A RESOLUTION

26-98

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

April 29, 2025

To declare the existence of an emergency with respect to the need to amend the Fiscal Year 2026 Budget Submission Requirements Resolution of 2024 to provide for a new date for transmission of the Fiscal Year 2026 budget by the Mayor to the Council.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the “Fiscal Year 2026 Budget Submission Requirements Emergency Declaration Resolution of 2025”.

Sec. 2. (a) The Fiscal Year 2026 Budget Submission Requirements Resolution of 2024, effective December 3, 2024 (Res. 25-740; 71 DCR 15826), pursuant to the Home Rule Act, set April 2, 2025 as the date for the transmission of the Fiscal Year 2026 Budget to the Council. However, the Mayor did not meet that date.

(b) The February 28, 2025, revenue estimate upon which the Mayor’s proposed budget is to be based included significant slowing of revenue growth, requiring reductions in recurring programs as part of the Fiscal Year 2026 budget. In addition, Congress has excluded a standard appropriations provision when adopting the Federal Fiscal Year 2025 continuing appropriations resolution that has forced the District to revise its Fiscal Year 2025 spending to levels appropriated for Fiscal Year 2024, a cut of over \$1 billion from the current year budget.

(c) The proposed May 15, 2025, date of transmission is based on:

(1) More certainty from the Mayor as to when there will be “pencils down” on the Fiscal Year 2025 supplemental budget that the Mayor has chosen to pursue; and

(2) A better understanding from the Office of the Chief Financial Officer as to how long they will need to process the supplemental budget and how flexible they will be as to when they will issue newly revised revenue estimates, which ordinarily would issue after the Council completes its work on the budget, but, because of the Mayor’s delay, this year will issue during Council consideration.

(d) Approval on an emergency basis of the change in the date of the budget transmission is necessary to provide the Council and the public certainty as to the schedule for the Council to complete action on the revised Fiscal Year 2025 budget and the Fiscal Year 2026 budget, and will allow the Council to move forward with setting a revised schedule of committee meetings, markup, and adoption of the Fiscal Year 2026 budget.

ENROLLED ORIGINAL

Sec. 3. The Council of the District of Columbia finds that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Fiscal Year 2026 Budget Submission Requirements Emergency Amendment Resolution of 2025 be adopted after a single reading.

Sec. 4. This resolution shall take effect immediately.

A RESOLUTION

26-99

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

April 29, 2025

The District of Columbia's Housing Ecosystem is a dynamic and multifaceted framework of legislation, policy, public-private partnerships, and resident engagement mechanisms designed to address the full continuum of housing needs—from homelessness prevention and eviction reform to affordable housing production, tenant rights, landlord incentives, and governance reform. Housing production and preservation in DC have slowed alarmingly. Some affordable housing providers warn of impending financial collapse. Without reliable rent revenues and fresh preservation investments, housing providers struggle to maintain the high-quality housing that all District residents deserve, and foreclosures may permanently eliminate existing legal commitments to maintain relatively affordable housing prices.

On Wednesday, May 28, 2025, Councilmember Robert C. White, Jr., Chair of the Committee on Housing, will hold a public hearing to evaluate existing legislative proposals that attempt to respond to these concerns and to fine-tune amendments born out of the Councilmember's extensive work touring troubled rental housing properties, hearing from a range of stakeholders at public hearings, and meeting individually with tenants, first-time homebuyers, rental housing providers, policy

experts in and outside the local executive branch, and policy advocates representing a wide range of views.

The public hearing will take place in hybrid format in Room 123 of the John A. Wilson Building and via the Zoom web conferencing platform beginning at 9:30AM. Members of the public will be able to view the public hearing at:

- <https://dccouncil.gov/hearings/>
- www.entertainment.dc.gov/page/live-tv, and
- <https://youtube.com/@committeeonhousingdc>.

The Eviction Reform Act, introduced by Council Chairman Phil Mendelson, would:

- Give judges discretion not to automatically dismiss cases where housing providers seeking eviction fail to complete certain tenant notice requirements before filing suit or where their initial lawsuit filings contain certain deficiencies.
- Shorten certain eviction lawsuit summons period requirements.
- Allow a housing provider seeking eviction for nonpayment of rent to obtain a prompt order that rent be paid into the court registry during the case, with an opportunity for the tenant to contest the rent amount at a hearing after the initial order.
- Create a new basis for eviction when a tenant has committed certain violent crimes on the premises, as determined by a judge based on a preponderance of evidence at a hearing, with certain exceptions such as for victims of domestic violence; and establish expedited timelines for both the hearings on these matters and any evictions that result.

The Fair Housing Practices Act, introduced by Councilmember Charles Allen, would:

- Require rental housing providers to factor any common-area utility charges into tenants' base rent, rather than subjecting tenants to unpredictable separate fees.
- Require rental housing providers to notify former tenants of any outstanding balances within 45 days after move-out, and prohibit debt collection activities where such notice is not served.

The RENTAL Act, introduced on behalf of Mayor Muriel Bowser, consists of 11 substantive titles, of which Chairman Mendelson has referred 8 to the Committee on Housing:

- Title II, Public Safety Evictions, and Title III, Court Eviction Procedures, are similar to the Eviction Reform bill in that they would establish a violent crime cause of action for evictions (but based on an arrest or charge rather than judicial finding), require prompt registry payment orders where requested by the landlord in an eviction case, and give judges additional discretion not to dismiss eviction cases for landlords' procedural failures. Title III would also allow housing providers to serve eviction lawsuit pre-filing notices by email

and allow evictions for repeated lease violations of the same character in a 1-year period.

- Title IV, Tenant Opportunity to Purchase Act, would change which buildings are subject to the existing Tenant Opportunity to Purchase Act (TOPA), including by:
 - Exempting properties built in the last 25 years where at least 51% of achieved rents are above the affordability threshold for households making 80% of the Area Median Income (AMI).
 - Exempting properties where at least 50% of the units are affordable to households making 80% AMI or less under a covenant of at least 20 years, including at least 5 years after the sale of the building.
 - Allowing certain changes to the makeup of building owner entities where new partners or investors make capital contributions.
- Title V, Local Rent Supplement Program, would allow the District government to allocate locally funded site-specific project-based vouchers that support households making up to 50% AMI. Tenant-based local vouchers would remain limited to households making 30% AMI or less.
- Title VI, DC Low-Income Housing Tax Credit, would make locally funded tax credits available to additional projects that do not receive federal tax credit support.
- Title VIII, Land Acquisition and Disposition Authority, would permit the Mayor to dispose of real property without Council approval if the property was acquired for the purposes of the Community Development Act of 1975.
- Title IX, Facilitation of Resale of Inclusionary Zoning Units, would build on the District government's current authority to purchase inclusionary zoning units for resale to eligible homebuyers, and expressly permit the government to facilitate similar third-party transactions.
- Title XI, District of Columbia Housing Authority Board of Directors, would replace the current temporary Stabilization and Reform Board of the DC Housing Authority (DCHA) with a board of 9 members appointed by the Mayor, subject to new term limits, and would increase Board members' stipends.

The Common Sense TOPA Reform Act, introduced by Councilmember Nadeau, would:

- Exempt buildings from TOPA for the first 3 years after construction.
- Require the creation of standard forms and an online data clearinghouse regarding TOPA transactions.
- Insulate tenants from potentially unproductive outreach by requiring that initial offers of sale be shared with only certain parties during the first 15 days, establishing a certification credential for tenant support providers and purchasers meeting certain qualifications, and imposing a "cooling-off period" for tenants to make decisions about assigning their purchase rights.

- Establish that certain forms of coercion, retaliation, harassment, and fraud against TOPA tenants are unlawful and allow affected parties to recover costs and fees in lawsuits over these and other TOPA violations.

The Committee invites the public to testify live or to submit written testimony. Anyone wishing to testify must sign up at lims.dccouncil.gov/hearings/ or by phone at (202) 727-8270 by the close of business on Monday, May 26. Witnesses are encouraged, but not required, to submit their testimony in writing electronically in advance at lims.dccouncil.gov/hearings/. Witnesses may choose to participate in person or remotely via Zoom. The Committee will follow-up with witnesses with additional instructions on how to provide testimony in advance of the proceeding.

All public witnesses will be allowed a maximum of 4 minutes to testify, while Advisory Neighborhood Commissioners will be permitted five minutes to testify. At the discretion of the Chair, the length of time provided for oral testimony may be reduced.

Witnesses who anticipate needing language interpretation, or require sign language interpretation, are requested to inform the Committee of the need as soon as possible but no later than five (5) business days before the proceeding. We will make every effort to fulfill timely requests, however requests received in less than five (5) business days may not be fulfilled and alternatives may be offered.

The Committee also encourages the public to submit written testimony to be included for the public record. Copies of written testimony should be submitted at lims.dccouncil.gov/hearings/. The record for this public hearing will close at the close of business on Wednesday, June 4, 2025.

DEPARTMENT OF MOTOR VEHICLES

NOTICE OF FINAL RULEMAKING

The Director of the Department of Motor Vehicles (“DMV”), pursuant to the authority set forth in Section 205(h) of the District of Columbia Traffic Adjudication Act of 1978, effective September 12, 1978 (D.C. Law 2-104; D.C. Official Code § 50-2302.05(h)), hereby gives notice of his adoption of the following amendment to Chapter 30 (Adjudication and Enforcement) of Title 18 (Vehicles and Traffic) of the District of Columbia Municipal Regulations (“DCMR”).

This rulemaking establishes the standards governing the Automated Traffic Enforcement Income-Based Fine Reduction Pilot Amnesty Program. The pilot program will be evaluated to assess the effectiveness of offering fine reduction and the impact the reduction has on payment rates and the issuance of future violations

A Notice of Proposed Rulemaking was published in the *District of Columbia Register* on January 24, 2025 at 72 DCR 000613, with a 30-day public comment period. Several comments were submitted in response to the Notice of Proposed Rulemaking. A summary of the significant comments received, and DMV’s responses to the comments, are provided below.

Additional income-eligibility criteria: Two commenters asked that additional consideration be given to those allowed to participate in the program by allowing residents that receive other means-tested benefits beyond Supplemental Nutrition Assistance Program (SNAP) to participate. The planned pilot is using the receipt of SNAP benefits as the only income-eligibility criterion in order to facilitate the timely administration of the pilot; therefore, no amendments to the proposed rules were made in response to these comments. However, different means-tested programs could be included under a larger, permanent program, if the pilot proves successful.

