of Zoning Administration submitted as part of the application also stated the proposed use as “a Single Dwelling Unit with an accessory apartment.” (Exhibit 20.) The dwelling apparently is sufficiently large, since the Applicant indicated that the building contains approximately 1,400 square feet of “livable area” (Exhibit 35A) and the notes and computations included with the Zoning Administrator’s referral memorandum (Exhibit 2) reflected that the building area of the two-story building at the subject property is 677 square feet. The Applicant testified that the accessory apartment will occupy 34 percent of the gross floor area of the building. (Transcript of December 11, 2024 at 92.)

Great weight. The Board is required to give “great weight” to the recommendation of the Office of Planning. (D.C. Official Code § 6-623.04 (2018 Repl.)) The Board is also required to give “great weight” to the issues and concerns raised by the affected ANC. (D.C. Official Code § 1-309.10(d)(3)(A) (2012 Repl.)) In this case, the Office of Planning recommended approval of the requested relief. ANC 1C voted in support of the application without stating any issues or concerns. For the reasons discussed above, the Board concludes that the zoning relief requested is not needed, and therefore did not deliberate on the merits of the application.

Based on the findings of fact and conclusions of law, the Board concludes that the application for a use variance from Subtitle U § 401.1 to allow an accessory apartment in the cellar of an existing attached principal dwelling in the RA-2 zone at 2302 Ontario Road, N.W. (Square 2562, Lot 76) should be dismissed because the zoning relief requested is not necessary. Accordingly, it is ordered that the application is **DISMISSED**.

HEARING DATE: January 22 and March 5, 2025¹
DECISION DATE: March 5, 2025

SUMMARY ORDER

RELIEF REQUESTED. The application requests the following relief in order to construct a third story with side and rear additions and an additional 14 dwelling units (including two IZ units) for a total of 19 dwelling units, to an existing, detached, two-story with cellar, 5-unit apartment house in the RA-1 zone:

- Special exception under the new residential development standards of Subtitle U § 421, pursuant to Subtitle X § 901.2

The zoning relief requested in this case was self-certified. (Exhibit 32A (Revised).)²

PARTIES. The parties to this case were the Applicant and Advisory Neighborhood Commission ("ANC") 8B, the "affected ANC" pursuant to Subtitle Y §§ 101.8 and 403.5(b) of the Zoning Regulations (Title 11 of the DCMR, Zoning Regulations of 2016, to which all references are made unless otherwise specified).

NOTICE OF THE APPLICATION AND PUBLIC HEARING. The Board of Zoning Adjustment (the "Board") referred the application to the appropriate agencies and provided proper and timely notice of the public hearing in accordance with Subtitle Y § 402.1.

ANC REPORT. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on February 18, 2025, at which a quorum was present, the ANC voted to support the application. (Exhibit 31.) The ANC report noted that community concerns regarding building height, parking, and community engagement had been addressed by the Applicant.

OFFICE OF PLANNING ("OP") REPORT. OP submitted a report recommending approval of the application. (Exhibit 22.)

¹ The application was postponed from the Hearing of January 22, 2025.

² The application was amended to add (Exhibit 20), then withdraw a request for special exception relief from the floor area ratio (FAR) requirements of Subtitle F § 201.4.

DISTRICT DEPARTMENT OF TRANSPORTATION (“DDOT”) REPORT. DDOT submitted a report indicating that it had no objection to the application because it concluded that the relief would not result in any adverse impacts to the District’s transportation network. DDOT’s approval was conditioned upon the Applicant working with DDOT during public space permitting to determine the final location of short-term bicycle parking spaces and provide a long-term bike storage plan. However, the Board did not adopt the condition as part of the order. (Exhibit 23.)

CONCLUSIONS

Pursuant to Subtitle Y § 604.3, the order of the Board may be in summary form where granting an application when there was no party in opposition. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

Based upon the record before the Board, and having given great weight to the appropriate reports and recommendations filed in this case, the Board concludes that the Applicant has met the burden of proof that the requested special exception relief can be granted because:

- It is in harmony with the general purpose and intent of the Zoning Regulations and Map;
- It will not tend to affect adversely the use of neighboring property; and
- Pursuant to Subtitle X § 901.2(c), the relief satisfies the specified conditions for special exception relief.

DECISION

Based on the case record and the testimony at the hearing, the Board concludes that the applicant has satisfied the burden of proof for the requested relief:

- Special Exception under the new residential development standards of Subtitle U § 421, pursuant to Subtitle X § 901.2

Accordingly, it is **ORDERED** that the application is **GRANTED** consistent with the revised plans shown in Exhibit 17 of the record, as required under Subtitle Y §§ 604.9 and 604.10.