Proof regarding ability to pay: One commenter suggested allowing applicants to submit their own forms of proof regarding their ability to pay, citing to the standards of a California program that allows for traffic fine reductions. The planned pilot is using SNAP receipt as a way to facilitate the timely administration of the pilot; therefore, no amendments to the proposed rules were made in response to this comment. However, different means-testing methods could be included under a larger, permanent program, if this pilot proves successful.

Time to apply: One commenter recommended increasing the amount of time allowed to submit an application to participate. The 30-day window is meant to align the pilot with current practice of doubling after 30 days to evaluate the effects of the pilot against the status quo and to facilitate its timely administration. A notice explaining the pilot program and a link to the application will be included with each qualifying citation issued to a DC-registered vehicle during the pilot period. As long as the vehicle owner receives their citation and opens it in a timely manner, they will have awareness of the program. As noted in the proposed rules, this pilot is limited in scope and time. Therefore, no amendments to the proposed rules were made in response to this comment. However, different approaches, including a 60-day application window, could be available under a larger, permanent program, if this pilot proves successful.

Further adjudication: One commenter recommended allowing individuals that participate and receive the reduction the opportunity to further adjudicate their ticket. Addressing the accuracy and affordability of the ticket are two separate processes. If the vehicle owner believes the ticket was issued in error, they may contest the ticket rather than apply to the pilot. If an individual is not selected for the pilot, they retain the opportunity to contest the ticket. Therefore, no amendments to the proposed rules were made in response to this comment.

Amount of reduction in fine: One commenter recommended offering a greater reduction in the fine. The amount of the reduction in the fine in the planned pilot is based on the goals of both addressing financial burden and maintaining the deterrent effect of traffic enforcement. DMV believes the proposed amount of the fine reduction appropriately balances these two goals. Therefore, no amendments to the proposed rules were made in response to this comment.

DMV notes in general that the rulemaking establishes a pilot program, and the rules were developed to ensure a thorough evaluation of the impact of the program. If the program is determined to be successful and a permanent program implemented, further consideration will be given to factors including using other forms of means-tested benefits to identify qualifying participants; increasing the amount of time allowed to submit a request for a reduction in the fine; and further adjudication of tickets after submission for reduction.

Limitation to District residents: Additionally, the National Taxpayers Union Foundation submitted comments objecting to the fact that this pilot program is limited to District residents. The Foundation maintains that this limit violates the Dormant Commerce Clause, which prohibits the District from discriminating purposefully against out-of-state economic interests or impermissibly burdening interstate commerce. *See, e.g., Nat'l Pork Producers, Inc. v. Ross*, 598 U.S. 356 (2023); *Dep't of Revenue of Kentucky v. Davis*, 553 U.S. 328 (2008). We disagree. The pilot program does not implicate the Dormant Commerce Clause. It does not regulate economic activity at all, let alone constitute a measure “designed to benefit in-state economic interests by burdening out-of-state competitors.” *Ross*, 598 U.S. at 369. Rather, the pilot program establishes varying penalties for unlawful conduct (traffic offenses). Even if the pilot program did implicate the Dormant Commerce Clause, it would not violate it. The program provides for reduced penalties only for low-income District residents and advances legitimate local purposes that are entirely unrelated to economic protectionism. For example, we have determined that the consequences of ATE enforcement can fall significantly more heavily on District residents than non-residents; and that including non-residents would involve significant administrative difficulty that would make this pilot program impractical to implement for low-income residents of other jurisdictions.

The final rule, without amendment, was adopted by the Director of DMV on March 27, 2025 and will be effective upon publication of this notice in the *District of Columbia Register*.

Title 18, VEHICLES AND TRAFFIC, of Chapter 30, ADJUDICATION AND ENFORCEMENT, of the DCMR is amended as follows:

Section 3006, ANSWERS TO NOTICES OF INFRACTION, is amended by adding a new Subsection 3006.7 to read as follows:

- 3006.7
- (a) This subsection establishes the ATE Income-Based Fine Reduction Pilot Amnesty Program (“Program”) as a temporary amnesty program under Section 205(h) of the District of Columbia Traffic Adjudication Act of 1978, effective September 12, 1978 (D.C. Law 2-104; D.C. Official Code § 50-2302.05(h)).
 - (b) The recipient of a notice of infraction subject to a fine of one hundred dollars (\$100) or less that is issued by an automated traffic enforcement system, as that term is defined in Section 901(a) of the Fiscal Year 1997 Budget Support Act, effective April 9, 1997 (D.C. Law 11-198; D.C. Official Code § 50-2209.01(a)), to a vehicle owned by a qualifying owner, as described in § 3006.7(d), shall be eligible to apply for a fifty percent (50%) reduction to the fine under the Program.
 - (c) A qualifying owner is a person who:
 - (1) Owns a vehicle registered in the District of Columbia that received a notice of infraction described in paragraph (b);
 - (2) Resides in the District of Columbia; and
 - (3) Is a member of a household that receives Supplemental Nutrition Assistance Program benefits, as documented by a proof of benefits letter dated no earlier than 90 days prior to the date of the publication of the final rules regarding the Program.
 - (d) To be eligible to be selected for participation in the Program, a qualifying owner must:
 - (1) Apply for the fifty percent (50%) reduction within thirty (30) days of when the notice of infraction was issued; and
 - (2) Agree to waive the right to request a hearing pursuant to the Traffic Adjudication Act, effective September 12, 1978 (D.C. Law 2-104; D.C. Official Code § 50-2301.01 *et seq.*), on the underlying infraction if the eligible application is selected for the fine reduction.
 - (e) A qualifying owner may receive the fifty percent (50%) reduction through the Program for only one (1) infraction during the pilot program time period.
 - (f) If the Director determines an application is complete and accurate and was timely submitted by a qualifying owner for a fine that is eligible for reduction pursuant to this subsection (such an application is hereinafter referred to as an “eligible application”), the Director may reduce the fine by fifty percent (50%). The Director shall not automatically reduce the fine for each eligible application; instead, the Director shall use a randomized

process to determine which eligible applications are selected for the fifty percent (50%) reduction. The percentage of eligible applications that are selected for the fifty percent (50%) reduction shall be no more than half of eligible applications received. At the reasonable discretion of the Director, DMV will close applications to the pilot either after reaching 3,000 eligible applications or after 120 days. When applications close, a notice will be posted to the website.

- (g) The Director shall send a notice to each applicant whose eligible application was selected for the fifty percent (50%) reduction. The notice shall state that:
 - (1) The amount due has been reduced to fifty percent (50%) of the original fine;
 - (2) If the ticket remains unpaid one hundred twenty (120) days after the date on which the Director sent the notice of selection, the ticket will be transferred to the Office of the Chief Financial Officer's Central Collection Unit for collection purposes; and
 - (3) Because of the applicant's selection for participation in the ATE Income-Based Fine Reduction Pilot Amnesty Program, no other tickets of the applicant will be eligible for reduction through the Program.
- (h) If an application for participation in the Program is determined not to be an eligible application because the applicant is not an eligible owner, the notice of infraction is not eligible under paragraph (c), the application is incomplete or untimely, or for any other reason, the Director shall send a notice to the applicant stating:
 - (1) That the application is not eligible for participation in the Program;
 - (2) Why, in specific or general terms, the application is not eligible for participation; and
 - (3) That the owner must comply with the answer requirements set forth in the notice of infraction within the time period set forth in the notice of infraction.
- (i) If an eligible application is not selected for a fine reduction, the Director shall send a notice to the applicant stating that the eligible application was not selected for the fifty (50%) percent reduction and the original fine amount is due.

- (1) For the purpose of the Program, the applicant has thirty (30) days from the date on which the Director sent the notice of non-selection to answer the notice of infraction pursuant to the Traffic Adjudication Act, effective September 12, 1978 (D.C. Law 2-104; D.C. Official Code § 50-2301.01 *et seq.*); the failure to answer the notice of infraction within thirty (30) days will result in the assessment of a penalty equal to the original fine pursuant to the Traffic Adjudication Act, effective September 12, 1978 (D.C. Law 2-104; D.C. Official Code § 50-2301.01 *et seq.*)
- (2) The failure to answer the notice of infraction within sixty (60) days of the date on which the Director sent the notice of non-selection will result in the commission of the infraction being deemed admitted and all penalties, and fines being assessed.

METROPOLITAN POLICE DEPARTMENT

NOTICE OF FINAL RULEMAKING

The Chief of the Metropolitan Police Department (“Chief”), pursuant to the authority under Sections 712 and 911(1)(C) of the Firearms Control Regulations Act of 1975, effective September 24, 1976 (D.C. Law 1-85; D.C. Official Code §§ 7-2507.11 and 7-2509.11(1)(C)) (“Firearms Control Regulations Act”), hereby gives notice of her adoption of the following amendments to Chapter 23 (Guns and Other Weapons) of Title 24 (Public Space and Safety) of the District of Columbia Municipal Regulations (“DCMR”).

The rulemaking amends regulatory provisions that implement the Firearms Control Regulations Act’s requirements for qualifying for a firearm registration certificate and concealed pistol license. Although the existing regulations are consistent with recent case law, there have been significant developments in judicial interpretations of what the Constitution requires for firearm regulations since these provisions were last updated nearly a decade ago. Most notably, the Supreme Court recently emphasized that America’s historical tradition of firearm regulation includes the government’s ability to temporarily “restrict[] gun use to mitigate demonstrated threats of physical violence.” *United States v. Rahimi*, 144 S. Ct. 1889, 1901 (2024). On review of the legal developments, the District’s existing regulations, and the regulations’ enforcement history, the Chief has determined that rulemaking action is appropriate to clarify provisions designed to temporarily restrict “individuals who present a credible threat to the physical safety of others” from obtaining firearm registration certificates and concealed pistol licenses. *See id.* at 1902.

Specifically, the rulemaking amends Section 2309.1(f) to provide that a person is disqualified from registration if the person has a history of violent behavior within the five years immediately preceding the application. This is identical to the requirement of Section 203(a)(6A) of the Firearms Control Regulations Act (D.C. Official Code § 7-2502.03(a)(6A)). Currently, section 2309.1(f) states that “[a]rrest records” within the past five years showing a history of violent behavior disqualify a person from a firearm registration. This could be construed as requiring disqualification based on the existence of arrest records alone, rather than the person’s history of violent behavior. The rulemaking clarifies that the existence of arrest records alone is not per se disqualifying, but rather the disqualification must be based on a person’s history of violent behavior, as the statute provides. Under this provision, the Chief may consider any relevant evidence, including information in law enforcement records or other governmental or non-governmental records. Additionally, the rulemaking revises Subsection 2309.1 throughout for clarity and to further conform to Section 203 of the Act. In addition, the rulemaking adds a new Subsection 2309.3 to make clear that the revocation or denial of a firearm registration certificate is not permanent. It provides that, if a person reapplies for a firearm registration certificate after a revocation or denial, the Chief may not consider the previous revocation or denial to itself be a reason for disqualification. However, the Chief may consider any relevant evidence underlying the prior revocation or denial in determining whether to approve or deny the new application.

Further, the rulemaking amends Subsection 2335.1(d) to establish that a person is not suitable for a concealed carry license if the person has engaged in conduct, including threats, that

demonstrates that the person's carrying of a concealed pistol is a danger to the person or another. This establishes a clearer standard for disqualification based on a person's conduct than the existing language of Subsection 2335.1(d).

Finally, the rulemaking amends Section 2305 by correcting a numbering error, and Subsection 2337.3 by correcting a citation error.

A Notice of Emergency and Proposed Rulemaking was adopted by the Chief on September 19, 2024, and published in the *District of Columbia Register* on September 27, 2024, at 71 DCR 011726. No comments were received in response to the Notice of Emergency and Proposed Rulemaking during the thirty (30)-day comment period.

Pursuant to Section 712 of the Act (D.C. Official Code §§ 7-2507.11), a proposed resolution approving the proposed final rules was transmitted by the Mayor to the Council of the District of Columbia on December 19, 2024 for a forty-five (45) day period of review. *See* Firearms Control Regulations Rulemaking Emergency Approval Resolution of 2024 (Prop. Res. 26-0013). The 45-day period of review having expired on March 12, 2025 with no Council action to approve or disapprove the proposed resolution, the proposed final rulemaking was deemed approved.

No changes have been made to the text of the rules as proposed. The rules were adopted as final by the Chief on April 25, 2025 and shall become effective upon publication of this notice in the *District of Columbia Register*.

Chapter 23, GUNS AND OTHER WEAPONS, of Title 24, PUBLIC SPACE AND SAFETY, of the DCMR is amended as follows:

Section 2305, REGISTRATION OF FIREARMS: GENERAL PROVISIONS, is amended as follows:

Subsection 2505.5 is redesignated subsection 2305.5.

Section 2309, OTHER DISQUALIFICATIONS FOR REGISTRATION, is amended to read as follows:

2309 OTHER DISQUALIFICATIONS FOR REGISTRATION

2309.1 An applicant shall be denied a firearm registration if the applicant:

- (a) Has been adjudicated negligent in a firearm mishap causing death or serious injury to another human being. For purposes of this paragraph:
 - (1) The Chief may consider any entry of a judgment or consent order or decree of negligence in any civil suit concerning the discharge of a firearm resulting in death or serious injury to a human being without regard to the filing of criminal charges, or the finding by a coroner of negligent homicide; and

(2) The term “serious injury” shall have the same meaning as the term “serious bodily injury” as provided in Section 806a(d) of An Act To establish a code of law for the District of Columbia, effective August 20, 1994 (D.C. Law 10-151; D.C. Official Code § 22-404.01(d));

(b) [RESERVED];

(c) Has been convicted of an offense that makes it unlawful for the applicant to own, keep, or possess a firearm in the District of Columbia under Section 3 of An Act To control the possession, sale, transfer and use of pistols and other dangerous weapons in the District of Columbia, to provide penalties, to prescribe rules of evidence, and for other purposes, approved July 8, 1932 (47 Stat. 651; D.C. Official Code § 22-4503);

(d) Has been a respondent in an intrafamily proceeding in which a civil protection order was issued against the applicant pursuant to D.C. Official Code § 16-1005, unless the applicant can demonstrate by a certified court record establishing that the order has expired or has been rescinded for a period of five (5) years;

(e) Has been a respondent in a proceeding in which a foreign protection order, as that term is defined in D.C. Official Code § 16-1041(2), was issued against the applicant, unless the applicant can demonstrate by a certified court record establishing that the order has expired or has been rescinded for a period of five (5) years;

(f) Has had a history of violent behavior within the past five (5) years immediately preceding the application. For purposes of this paragraph, the Chief may consider any relevant evidence, including, but not limited to, information contained in law enforcement records or other governmental records, or from non-governmental sources;

(g) Has been convicted within the past five (5) years of two (2) or more violations of any law in the District or another jurisdiction restricting driving under the influence of drugs or alcohol; or

(h) Is otherwise disqualified under section 203(a) of the Act (D.C. Official Code § 7-2502.03(a)).

2309.2 For purposes of §§ 2309.1(c)-(e) and (g), the Chief may consider a record described in § 2307.1.

2309.3 The prior revocation or denial of a person’s firearm registration application shall not on its own constitute the basis for the denial of a subsequent firearm

registration application; however, the evidence underlying the prior revocation or denial may be considered by the Chief in determining whether the person is qualified to receive a firearm registration pursuant to the person's subsequent registration application.

Section 2335, SUITABILITY TO OBTAIN A CONCEALED CARRY LICENSE, is amended as follows:

Subsections 2335.1(d) and (e) are amended to read as follows:

- (d) Has not engaged in conduct, including threats, that demonstrates that the person's carrying of a concealed pistol poses a credible threat of danger to the person or others. For purposes of this paragraph, the Chief may consider any relevant evidence, including, but not limited to, information contained in law enforcement records or other governmental records, or from non-governmental sources; and
- (e) Does not currently suffer nor has suffered in the previous five (5) years from any mental disorder, illness, or condition that creates a substantial risk that the person is a danger to the person or others, or if the Chief has determined that the person is suitable based upon documentation provided by the person pursuant to § 2337.3.

Section 2337, CONCEALED CARRY APPLICATIONS, is amended as follows:

Subsection 2337.3 is amended by striking the phrase "the requirements of § 2331.1(d)" and inserting the phrase "the requirements of § 2335.1(e)" in its place.

**DEPARTMENT OF LICENSING AND CONSUMER PROTECTION
METROPOLITAN POLICE DEPARTMENT**

NOTICE OF SECOND EMERGENCY AND PROPOSED RULEMAKING

The Director of the Department of Licensing and Consumer Protection, pursuant to authority set forth in An Act Making appropriations to provide for the expenses of the government of the District for the fiscal year ending June thirtieth, nineteen hundred, and for other purposes, effective March 3, 1899 (30 Stat. 1057; D.C. Official Code § 5-129.02), Mayor's Order 2022-024, dated February 9, 2022, and Mayor's Order 2022-149, dated September 29, 2022, and the Chief of the Metropolitan Police Department, pursuant to the authority set forth in Section 1 of An Act Relating to the Metropolitan police of the District of Columbia, approved February 28, 1901 (31 Stat. 819; D.C. Official Code § 5-105.05), Sections 378 and 379 of the Revised Statutes of the District of Columbia (D.C. Official Code § 5-129.03), Mayor's Order 2009-4, dated January 16, 2009, Mayor's Order 2012-28, dated February 21, 2012, and Mayor's Order 2015-167, dated June 16, 2015, hereby gives notice of their adoption, on an emergency basis, of the following amendments to Chapter 11 (Special Police) of Title 6 (Personnel), Subtitle A (Police Personnel), of the District of Columbia Municipal Regulations (DCMR).

The Director and the Chief also give notice of their intent to take final rulemaking action to adopt these amendments in not less than thirty (30) days from the date of publication of this notice in the *District of Columbia Register*, and upon completion of the forty-five (45)-day Council review period, excluding Saturdays, Sundays, legal holidays, and days of Council recess, in accordance with An Act Making appropriations to provide for the expenses of the government of the District for the fiscal year ending June thirtieth, nineteen hundred, and for other purposes, approved March 3, 1899 (30 Stat. 1057; D.C. Official Code § 5-129.02(c)).

The purpose of these emergency and proposed rules is to clarify the requirements applicable to the appointment of special privates without pay for duty in connection with any emergency of riot, pestilence, invasion, insurrection, or during any day of public election, ceremony, or celebration, and to make technical and conforming revisions to existing provisions concerning special police officers.

Emergency action is necessary for the immediate protection of the public peace, health, safety, and well-being of the District of Columbia. To that end, the Director and the Chief deem it critical that these changes remain in effect in anticipation of major events coming to the District of Columbia, including, but not limited to WorldPride 2025 and the FIFA Club World Cup.

On November 1, 2024, an initial Notice of Emergency Rulemaking was adopted by the Chief. It was published in the *District of Columbia Register* on November 15, 2024, at 71 DCR 013997, and will expire on March 1, 2025.

After adopting the above-referenced emergency rulemaking, this second emergency rulemaking makes a conforming change to the pre-assignment training requirements for special police officers and clarifies that such training includes interactions with the public. This second emergency rulemaking was adopted by the Director and the Chief on April 29, 2025 and became effective

immediately on that date. This second emergency rulemaking will expire one hundred twenty (120) days after the date of adoption (August 27, 2025), pursuant to Section 6 of the District of Columbia Administrative Procedure Act, approved October 21, 1968 (82 Stat. 1206; D.C. Official Code §2-505(c)), unless earlier superseded by further emergency or final rulemaking.

The Director and the Chief also hereby give notice of their intent to adopt these rules as final in not less than thirty (30) days after the date of publication of this notice in the *District of Columbia Register*.

**NOTICE OF LICENSEE EXTENSION OF HOURS
FROM MAY 30, 2025 TO JUNE 9, 2025, AND ON JUNE 18, 22, AND 26, 2025**

The Alcoholic Beverage and Cannabis Board (“Board”), pursuant to the authority set forth in D.C. Official Code § 25-723(g), hereby gives notice that it is extending the authorized hours of sales, service, and consumption of alcoholic beverages at, and authorized hours of operation of, on-premises retailer licensees, manufacturers holding an on-site sales and consumption permit, and temporary licensees (collectively, “eligible licensees”) for the period of Friday evening, May 30, 2025 until 4:00 a.m. on Monday, June 9, 2025 and for the evenings of June 18, 2025, June 22, 2025, and June 26, 2025 until 4:00 a.m. the following mornings. Specifically, the Board is authorizing each eligible licensee to extend its hours of sales, service, and consumption of alcoholic beverages until 4:00 a.m. and extend its hours of operation to 24 hours each day, during the designated period, if the eligible licensee: (1) registers with the Board by May 27, 2025, and (2) pays a \$100 fee.

The Board is taking this action pursuant to the authority provided by the On-Premises and On-Site Extended Hours Program Emergency Amendment Act of 2025, effective April 22, 2025 (D.C. Act 26-58; 72 DCR 004924) (“Act”). The Act added a new subsection (g) to section 25-723 of Title 25 of the District of Columbia Official Code. This new subsection authorizes the Board to extend the authorized hours of sales, service, and consumption of alcoholic beverages at on-premises retailer licensees, manufacturers holding an on-site sales and consumption permit, and temporary licensees until 4:00 a.m., and the hours of operation to 24 hours a day, for cultural events, sporting events, or tourism-related events; provided, that the licensee registers with the Board, pays the registration fee as established by the Board, and provides written notice to the Board no later than 3 calendar days before the first day of the event of its extended hours of operations, sales, service, and consumption.