HEARING DATE: March 5, 2025

DECISION DATE: March 5, 2025

SUMMARY ORDER

RELIEF REQUESTED. The application requests the following relief in order to convert to an office use, an existing, detached, two-story plus basement building in the R-2/MU-3A zones:

- Special exception from the zone boundary line crossing a lot requirements of Subtitle A § 207.2, pursuant to Subtitle X § 901.2
- Area variance from the density requirements of Subtitle G § 201.1, pursuant to Subtitle X § 1002.1(a) (1.0 FAR maximum permitted, 1.045 existing, 1.045 proposed)

The zoning relief requested in this case was self-certified. (Exhibit 2D1.)

PARTIES. The parties to this case were the Applicant and Advisory Neighborhood Commission ("ANC") 5B, the "affected ANC" pursuant to Subtitle Y §§ 101.8 and 403.5(b) of the Zoning Regulations (Title 11 of the DCMR, Zoning Regulations of 2016, to which all references are made unless otherwise specified).

NOTICE OF THE APPLICATION AND PUBLIC HEARING. The Board of Zoning Adjustment (the "Board") referred the application to the appropriate agencies and provided proper and timely notice of the public hearing in accordance with Subtitle Y § 402.1.

ANC REPORT. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on February 19, 2025, at which a quorum was present, the ANC voted to support the application. (Exhibit 40.) The ANC report raised no issues or concerns, however, noted that community groups may use the space for occasional meetings, to which the Applicant stated they agreed to at the public hearing.

Commissioner Ra Amin (5B04) testified on behalf of the ANC in support of the application.

OFFICE OF PLANNING ("OP") REPORT. OP submitted a report recommending approval of the application. (Exhibit 44A.)

DISTRICT DEPARTMENT OF TRANSPORTATION (“DDOT”) REPORT. DDOT submitted a report indicating that it had no objection to the application because it concluded that the relief would not result in any adverse impacts to the District’s transportation network. (Exhibit 43.)

PERSONS AND ORGANIZATIONS IN SUPPORT. The Board received 25 letters from neighbors in support of the application. (Exhibits 12-29, 31, 33-35, 37, 41, 47.)

The Board also received letters in support from Casey Trees, Councilman Zachary Parker (Ward 5), The Brookland Neighborhood Civic Association, Greater Brookland Intergenerational Village, and Friends of the Metropolitan Branch Trail. (Exhibits 30, 36, 38, 42, 45)

CONCLUSIONS

Pursuant to Subtitle Y § 604.3, the order of the Board may be in summary form where granting an application when there was no party in opposition. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

Based upon the record before the Board, and having given great weight to the appropriate reports and recommendations filed in this case, the Board concludes that the Applicant has met the burden of proof that the requested special exception and variance relief can be granted because:

- It is in harmony with the general purpose and intent of the Zoning Regulations and Map;
- It will not tend to affect adversely the use of neighboring property;
- Pursuant to Subtitle X § 901.2(c), the relief satisfies the specified conditions for special exception relief;
- There exists an exceptional or extraordinary situation or condition related to the property;
- The exceptional condition creates a practical difficulty, in the case of an area variance, or an undue hardship, in the case of a use variance, in complying with the Zoning Regulations;
- The relief can be granted without substantial detriment to the public good; and
- The relief can be granted without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

DECISION

Based on the case record and the testimony at the hearing, the Board concludes that the applicant has satisfied the burden of proof for the requested relief:

- Special exception from the zone boundary line crossing a lot requirements of Subtitle A § 207.2, pursuant to Subtitle X § 901.2
- Area variance from the density requirements of Subtitle G § 201.1, pursuant to Subtitle X § 1002.1(a) (1.0 FAR maximum permitted, 1.045 existing, 1.045 proposed)

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

Application No. 21267 of the Embassy of the Republic of Poland, pursuant to 11 DCMR Subtitle X, Chapter 2, to locate a new chancery use in the MU-1/DC zone at 1740 Massachusetts Avenue, N.W. (Square 158, Lot 82).

HEARING DATE: February 26, 2025

DECISION DATE: February 26, 2025

**NOTICE OF FINAL RULEMAKING
and
DETERMINATION AND ORDER**

The Board of Zoning Adjustment, pursuant to the authority set forth in § 206 of the Foreign Missions Act, approved August 24, 1982 (96 Stat. 273; D.C. Official Code § 6-1306 (2012 Repl.)) and Chapter 2 of Subtitle X of the Zoning Regulations of the District of Columbia (Title 11 of the District of Columbia Municipal Regulations), and after having held a public hearing on February 26, 2025, hereby gives notice that it took final action not to disapprove the application of the Embassy of the Republic of Poland (“Applicant”) to locate a new chancery use in the MU-1/DC zone at 1740 Massachusetts Avenue, N.W. (Square 158, Lot 82) (the “subject property”).