Under the law, a cultural event is defined as an event “that aims to highlight the customs, arts, music, dances, or cuisines of various cultures through performances and displays of artistic expression,” D.C. Official Code § 25-723(g)(5)(A); a sporting event is defined as “a professional or amateur event involving a game or athletic competition that occurs either once annually or every 4 years that is organized by a league or association,” D.C. Official Code § 25-723(g)(5)(B); and a tourism-related events is defined as “major festival, convention, or trade show, with the potential to attract visitors from outside a 50-mile radius of the District, and that is likely to produce a significant positive financial impact for the District,” D.C. Official Code § 25-723(g)(5)(C).

On May 30, 2025, and running through June 9, 2025, World Pride 2025, a major tourism-related event, will be taking place in Washington, DC. Furthermore, on June 18, 22, and 26, 2025, the Federation Internationale de Football Association (FIFA), is hosting soccer matches at Audi Field as part of the 2025 FIFA Club World Cup.

Licensees are also advised that the Juneteenth federal holiday will occur on June 19, 2025. As part of the holiday extended hours program authorized by D.C. Official Code § 25-723(c), licensees currently registered under the extended hours holiday program may operate under the regular extended hours holiday program without registering for the additional extended hours authorized by D.C. Official Code § 25-723(g).

In light of these upcoming major events, on April 30, 2025, the Board, in a 4-0 vote, decided to approve extending the hours of operation and alcohol sales for eligible licensees beginning Friday evening, May 30, 2025, through 4:00 a.m. on Monday, June 9, 2025. The Board also voted to extend the hours of operation and alcohol sales for the evenings of June 18, 2025, June 22, 2025, and June 26, 2025. On these days, the extended hours will start the evenings of June 18, 2025, June 22, 2025, and June 26, 2025 and end at 4:00 a.m. the following mornings.

The Board also directed ABCA to provide notice of these extended hours to the Metropolitan Police Department (“MPD”) at least 48 hours before the extended hours of operation take effect, and to provide MPD with a list of the licensees authorized to participate in the extended hours. The Board also directed ABCA to promptly post notice of the Board’s action to authorize the extended hours on the ABCA website and to promptly submit this notice to the Administrator of the Office of Documents and Administrative Issuances for publication in the *District of Columbia Register*.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

**BZA Application No. 21272
Ellen Adams
54 Randolph Place NW, (Square 3102, Lot 92)**

HEARING DATE: April 23, 2025

DECISION DATE: April 23, 2025

SUMMARY ORDER

RELIEF REQUESTED. The application requests the following relief in order to construct a detached one-story accessory building (garage) serving an existing attached two-story with basement principal dwelling unit in the RF-1 zone:

- Special exception from the rear yard requirements of Subtitle E § 207.1, pursuant to Subtitle E § 5201 and Subtitle X § 901.2 (*20 feet required, 20 feet existing, 6 feet proposed*)
- Special exception from the lot occupancy requirements of Subtitle E § 210.1 pursuant to Subtitle E § 5201 and Subtitle X § 901.2 (*60% maximum permitted, 57% existing, 70% proposed*)

The application was accompanied by a memorandum from the Zoning Administrator, certifying the required relief. (Exhibit 12.)

PARTIES. The parties to this case were the Applicant and Advisory Neighborhood Commission ("ANC") 5E, the "affected ANC" pursuant to Subtitle Y §§ 101.8 and 403.5(b) of the Zoning Regulations (Title 11 of the DCMR, Zoning Regulations of 2016, to which all references are made unless otherwise specified).

NOTICE OF THE APPLICATION AND PUBLIC HEARING. The Board of Zoning Adjustment (the "Board") referred the application to the appropriate agencies and provided proper and timely notice of the public hearing in accordance with Subtitle Y § 402.1.

ANC REPORT. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on March 18, 2025, at which a quorum was present, the ANC voted to support the application. (Exhibit 24.) The ANC report raised no issues or concerns.

OFFICE OF PLANNING ("OP") REPORT. OP submitted a report recommending approval of the application. (Exhibit 25.)

DISTRICT DEPARTMENT OF TRANSPORTATION ("DDOT") REPORT. DDOT did not submit a report to the record.

PERSONS IN SUPPORT. The Board received one letter of support from the Bloomingdale Civic Association. (Exhibit 30.)

CONCLUSIONS

Pursuant to Subtitle Y § 604.3, the order of the Board may be in summary form where granting an application when there was no party in opposition. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

Based upon the record before the Board, and having given great weight to the appropriate reports and recommendations filed in this case, the Board concludes that the Applicant has met the burden of proof that the requested special exception relief can be granted because:

- It is in harmony with the general purpose and intent of the Zoning Regulations and Map;
- It will not tend to affect adversely the use of neighboring property; and
- Pursuant to Subtitle X § 901.2(c), the relief satisfies the specified conditions for special exception relief.

DECISION

Based on the case record and the testimony at the hearing, the Board concludes that the applicant has satisfied the burden of proof for the requested relief:

- Special exception from the rear yard requirements of Subtitle E § 207.1, pursuant to Subtitle E § 5201 and Subtitle X § 901.2 (*20 feet required, 20 feet existing, 6 feet proposed*)
- Special exception from the lot occupancy requirements of Subtitle E § 210.1 pursuant to Subtitle E § 5201 and Subtitle X § 901.2 (*60% maximum permitted, 57% existing, 70% proposed*)

Accordingly, it is **ORDERED** that the application is **GRANTED** consistent with the plat dimensions shown in Exhibit 2 of the record, as required under Subtitle Y §§ 604.9 and 604.10.

**ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
ZONING COMMISSION ORDER NO. 06-10I**

Z.C. Case No. 06-10I

The Morris and Gwendolyn Cafritz Foundation

(Two-Year Time Extension of 1st-Stage PUD

@ Square 3766, Lots 3, 4, 6, & 800 and Square 3767, Lot 5)

January 30, 2025

Pursuant to notice, at its January 30, 2025 public meeting, the Zoning Commission for the District of Columbia (the “Commission”) considered the application (the “Application”) of The Morris and Gwendolyn Cafritz Foundation (the “Applicant”) for a two-year time extension of the First-Stage PUD that was initially approved pursuant to Zoning Commission Order No. 06-10 and was extended to December 31, 2024, pursuant to Z.C. Order No. 06-10D. The Commission reviewed the Application pursuant to the Commission’s Rules of Practice and Procedures, which are codified in Subtitle Z of Title 11 of the District of Columbia Municipal Regulations (Zoning Regulations of 2016, the “Zoning Regulations”, to which all subsequent citations refer unless otherwise specified). For the reasons stated below, the Commission **APPROVES** the Application.

FINDINGS OF FACT

I. Background

1. In Z.C. Order No. 06-10, effective as of January 15, 2010, the Commission approved the consolidated and first-stage PUD application for Art Place at Fort Totten (“APFT”). The APFT project included development of four blocks, Blocks A-D, with Consolidated PUD approval for Block A, and First-Stage PUD approval for Blocks B, C, and D. The First-Stage Order also granted a PUD-related map amendment for the Property to a combination of the C-2-B and FT/C-2-B zones, which became the MU-5-A zone effective September 2016. The APFT PUD Project was originally envisioned to include approximately 929 residential units, a full-service grocery store, significant community-serving retail and cultural uses, a children’s museum, and other significant amenities and community benefits. (Exhibit [“Ex.”] 2)
2. The construction of the building in Block A, which was subsequently modified in Z.C. Order No. 06-10A (which shifted the grocery store use from Building A to Building B) and Z.C. Order No. 06-10C (which reduced the amount of parking provided in Building A), was completed and The Modern at Art Place has been occupied since 2017. The Modern at Art Place currently includes 520 residential units (141 units are subject to an affordability covenant) and 92,000 square feet of retail use and commercial use (including tenants such as: One Life Fitness; Ramdass Pharmacy; Shining Star Pediatric Dentistry; Menomale Restaurant; Urban Garden Brewery; and Love and Care Daycare). (Ex. 2)
3. The Block B PUD Project, which received its second-stage PUD approval in Z.C. Order No. 06-10D (effective March 20, 2020), consists of a mixed-use building with two primary

components – the Family Entertainment Zone (“FEZ”) and a residential component. The FEZ fronts on South Dakota Avenue and included the following uses: retail space/food hall; theatre/interactive space; gala/events space; Meow Wolf (an innovative arts collective); Explore! Children’s Museum; and an Aldi grocery store. The residential component of the Block B PUD Project, with frontage along the former 4th Street, N.E. (which was closed pursuant to DC Act 23-214), included approximately 271 units (30 reserved as artist affordable units) with ground floor retail spaces and ground floor artist maker spaces. Since the approval of Z.C. Order No. 06-10D, the Commission has approved three modifications of the Block B PUD Project (Z.C. Order Nos. 06-10E, 06-10G, and 06-10H). The Applicant noted that construction activity for the Block B PUD Project began in January of 2022 and to date the Applicant has spent over \$120,000,000 on the development of Block B. An Aldi grocery store opened its doors on December 5, 2024, but the Children’s Museum is not expected to deliver until early 2026. (Ex. 2)

4. The Applicant also noted that on February 15, 2018, the Office of the Zoning Administrator determined that a charter school could operate as a matter-of-right on the portion of the APFT PUD Property that was only subject to First-Stage PUD approval. In that letter, the Zoning Administrator concluded that the property’s inclusion within the First-Stage PUD approved in Z.C. Order No. 06-10 does not bar the owner or tenant of the property from operating a charter school on the property as a matter-of-right. As a result of this approval, the Rocketship Infinity Charter School and the Social Justice School began charter school operations on the property subject to the First-Stage PUD approval in 2021. (Ex. 2, 2E)
5. In Z.C. Order No. 06-10D, Findings of Fact Nos. 35-39 and Condition No. G. 3. addressed the timeline for the filing of the second-stage PUD applications for the development of Blocks C and D. Finding of Fact No. 37 and 38 state:
 - 37. The Applicant will file a second-stage PUD application for either Block C or Block D by December 31, 2024, which is expected to be two years after Block B is open and operating; and
 - 38. The second-stage PUD application for the final development parcel included in the overall PUD will occur by December 31, 2030. (Ex. 2)

Parties and Notice

6. The parties to the Z.C. Case Nos. 06-10 and 06-10D other than the Applicant were Advisory Neighborhood Commissions (“ANC”) 5A and 4B, the “affected” ANCs pursuant to Subtitle Z § 101.8, and the Lamond-Riggs Citizens Association (“LRCA”).
7. On December 20, 2024, the Applicant served the Application on ANCs 5A and 4B and LRCA as well as the Office of Planning (“OP”) and the District Department of Transportation, as attested by the Certificate of Service submitted with the Application. (Ex. 2 at 7)

II. The Application

8. On December 20, 2024, the Applicant timely filed the Application requesting a two-year extension of the First-Stage PUD approval, until December 31, 2026, to file a Second-Stage PUD application for either Block C or D. This extension request will provide the Applicant the opportunity to review, potentially revise, and move forward with Second-Stage PUD applications for the development of Blocks C and D. (Ex. 2) On January 24, 2025, in response to OP's Report at Exhibit 4, the Applicant submitted a request for a waiver from Subtitle Z § 705.5 to allow a second time extension request for a two-year period. (Ex. 5)
9. The Applicant stated that it met the requirements of Subtitle Z § 705.2 for the requested two-year time extension and the requirements of Subtitle X § 101.9 for a waiver from Subtitle Z § 705.5's maximum of one year for a second time extension because:
- The time extension request was served on all parties and parties were allowed 30 days to respond;
 - There has been no substantial change in any material facts that would undermine the basis for the Commission's original approval of the First-Stage PUD. In fact, numerous benefits and amenities of the APFT PUD project have already been provided. The development of Block A has delivered 520 (141 of which are subject to an affordability covenant) of the 920 residential units that were envisioned in the APFT project and Block B will create 270 more residential units. Block A includes a significant amount of retail and service uses (including a fitness club, restaurants, and a day care center) and Block B has delivered the promised full-service grocery store with a children's museum expected to be delivered in early 2026. In addition, the Applicant has brought two well-established and thriving Charter School uses to the First-Stage PUD property;
 - Good cause justifies the Commission granting the time extension and the waiver because despite the significant investments of time, resources and financial capital that the Applicant has expended, circumstances outside the Applicant's reasonable control have prevented the Applicant from proceeding with the preparation and filing of Second-Stage PUD applications for Blocks C and D, including a global pandemic, unprecedented increases in construction costs, higher interest rates, and tougher lending conditions. The Applicant noted that the timeline in Z.C. Order No. 06-10D anticipated that Block B would be fully completed by December 2022 and there would be two years of operations of uses by the December 31, 2024, deadline to file second-stage applications for either Block C or D. As noted above, the Aldi grocery store just opened on December 5, 2024, and the other cultural, retail and residential elements of Block B have not been constructed at this time. Therefore, this time extension request for two more years to file a Second-Stage PUD application for Block C or D is consistent with the amount of time that the Applicant desired to have between the completion and occupancy of uses in Block B and the future development of Blocks C and D; and

- The time extension request does not prejudice the rights of any party and is not otherwise prohibited by law. (Ex. 2, 5)
10. The Application noted that Z.C. Order No. 06-10 approved the construction of an eight-story, 90-foot-tall residential building with 400 residential units on Block C and a seven-story, 90-foot-tall building on Block D that would include rehearsal and support space for Washington-area performing arts institutions and potentially a branch library. During the next two years, the Applicant stated it will further analyze whether these uses are still needed in this community (for instance the Lamond Riggs Library, located across South Dakota Avenue from the Property, recently completed a major renovation and recently reopened) or whether other arts, cultural, or education uses may be more appropriate. (Ex. 2)
11. The Application noted that in response to dialogue with representatives of ANC 5A, LRCA, and members of the surrounding community, the Applicant has agreed to undertake the following actions to enhance the physical appearance of the area around Blocks B, C, and D as follows:
- The Applicant has prepared a full design program for a new fence with signage and art images, as well as banner signs on new light poles throughout the site;
 - The Applicant will install trashcans along South Dakota Avenue in front of Block B; and
 - The Applicant will work with LRCA, ANC 5A, and members of the community to activate the site (in particular the South Dakota Avenue frontage) while the planning for the future development of Blocks C and D progresses. (Ex. 2)

OP Report

12. OP submitted a report dated January 17, 2025 (“OP Report”), stating that it recommended approval of the Applicant’s request for a second extension for a period of two years, and supported a waiver to allow a second extension request for more than one year. OP’s Report noted that there have been changes to the Comprehensive Plan and the Zoning Regulations as well as some new developments in the general area since the original APFT PUD approval in 2010, but none that would negatively affect the material facts upon which the approval was based. (Ex. 4)

Responses from Parties

13. Neither of the affected ANCs, 5A or 4B, submitted responses to the Application.
14. LRCA did not submit a response to the Application.

CONCLUSIONS OF LAW

1. Subtitle Z § 705.2 authorizes the Commission to extend the period of an order approving a PUD upon determining that the time extension request demonstrated satisfaction of the requirements of Subtitle Z § 705.3, 705.5, and 705.6.

2. The Commission concludes that the Applicant timely filed the Application on December 20, 2024, prior to the December 31, 2024, deadline granted in Z.C. Order No. 06-10D to file a Second-Stage PUD application for either Block C or Block D of the APFT PUD.
3. Subtitle Z § 705.2(a) requires that an Applicant serve the extension request on all parties and that all parties are allowed 30 days to respond.
4. The Commission concludes that the Applicant satisfied the requirement of Subtitle Z § 705.2(a) to serve the Application on all parties to the original proceeding, in this case ANCs 5A, 4B and the LRCA and that all parties were given 30 days to respond from the December 20, 2024, date of service.
5. Subtitle Z § 705.5 requires that a second PUD extension request may be approved for no more than one year.
6. Subtitle Z § 101.9 authorizes the Commission to waive any of the provisions of Subtitle Z if, in the judgment of the Commission, the Applicant demonstrates good cause for the waiver and the waiver will not prejudice the rights of any party and is not otherwise prohibited by law.
7. The Commission concludes that the Application demonstrated good cause to waive Subtitle Z § 705.5's requirement that a second time extension request be approved for no more than one year. The Commission determined that, pursuant to Subtitle Z § 101.9, granting a waiver from Subtitle Z § 705.5's requirement will not prejudice the rights of any party nor is it otherwise prohibited by law. The Commission makes this conclusion because the parties to the original order – ANCs 5A and 4B and LRCA were served with the Application and allowed the opportunity to respond. Moreover, the Commission believes that a two-year time extension will give the Applicant adequate time to finalize a new development timeline and mix of uses for the remaining PUD property which better reflects the current and expected economic climate.
8. Subtitle Z § 705.2(b) requires that the Commission find that there is no substantial change in any material facts upon which the Commission based its original approval of the PUD that would undermine the Commission's justification for approving the PUD.
9. The Commission concludes that the Application satisfied Subtitle Z § 705.2(b) based on the information provided in the Application materials and the OP Report, which stated that no substantial change has occurred to any of the material facts upon which the Commission had relied in approving the original Order.
10. Subtitle Z § 705.2(c) requires that an application demonstrate with substantial evidence one or more of the following criteria:

1. *An inability to obtain sufficient project financing for the development, following an applicant's diligent good faith efforts to obtain such financing, because of changes in economic and market conditions beyond the applicant's reasonable control;*
 2. *An inability to secure all required governmental agency approvals for a development by the expiration date of the PUD order because of delays in the governmental agency approval process that are beyond the applicant's reasonable control; or*
 3. *The existence of pending litigation or such other condition, circumstance or factor beyond the applicant's reasonable control that renders the applicant unable to comply with the time limits of the order.*
11. The Commission concludes that the Application met the standard of Subtitle Z § 705.2(c)(1), as the Applicant was unable to move forward with the preparation of second-stage PUD applications for Blocks C or D because of changes in economic and market conditions beyond its reasonable control. The Commission acknowledges the challenges associated with the global COVID pandemic, the unprecedented increases in construction costs, higher interest rates and tougher lending conditions that negatively impacted the Applicant. The Commission agrees that these matters were beyond the Applicant's reasonable control and rendered the Applicant unable to file second-stage PUD applications for Blocks C or D by December 31, 2024. The Commission finds that the two-year time extension request is appropriate.

“Great Weight” to the Recommendations of OP

12. Pursuant to § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2001)) and Subtitle Z § 405.9, the Commission must give “great weight” to the recommendations of OP (*Metropole Condo. Ass’n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)).
13. The Commission finds OP’s recommendation to approve the Application persuasive and therefore concurs in that judgment.

“Great Weight” to the Written Report of the ANC

14. Pursuant to § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d)) and Subtitle Z § 406.2, the Commission must give “great weight” to the issues and concerns raised in the written report of the affected ANC. To satisfy this great weight requirement, District agencies must articulate with particularity and precision the reasons why an affected ANC does or does not offer persuasive advice under the circumstances (*Metropole Condo. Ass’n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)). The District of Columbia Court of Appeals has interpreted the phrase “issues and concerns” to “encompass only legally relevant issues and concerns.” (*See Wheeler v. District of Columbia Board of Zoning Adjustment*, 395 A.2d 85, 91 n.10 (1978)).

15. Neither of the affected ANCs, 5A or 4B, submitted responses to the case record; therefore, the Commission has nothing to which it can give “great weight”.

DECISION

In consideration of the case record and the Findings of Fact and Conclusions of Law herein, the Commission concludes that the Applicant has satisfied its burden of proof and therefore **APPROVES** the Application’s request for a two-year time extension of Z.C. Order No. 06-10, as modified by Z.C. Order No. 06-10D, to extend the deadline to December 31, 2026, to file a Second-Stage PUD application for the development of either Block C or D of the APFT PUD.

On January 30, 2025, upon the motion of Anthony J. Hood as seconded by Gwen Wright, the Zoning Commission took **FINAL ACTION** to **APPROVE** the application at its public meeting by a vote of **5-0-0** (Anthony J. Hood, Gwen Wright, Robert E. Miller, Tammy Stidham and Joseph S. Imamura to approve).

In accordance with the provisions of Subtitle Z § 604.9, this Order No. 06-10I shall become final and effective upon publication in the *District of Columbia Register*; that is, on May 9, 2025.

BY THE ORDER OF THE D.C. ZONING COMMISSION

A majority of the Commission members approved the issuance of this Order.