A notice of proposed rulemaking was published in the January 17, 2025 edition of the *D.C. Register* (72 DCR 000547). The Office of Zoning scheduled a public hearing on the application for February 26, 2025 and provided written notice to the public more than 40 days in advance of the public hearing in accordance with Subtitle Y § 402.1. On January 3, 2025, the Office of Zoning referred the application to the United States Department of State, the National Capital Planning Commission, the District of Columbia Office of Planning (“OP”) and the Historic Preservation Office, the District Department of Transportation (“DDOT”), Advisory Neighborhood Commission (“ANC”) 2B (whose boundaries encompass the subject property), the Single Member District Commissioner for ANC 2B05, the Office of Advisory Neighborhood Commissions, the Department of Buildings, and the Councilmember for Ward 2 as well as the Chairman and the at-large members of the D.C. Council. On January 3, 2025, the Office of Zoning provided notice of the public hearing on the application to the Applicant and to the owners of all property within 200 feet of the subject property. In addition, the Applicant posted notice on the subject property in plain view of the public in accordance with Subtitle Y § 402.3.

THE APPLICATION

The application was filed on December 22, 2024, accompanied by a letter from the United States Department of State certifying the Applicant had complied with § 205 of the Foreign Mission Act (22 USC § 4305) and that the application could be submitted to the Board. The application sought approval to locate a new chancery use in an existing attached building in a Dupont Circle Mixed Use zone (MU-1/DC),¹ which will allow the Applicant to consolidate its foreign mission operations, currently housed in three buildings, into one location. The Applicant did not propose any physical changes to the building exterior and did not request any other relief related to zoning, historic preservation, or public space in this application.

The subject property has approximately 122 feet of frontage on Massachusetts Avenue and a lot area of 21,852 square feet. The lot is generally rectangular with an irregular rear lot line that abuts a public alley. The subject property is improved with an attached eight-story building that was constructed circa 1962 and used for academic and administrative purposes by Johns Hopkins University until 2023. The Applicant acquired the subject property and proposed to use the existing building for a chancery use, from which the Applicant will conduct diplomatic and related functions.

The building at the subject property contains approximately 58,613 square feet of gross floor area and is 88.2 feet tall. The subject property has a lot occupancy of 49 percent and a floor area ratio of 2.68. The existing rear yard, approximately 50 feet deep, will be used to provide 25 vehicle parking spaces accessible from the public alley. The subject property has one loading berth and one delivery space onsite, which can be accessed from the public alley.

FOREIGN MISSIONS ACT CRITERIA

Pursuant to § 206(d) of the Foreign Missions Act, D.C. Official Code § 6-1306(d), the Board must consider six enumerated criteria when reviewing a chancery application and must base its decision solely on the six criteria. The provision further dictates who is to make the relevant finding for certain factors. The factors and relevant findings are as follows:

- 1. The international obligation of the United States to facilitate the provision of adequate and secure facilities for foreign missions in the Nation's Capital.**

In a letter dated January 16, 2025, the Department of State determined that favorable action on this application would fulfill the international obligation of the United States to facilitate the Government of the Republic of Poland in acquiring adequate and secure premises to carry out their diplomatic mission. (Exhibit 19.) The Office of Planning also recommended the Board not disapprove the request. (Exhibit 22.) As recommended by the Secretary of State and the Office of Planning, the Board finds that favorable action on the application will fulfill the international

¹ Pursuant to Subtitle X § 201.2, chanceries “shall be permitted in the medium-high density residential zones, high-density residential zones, and special purpose zones, subject to disapproval by the Board of Zoning Adjustment in accordance with the review standards of Subtitle X § 201.8.” Pursuant to Subtitle X § 200.3, the MU-1/DC zone constitutes a “special purpose zone.”

obligation of the United States to facilitate the acquisition of adequate and secure premises by the Government of the Republic of Poland for its diplomatic mission in the Nation's Capital.