**(899 Lodging Group, LLC – PUD Modification with Hearing
@ Square 398, Lot 7006 and part of Lot 32 (899 O Street, N.W.)
February 3, 2025**

Pursuant to notice, the Zoning Commission for the District of Columbia (“Commission”) held a public hearing on February 3, 2025, to consider an application (“Application”) from 899 Lodging Group, LLC (“Applicant”) for a modification with hearing to a previously approved consolidated planned unit development (“PUD”) and related Zoning Map amendment for property located at 899 O Street, N.W. (Square 398, Lot 7006 and part of Lot 32) (the “Property”) for the following:

- Special exception relief pursuant to Subtitle C § 1501.1(d) and Subtitle X § 901.2 of the District of Columbia Zoning Regulations, Title 11 of the District of Columbia Municipal Regulations (“DCMR” or “Zoning Regulations” and to which all subsequent section references refer unless otherwise specified), to establish an eating and drinking establishment in existing penthouse habitable space;
- Special exception relief from the penthouse setback requirements of Subtitle C § 1504, pursuant to Subtitle C § 1506.1 and Subtitle X § 901.2, to increase the height of an existing elevator override from 18.5 feet to 20 feet (i.e., 1.5 feet); and
- Approval to expand the existing penthouse structure by approximately 40 square feet to add a new enclosed elevator lobby.

The Commission considered the Application pursuant to the Commission’s Rules of Practice and Procedures, which are codified in Subtitle Z of the Zoning Regulations. For the reasons stated below, the Commission hereby **APPROVES** the Application.

FINDINGS OF FACT

I. BACKGROUND

The Overall PUD Site and the Property

1. The Property is known as 899 O Street, N.W., and is part of Record Lot 32 in Square 398 (the “Overall PUD Site”). The Overall PUD Site is bounded by P Street, N.W. to the north, 7th Street, N.W. to the east, O Street, N.W. to the south, and 9th Street, N.W. to the west. The Overall PUD Site has approximately 149,600 square feet of land area and is rectangular in shape. The Property is located on the southwest corner of the Overall PUD Site.

The Original PUD Approval

2. The Overall PUD Site is improved with existing buildings that were constructed in accordance with Z.C. Order No. 07-26, effective July 18, 2008 (Exhibit [“Ex.”] 2D) (the “Original Order”), as modified and extended. The Original Order approved a consolidated PUD and a related Zoning Map amendment from the C-2-A zone to the C-3-C zone or the

CR Zone for the Overall PUD Site under the 1958 Zoning Regulations that were in place at the time.¹

3. The Original Order approved redevelopment of the Overall PUD Site, which included the historic O Street Market, with new residential, retail, service, hotel, and grocery store uses. The Original Order included approval of development of a hotel building on the Property (the “Hotel Building”). All of the buildings approved pursuant to the consolidated PUD, including the Hotel Building, have been constructed and are occupied.²

Parties

4. Pursuant to Subtitle Z § 403.5(a), the Applicant is automatically a party to the Application.
5. Pursuant to Subtitle Z §§ 101.8 and 403.5(b), Advisory Neighborhood Commission (“ANC”) 2G is automatically a party to the Application as the ANC in which the Property is located.³
6. The Commission received no other requests for party status.

Notice and Setdown

7. Pursuant to Subtitle Z §§ 300.7 and 300.8, on June 24, 2024, the Applicant mailed a Notice of Intent to file the Application to the owners of all property located within 200 feet of the perimeter of the Property and to ANC 2G (Ex. 2C).
8. Pursuant to Subtitle Z § 300.9, subsequent to the mailing of such notice and prior to filing the Application with the Commission on September 27, 2024, the Applicant presented the Application to ANC 2G at its regularly scheduled public meeting of July 2, 2024.
9. Pursuant to Subtitle Z §§ 400.9-400.12, on November 14, 2024, at its duly noticed public meeting, the Commission considered the Application and voted to set the case down for a public hearing.
10. Pursuant to Subtitle Z §§ 402.1-402.2 and 402.6, on December 9, 2024, the Office of Zoning (“OZ”) sent notice of the February 3, 2025, public hearing concerning the Application to:
 - Applicant;
 - ANC 2G;
 - Office of ANCs;
 - Councilmember in whose district the Property is located and the At-Large Councilmembers;

¹ At the time that the Original Order was approved, the Overall PUD Site was known as Lots 829 and 830 in Square 398. Under the current Zoning Regulations, the C-2-A zone converted to the MU-4 zone, the C-3-C zone converted to the MU-9B zone, and the CR zone converted to the MU-10 zone. The Property where the Hotel Building is located is within the MU-9B zone per the PUD related map amendment granted in the Original Order.

² In Z.C. Orders No. 07-26A, 07-26B, 07-26C, 07-26D, 07-26E, and 07-26F, the Commission approved a time extension and various modifications to the approved consolidated PUD.

³ At the time that the Original Order was approved, the Overall PUD Site was located within ANC 2C.

- Office of Planning (“OP”);
 - District Department of Transportation (“DDOT”);
 - Department of Buildings (“DOB”);
 - OZ Legal Division (“OZLD”);
 - District Department of Energy and the Environment (“DOEE”); and
 - Owners of property within 200 feet of the Property.
- (Ex. 11, 11A).
11. Pursuant to Subtitle Z § 402.1(a), OZ published notice of the February 3, 2025, public hearing concerning the Application in the December 20, 2024, issue of the District of Columbia Register (71 DCR 015859 *et seq.*; Ex. 10).
12. Pursuant to Subtitle Z §§ 402.3-402.4, 402.8-402.10, on December 17, 2024 and on January 28, 2025, the Applicant submitted evidence that it had posted notices of the public hearing on the Property and thereafter maintained such notices (Ex. 12-12B, 16).

II. THE APPLICATION

13. On September 27, 2024, the Applicant filed the Application requesting a modification with hearing, pursuant to Subtitle Z § 704. The Application stated that modifications to the Hotel Building were requested because the Hotel Building was recently sold and was undergoing a rebranding and renovation effort. The rebranded hotel would repurpose the existing penthouse area by filling in the existing swimming pool to provide additional conference space, a small warming kitchen with a bar, and seating areas for an eating and drinking establishment for hotel guests. This proposed use would serve as a meeting and function space and provide an extension to the existing second-floor restaurant.

PUD Modifications

14. As shown on the Architectural Plans and Elevations (the “Architectural Plans and Elevations”) (Ex. 9C), the Application proposed the following modifications to the approved and existing Hotel Building, requesting:
- A special exception, pursuant to Subtitle C § 1501.1(d) and Subtitle X § 901.2, to establish an eating and drinking establishment use within the existing penthouse structure on the Hotel Building ;
 - A special exception from the penthouse setback requirements of Subtitle C § 1504, pursuant to Subtitle C § 1506.1 and Subtitle X § 901.2, to increase the height of an existing elevator overrun from 18.5 feet to 20 feet to bring it to the Hotel Building roof, which would result in a penthouse setback in one location that is non-compliant with the 1:1 penthouse setback required⁴; and
 - To expand the existing enclosed penthouse structure on the Hotel Building by approximately 40 square feet to accommodate a new elevator lobby.

⁴ The existing and proposed penthouse setback is 9 feet, 8 inches, so the 1.5-foot addition to the mechanical penthouse height will increase the existing non-conformity necessitating penthouse setback relief.

15. The Application did not propose any other modifications to the Hotel Building. Other than the two areas of zoning relief requested, the Hotel Building would continue to comply with all applicable zoning standards.

Applicant's Submissions and Testimony

16. Initial Application. On September 27, 2024, the Applicant filed its initial application materials, which included the following:
- A Statement in Support of the Application that provided an overview of the modifications proposed, justifications relating to the special exception and PUD evaluation criteria, and a discussion of the Applicant's community outreach and engagement efforts;
 - An initial set of architectural plans and elevations; and
 - Procedural materials required by the Zoning Regulations.
- (Ex. 1-4).
17. Comprehensive Plan. On November 4, 2024, the Applicant filed an evaluation of how the proposed modifications are not inconsistent with the Comprehensive Plan, including when evaluated through a racial equity lens. (Ex. 7) The Applicant stated that the proposal would further Comprehensive Plan policies within the Land Use Element, Economic Development Element, and Near Northwest Area Element along with objectives of the Convention Center Area Strategic Development Small Area Action Plan (*Id.*); and *Community Outreach and Engagement* – The Applicant's statement in support stated that it introduced the Application to ANC 2G at its regularly scheduled meeting on July 2, 2024, and the ANC expressed no concerns about the proposal. (Ex. 2) The Applicant stated that the ANC received comments from neighbors residing at a condominium building across O Street, citing concerns about the proposal's potential negative impacts on condominium unit values, noise, privacy, traffic, crime, homeowners' **insurance**, and security (*Id.*). The Applicant provided written responses to the cited concerns (*See id.* at 8-11).
18. Prehearing Submission. On November 22, 2024, the Applicant filed its Prehearing Submission and supporting materials responding to comments raised by OP in its November 4, 2024, Setdown Report and by the Commission at its November 14, 2024, public meeting (Ex. 8-9D). The Prehearing Submission included the following information from the Applicant:
- The only additional information requested by OP was to further address concerns raised by the condominium community across O Street, N.W., to the south of the Property, and to describe any agreed upon mitigation (Ex. 6, p. 5). The Prehearing Submission stated that the Applicant was continuing to engage with the community and would provide an update on its engagement efforts prior to the public hearing;
 - At its public meeting, the Commission asked the Applicant to confirm that the penthouse height for the new elevator overrun would not exceed 20 feet. The Prehearing Submission confirmed that the new elevator overrun would have a maximum height of 20 feet;
 - At its public meeting, the Commission asked the Applicant to provide more information on why the portion of the penthouse for which additional height was proposed could

not be setback farther on the roof. The Prehearing Submission stated that the elevator shaft is an existing condition that runs vertically within the Hotel Building and could not be relocated. To improve access and decrease elevator wait times, the Applicant proposed to extend the elevator to the roof level, which required increasing the height of the overrun to accommodate required mechanical equipment; and

- Finally, at its public meeting the Commission asked the Applicant to provide additional information about its outreach efforts to neighbors and the ANC. The Prehearing Submission stated that the Applicant was working with ANC 2G to schedule a community “meet and greet” at the Property and was scheduled to present at the ANC’s Zoning, Planning, and Historic Preservation Committee meeting and at the full ANC 2G public meeting. The Prehearing Submission stated that the Applicant would provide more information on continued engagement prior to the public hearing.

The Prehearing Submission also included updated Architectural Plans and Elevations and additional materials required by the Zoning Regulations (Ex. 8-9D).

19. Applicant’s Direct Presentation. In advance of the February 3, 2025, public hearing, the Applicant filed a PowerPoint presentation (Ex. 17). At the public hearing, the Applicant presented the Application through a review of the PowerPoint presentation and testimony from a representative of the Applicant and from Mr. Manish Patel, who the Commission qualified as an expert in architecture.
20. Draft Findings of Fact and Conclusions of Law. Pursuant to Subtitle Z § 601.1, the Applicant filed draft findings of fact and conclusions of law (Ex. 19).

Applicant’s Justification for Relief

21. The Application requested that the Commission approve a modification with hearing to the approved PUD for the Property.
22. As part of the Application, the Applicant requested special exception relief pursuant to Subtitle C § 1501.1(d) and Subtitle X § 901.2, to permit an eating and drinking establishment use in the penthouse. The Applicant’s Statement in Support explained that the special exception standards were met as follows:
 - The proposed eating and drinking establishment use would be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps because this use is consistent with the underlying MU-4 zoning, which permits eating and drinking establishments as a matter-of-right;
 - The proposed use would advance the general intent of the Zoning Regulations by enabling the hotel to offer a use that complements the surrounding mixed-use neighborhood and serves as an amenity for hotel guests;
 - The proposed use would not adversely affect neighboring properties. The intensity of the eating and drinking establishment use would be nominal and appropriate within the context of the mixed-use PUD. The use in the penthouse would accommodate approximately 157 individuals and the space would be fully enclosed within the existing penthouse. The limited size and interior location would mitigate any potential impacts on the neighborhood and would ensure compatibility with adjacent uses. Thus,

there would be no adverse impact to hotel guests or to nearby residents. Furthermore, the proposed use would not trigger increases in traffic to or from the Property, as the use would predominantly serve guests of the hotel; and

- As a result of the foregoing, the proposed eating and drinking establishment use in the penthouse would be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps and would not tend to affect adversely the use of neighboring property.

23. The Application also requested special exception approval pursuant to Subtitle C § 1506.1 from the penthouse setback requirements of Subtitle C § 1504. The relief was requested for the elevator overrun, which would have an overall height of 20 feet with a non-compliant setback of nine feet, eight inches in one location. The Applicant's Statement in Support explained that the special exception standards were met as follows:

- The relief requested would be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps. The purpose of the setback requirement is to minimize visibility of rooftop structures while allowing for necessary mechanical equipment and habitable and amenity space at the penthouse level. The proposed relief would not undermine this intent because the increased height is necessary to provide safe and efficient vertical circulation to the penthouse level. The location of the elevator overrun on the southwest corner of the rooftop would minimize its visibility from the street and ensure that it would not detract from the character of the surrounding area;
- The penthouse is an existing condition on the Hotel Building and was originally approved through the PUD process. Other than the minimal increase in height to the overrun and a small elevator lobby, no other exterior changes will be made. Thus, the penthouse massing and height would be largely undisturbed and would comply in all other respects with the approved design parameters;
- Granting the setback relief would allow for improved access to the penthouse without altering the building's overall appearance or disrupting the harmonious relationship between the hotel and its neighboring structures. The request is consistent with the goals of the underlying MU-4 zone, which encourage mixed-use development while promoting efficient use of space and minimal visual impacts;
- The relief requested would not affect adversely the use of neighboring property. The increased elevator overrun height would not be visible from the street and would have minimal impact on the view of the southern building façade. The Hotel Building is separated from the closest residential properties to the south by O Street, N.W., which provides a significant buffer. The overall massing of the Hotel Building and its existing rooftop structures would otherwise be unchanged, thus ensuring that the modification would not alter the visual character of the area in a way that would negatively affect adjacent properties;
- The elevator enclosure would not generate noise or activity that could disturb neighboring properties. The elevator would operate within its shaft and would be designed with materials that match those of the existing structure. Since the rooftop space is already part of the hotel's operational area, the modifications would not introduce any new or abnormal levels of activity beyond what is already permitted and existing;

- The penthouse modifications would enhance the hotel’s functionality without introducing any adverse effects that would disrupt the surrounding uses. The penthouse and rooftop space are already approved as part of the Hotel Building’s use, and the proposed elevator improvements are necessary to provide safe and functional access to the roof. These improvements would benefit hotel guests without imposing negative externalities on neighboring properties;
- The proposed modifications are modest in scale and designed to minimize visual impact while enhancing functionality. The separation provided by O Street, combined with the careful placement and design of the rooftop elements, would ensure that the proposed penthouse will not adversely affect the use or enjoyment of neighboring properties;
- Strict application of the setback requirement would undermine the functionality of the Hotel Building. The elevator overrun must extend to 20 feet in height to accommodate the mechanical systems required for safe and reliable vertical circulation. Compliance with the setback requirement would necessitate a complete redesign of the building’s existing vertical circulation system, leading to higher costs and a longer construction timeline, all of which are unreasonable given the minor nature of the proposed modifications;
- Strict application of the setback requirement would also be inconsistent with building codes and modern accessibility standards. The increased height of the elevator overrun is necessary to meet current safety and accessibility codes, which prioritize functionality and user safety. Restricting the elevator’s height in order to fully meet the setback requirements would create practical challenges and potentially result in non-compliance with critical building code requirements; and
- Taken together, strict application of the setback requirements would be unduly restrictive and unreasonable given the structural constraints of the existing Hotel Building. It would impose significant construction challenges, increase costs, and compromise the functionality and safety of the building, making setback relief necessary to achieve a reasonable, code-compliant design that also mitigates visual impact through thoughtful design choices.

III. RESPONSES TO THE APPLICATION

OP

24. On November 4, 2024, OP filed a setdown report recommending that the Commission setdown the Application for a public hearing (“OP Setdown Report”) (Ex. 6). The OP Setdown Report concluded that the requested PUD modifications meet the applicable special exception criteria and PUD evaluation criteria and included the following comments on the Application:

- The proposed eating and drinking establishment “is a permitted use in the MU-4 base zone where the hotel is located, and in the MU-9 [PUD] zone for this site.” (Ex. 6, p. 2);
- Granting relief to permit an eating and drinking establishment use in the penthouse “would not be contrary to the intent of the Regulations, as the proposed establishment would be within an existing enclosed penthouse” and “[w]ith respect to privacy of

- neighbors, the existing rooftop structure will remain fully enclosed, which should mitigate potential privacy concerns for nearby residents.” (Ex. 6, p. 2);
- Given the existing structure’s internal configuration, “shifting the elevator shaft to satisfy the one-to-one setback for the newer elevator installation within the penthouse” would be “unduly prohibitive” and “[m]oving the elevator location would also create unnecessary reconstruction of the building’s interior.” (Ex. 6, p. 3);
 - OP further found that “the proposed vertical extension of the overrun would not result in a significant increase in its visibility from the sidewalk” nor would it materially change the Commission’s determination in the original PUD that the “requested roof structure design would not adversely impact the light and air of adjacent buildings since each element has been located to minimize their visibility. Therefore, the intent and purposes of the Zoning Regulations will not be materially impaired, and the light and air of adjacent buildings will not be adversely affected.” (Ex. 6, p. 4);
 - The use of neighboring property “would not be adversely impacted due to noise or visibility from a neighbor’s residence” and the “elevator equipment would not generate noise to disturb the hotel guests, nor should it disturb neighbors since it would be enclosed within the penthouse building.” (Ex. 6, p. 4);
 - Approval of the Application “would not significantly advance or impede the stated policies of the Comprehensive Plan related to equity since the requested special exception relief is related to an interior renovation of the existing facility that would not adversely impact the light and air to neighboring properties, nor result in loss of affordable housing, nor lead to other inequities for the neighborhood or planning area as a whole. The addition of the eating and drinking establishment would create some additional employment opportunities for area residents.” (Ex. 6, p. 4);
 - An analysis of the Comprehensive Plan does not indicate any policies related to racial equity that would be significantly impaired by the proposed modification to the PUD. (Ex. 6, p. 4); and
 - The OP Setdown Report also provided a racial equity analysis not inclusive of disaggregated race and ethnicity data for the Near Northwest Planning Area (Ex. 6, pp. 4-5).
25. On January 22, 2024, OP filed a hearing report recommending that the Commission approve the Application (“OP Hearing Report”). (Ex. 14) The OP Hearing Report largely reiterated the findings and conclusions from the OP Setdown Report.
26. At the February 3, 2025 public hearing, OP testified in support of the Application by referencing the OP Setdown and Hearing Reports filed in the case record.

DDOT

27. On January 24, 2025, DDOT filed a report stating no objection to the Application (Ex. 15).
28. DDOT did not testify at the public hearing.

Other District Agencies

29. No District agencies other than OP and DDOT submitted comments on the Application or testified at the public hearing.
30. ANC 2G submitted a resolution dated January 9, 2025, stating that at its duly noticed and regularly scheduled public meeting held on December 12, 2024, with a quorum of five out of six commissioners present, ANC 2G voted unanimously 5-0-0 to support the Application (“ANC Report”). The ANC Report did not cite any issues and concerns (Ex. 13).
31. ANC 2G did not testify at the public hearing.

Organizations and Individuals in Support

32. No organizations or individuals filed written comments or testified in support of the Application at the public hearing.

Organizations and Individuals in Opposition

33. No organizations or individuals filed written comments or testified in opposition to the Application at the public hearing.

CONCLUSIONS OF LAW**Authority**

1. Pursuant to the authority granted by the Zoning Act of 1938 (June 20, 1938, 52 Stat. 797, as amended; D.C. Official Code § 6-641.01 (2018 Repl.)), the Commission may approve a PUD and modifications to an approved PUD consistent with the requirements of Subtitle X, Chapter 3, and Subtitle Z § 704.
2. Pursuant to Subtitle X § 300.1, the purpose of the PUD process is to provide for higher quality development through flexibility in building controls, including building height and density, provided that a PUD: (a) results in a project superior to what would result from the matter-of-right standards; (b) offers a commendable number or quality of meaningful public benefits; and (c) protects and advances the public health, safety, welfare, and convenience, and is not inconsistent with the Comprehensive Plan.
3. Pursuant to Subtitle X § 303.1, as part of the PUD process, the Commission may grant relief from any development standards established in the corresponding zone, which shall be considered a type of development flexibility against which the Zoning Commission shall weigh the benefits of the PUD.
4. Pursuant to Subtitle X § 303.12, a PUD-related zoning map amendment shall be considered flexibility against which the Zoning Commission shall weigh the benefits of the PUD.
5. Pursuant to Subtitle X § 303.13, as part of any PUD, the applicant may request approval of any relief for which special exception approval is required. The Zoning Commission shall apply the special exception standards applicable to that relief, unless the applicant requests flexibility from those standards.