2. **Historic preservation, as determined by the Board of Zoning Adjustment in carrying out this section; and in order to ensure compatibility with historic landmarks and districts, substantial compliance with District of Columbia and federal regulations governing historic preservation shall be required with respect to new construction and to demolition of or alteration to historic landmarks.**

The Applicant and the Office of Planning, which includes the Historic Preservation Office, indicated that the subject property is located within both the Massachusetts Avenue and the Dupont Circle historic districts but the existing building is not a contributing building in either historic district. (Exhibits 20, 22.) The Applicant and OP also indicated that the Applicant's proposal was not subject to review by the Historic Preservation Review Board or the Commission of Fine Arts as no additions or external changes were proposed as part of this application. Nevertheless, the application was referred to the Historic Preservation Office on January 3, 2025 and the Applicant consulted with the Historic Preservation Office regarding the application. Based on the evidence and testimony in the record, the Board finds that this criterion has been met.

3. **The adequacy of off-street or other parking and the extent to which the area will be served by public transportation to reduce parking requirements, subject to such special security requirements as may be determined by the Secretary of State, after consultation with federal agencies authorized to perform protective services.**

The Board concurs with the conclusion of DDOT that the impacts of the planned chancery use on the surrounding transportation network will be minimal, given that the Applicant will meet or exceed zoning requirements for vehicle and bicycle parking, will provide loading facilities accessible from the public alley at the rear of the site, and will implement a transportation demand management plan as shown in the Applicant's transportation statement to promote non-vehicular modes of travel.² (Exhibit 23.) The Applicant anticipated between 60 and 70 employees at the new chancery and will provide 25 vehicle parking spaces for employees on-site in a gated area at the rear of the lot, in excess of the zoning requirement of 15 parking spaces. The Applicant will also provide 12 long-term bicycle parking spaces within the building and two short-term bicycle parking spaces in the public realm along Massachusetts Avenue, N.W., thereby meeting the zoning requirements. The subject property is located less than a half-mile from the Dupont Circle Metrorail station (Red line) and is also served by several Metrobus routes, including a Metrobus Priority Corridor Network route within one-quarter mile of the site. Bicycle facilities in the area include five Capital Bikeshare stations within a quarter-mile of the subject property as well as protected bicycle lanes on several nearby streets. (Exhibit 20A1.)

² The Applicant indicated an intent to implement transportation demand management policies and strategies to reduce travel demand or redistribute demand to other times or spaces, with a focus on reducing the demand of single-occupancy private vehicles during peak period travel times or on shifting single-occupancy vehicular demand to off-peak periods. See Exhibit 20A1 at page 12.

The Department of State, after consulting with the Federal agencies authorized to perform protective services, determined that there are no special security requirements related to parking in this case. (Exhibit 19.) Based on this finding and determination, and the evidence in the record, the Board concludes that this criterion has been met.

4. **The extent to which the area is capable of being adequately protected, as determined by the Secretary of State, after consultation with federal agencies authorized to perform protective services.**

The Department of State, after consulting with the Federal agencies authorized to perform protective services, determined that the subject site and area are capable of being adequately protected. (Exhibit 19.)

5. **The municipal interest, as determined by the Mayor.**

The Office of Planning, on behalf of the Mayor of the District of Columbia, determined that approval of the application will be in the municipal interest. The Office of Planning indicated that the District of Columbia appreciated the adaptive reuse of an underutilized building and commented favorably on the location of the new chancery in supporting the economic development of the area. (Exhibit 22.)

6. **The federal interest, as determined by the Secretary of State.**

The Department of State determined that there is federal interest in this project. Specifically, the Department of State acknowledged the Government of the Republic of Poland's assistance in addressing the United States' land use needs in Warsaw, Poland. The Department of State also noted that "[s]uch cooperation was essential for successfully achieving the Federal Government's mission of providing safe, secure, and functional facilities for the conduct of U.S. diplomacy and the promotion of U.S. interests worldwide." (Exhibit 19.)

Great Weight

The Board is required under § 13(d) of the Advisory Neighborhood Commission Act of 1975, effective March 26, 1976 (D.C. Law 1-58; D.C. Official Code § 1-309.10(d); Subtitle Y § 406.2) to give great weight to the issues and concerns raised in the written report of the affected ANC, which in this case is ANC 2B. The ANC submitted a report dated February 13, 2025, indicating that at its duly noticed public meeting on February 12, 2025, with a quorum present, ANC 2B was in support of the application as presented. (Exhibit 24.) For the reasons discussed above, the Board agrees with the ANC that the application should not be disapproved.

Based upon its consideration of the six criteria discussed above, and having given great weight to the affected ANC, the Board has decided not to disapprove the application. Accordingly, it is

hereby **ORDERED** that the application is **NOT DISAPPROVED** subject to the site plan shown at Exhibit 9.

VOTE: **5-0-0** (Frederick L. Hill, Marcel C. Acosta, Carl H. Blake, Lorna L. John, and Tammy M. Stidham to NOT DISAPPROVE.)