6. Pursuant to Subtitle X § 304.3, in deciding a PUD application, the Commission shall judge, balance, and reconcile the relative value of the public benefits and project amenities offered, the degree of development incentives requested, and any potential adverse effects according to the specific circumstances of the case.
7. Pursuant to Subtitle X § 304.4, to approve a proposed PUD, the Commission shall find that the proposed development (a) is not inconsistent with the Comprehensive Plan and with other adopted public policies and active programs related to the subject site; (b) does not result in unacceptable project impacts on the surrounding area or on the operation of city services and facilities but instead shall be found to be either favorable, capable of being mitigated, or acceptable given the quality of public benefits in the project; and (c) includes specific public benefits and project amenities of the proposed development that are not inconsistent with the Comprehensive Plan or with other adopted public policies and active programs related to the subject site.
8. Pursuant to Subtitle Z § 704.4, the scope of a hearing for a Modification with Hearing shall be limited to the impact of the modification on the subject of the original application and shall not permit the Commission to revisit its original decision.

Special Exception Relief

9. The Commission finds that the Application meets the applicable special exception criteria for the requested modifications to establish an eating and drinking establishment in the existing Hotel Building penthouse; and to increase the height of an existing elevator overrun resulting in a non-compliant penthouse setback in one location and expand the existing enclosed penthouse structure for a new elevator lobby (See Finding of Fact [“FF”] Nos. 2, 6, 10, 11, 12, 13).

Not Inconsistent with the Comprehensive Plan and Other Adopted Public Policies Related to the Property (Subtitle X § 304.4(a)).

10. The Commission finds that the Application is not inconsistent with the Comprehensive Plan, including when viewed through a racial equity lens. The Commission finds that the Application would further policies within the Land Use, Economic Development, and Near Northwest Area Element of the Comprehensive Plan, and goals and policies of the Convention Center Area Strategic Development Small Area Action Plan. (FF No. 5) The Commission concludes that to the extent the Application is potentially inconsistent with specific policies within the Comprehensive Plan, that such inconsistencies are outweighed by the Application’s consistencies with policies of the Elements noted immediately above.
11. The Commission finds that the Application is not inconsistent with the Comprehensive Plan when evaluated through a racial equity lens. The Commission reaches this conclusion based on the case record and the racial equity analyses provided by the Applicant, inclusive of community outreach and engagement information, and the OP Setdown and Hearing Reports. The Commission finds the Applicant’s community outreach and engagement regarding the Application adequate and finds the Applicant’s responses to the concerns about potential negative impacts raised by neighbors at a condominium building across O Street sufficient (FF Nos. 4, 5). The Commission agrees with OP that the Application

would not significantly advance or impede policies of the Comprehensive Plan related to racial equity since the requested special exception relief is related to an interior renovation of the existing penthouse that would not (i) adversely impact use of neighboring properties due to noise or visibility; (ii) result in loss of affordable housing; or (iii) lead to other inequities for the neighborhood or planning area as a whole (FF Nos. 12, 13). For these reasons, the Commission finds OP's omission of disaggregated race and ethnicity data for the Near Northwest Planning Area from its racial equity analysis acceptable in this case. The Commission believes the data is not necessary for the Commission's Comprehensive Plan consistency evaluation of the Application given the limited scope of the proposed modifications.

12. The Commission further finds that with respect to racial equity, the Application:
- Would not result in any direct or indirect displacement of existing residents within the surrounding neighborhood;
 - Would not result in changes to market rate, affordable, or replacement housing; and
 - Would not result in changes to the physical environment;
- (FF Nos. 12, 13).

Potential Adverse Impacts of the Project (Subtitle X § 304.4(b))

13. The Commission previously found that the consolidated PUD could be “approved with conditions to ensure that any potential adverse effects on the surrounding area from the development [would] be mitigated.” (Z.C. Order No. 07-26, Conclusion of Law No. 6). Based on the case record and the Findings of Fact above, the Commission concludes that the Application will not result in any unacceptable impacts on the surrounding area or on District services or facilities that cannot be mitigated or that are not acceptable given the overall PUD's public benefits and amenities. Given the limited scope of the Application, the Commission does not find conditions of approval necessary in this case.

PUD Flexibility Balanced Against Public Benefits and Project Amenities (Subtitle X § 304.4(c) and 304.3)

14. The Commission previously found that the Applicant's request for flexibility from the Zoning Regulations was “consistent with the Comprehensive Plan” and that the benefits and amenities were “reasonable tradeoffs for the requested development flexibility, and any potential adverse effects.” (Z.C. Order No. 07-26, Conclusion of Law No. 7). The Commission need not revisit this conclusion because the Application did not request additional PUD flexibility or propose any modifications to the approved public benefits or project amenities.

“Great Weight” to Recommendations of OP

15. The Commission is required to give “great weight” to the recommendation of OP pursuant to § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2018 Repl.)) and Subtitle Z § 405.9 (*Metropole Condo. Ass'n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)).

16. The Commission finds persuasive OP's analysis of the Application, its conclusion that the Application satisfies the applicable special exception criteria and the PUD evaluation criteria and is not inconsistent with the Comprehensive Plan, including when reviewed through a racial equity lens; and its recommendation to approve the Application persuasive, and concurs with this judgment.

“Great Weight” to Written Reports of the Affected ANC

17. The Commission must give “great weight” to the issues and concerns raised in the written report of the affected ANC pursuant to § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d) (2012 Repl.)) and Subtitle Z § 406.2. To satisfy the great weight requirement, the Commission must acknowledge the ANC's issues and/or concerns, then articulate with particularity and precision the reasons why the affected ANC does or does not offer persuasive advice under the circumstances (*Spring Valley-Wesley Heights Citizens Ass'n v. District of Columbia Zoning Comm'n*, 856 A.2d 1174, 1180 (D.C. 2004)). The District of Columbia Court of Appeals has interpreted the phrase “issues and concerns” to “encompass only legally relevant issues and concerns.” (*Wheeler v. District of Columbia Bd. of Zoning Adjustment*, 395 A.2d 85, 91 n.10 (D.C. 1978) (citation omitted)).
18. The Commission finds persuasive and concurs with ANC 2G's support for the Application. The Commission notes that the ANC Report did not raise any issues or concerns with the Application (FF No. 18).

DECISION

In consideration of the Findings of Fact and Conclusions of Law contained herein, the Commission **ORDERS APPROVAL** of the Application for a Modification with Hearing to the approved consolidated PUD in Z.C. Order No. 07-26 *et seq.* for the following:

- A special exception pursuant to Subtitle C § 1501.1(d) and Subtitle X § 901.2 to establish an eating and drinking establishment use in the existing penthouse structure on the Hotel Building;
- A special exception from the penthouse setback requirements of Subtitle C § 1504, pursuant to Subtitle C § 1506.1 and Subtitle X § 901.2, to increase the height of an existing elevator override to bring it to the Hotel Building roof resulting in a non-compliant penthouse setback in one location; and
- Approval to expand the existing enclosed penthouse structure on the Hotel Building by approximately 40 square feet to add a new elevator lobby.

Condition No. 1 of Z.C. Order No. 07-26 is hereby amended to read as follows (new text is shown as **bold and underlined** text). All other conditions in Z.C. Order No. 07-26, as modified, remain unchanged and in effect.

**ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
ZONING COMMISSION ORDER NO. 88-02A**

Z.C. Case No. 88-02A

7K 2401, LLC

**(PUD Modification without Hearing @ Square 26, Lot 11 [2401 Pennsylvania Ave., N.W])
March 13, 2025**

Pursuant to notice at its March 13, 2025 public meeting, the Zoning Commission for the District of Columbia (“Commission”) considered the application (“Application”) of 7K 2401, LLC (the “Applicant”) for a Modification Without Hearing to the planned unit development (“PUD”) approved pursuant to Z.C. Order Nos. 586 and 586A for property located at 2401 Pennsylvania Avenue, N.W. (Square 26, Lot 11) (the “Property”). The Commission reviewed the Application pursuant to the Commission’s Rules of Practice and Procedures, which are codified in Subtitle Z of the Zoning Regulations (Title 11 of the District of Columbia Municipal Regulations (“DCMR”), to which all subsequent citations refer unless otherwise specified). For the reasons stated below, the Commission **APPROVES** the Application.

I. BACKGROUND

The Property

1. The Property is located at 2401 Pennsylvania Avenue, N.W. (Square 26, Lot 11), which is bounded by 24th Street, N.W. to the east, Pennsylvania Avenue, N.W. to the southwest, and L Street, N.W. to the north. The Property has approximately 18,368 square feet of land area¹ and is zoned MU-6B.
2. The Property is currently improved with a mixed-use building containing retail use on the ground floor, office use on floors two through four, and residential use on floors five through eight (the “Existing Building”).
3. The Existing Building has 40 residential units, approximately 58,000 square feet of office space, and a variety of retail and service uses on the ground and lower levels. A total of 163 on-site parking spaces, both within private property and vault space, are located in a below-grade parking garage accessed from L Street. Existing loading facilities include two loading berths at 30 feet deep and five service/delivery spaces at 20 feet deep, also accessed from L Street. The primary pedestrian entrance to the residential portion of the Existing Building is located on Pennsylvania Avenue, and the primary pedestrian entrance to the office portion of the Existing Building is located at the intersection of Pennsylvania Avenue and 24th Street. Pedestrian entrances to the individual ground floor retail and service uses are provided on all three street frontages.
4. The Property is located in the West End/Foggy Bottom area of the District, approximately a half block to the northwest of Washington Circle. The area surrounding the Property contains

¹ The Subdivision Plat for the Property, recorded in the Office of the Surveyor for the District of Columbia on February 16, 1989, at book 181, page 123, shows the Property as having a total land area of 18,368.40 square feet. The approved PUD shows the total land area as 18,625 square feet.

a wide variety of uses, including residential, office, hotel, retail, and service establishments. George Washington University is located to the south.

Prior Zoning Commission Approvals

5. Pursuant to Z.C. Order No. 586 (Z.C. Case No. 88-2), dated August 8, 1988, and effective September 16, 1988, the Commission approved a consolidated PUD for the Property pursuant to § 2400 of the then-applicable 1958 Zoning Regulations (“ZR58”). The approved project was for a mixed-use building consisting of retail, office, and residential uses, with a maximum density of 7.66 floor area ratio (“FAR”), a maximum building height of 92 feet, a maximum lot occupancy of 97% for residential use and 100% for commercial use, and a minimum of 140 on-site parking spaces (See Z.C. Order No. 586, Decision Nos. 2-5, 9). The original approval did not include a zoning map amendment for the Property, which was zoned C-2-C under ZR58.²
6. Pursuant to Z.C. Order No. 586A (Z.C. Case No. 88-2), dated March 13, 1989 (and with Z.C. Order No. 586, the “Orders”), the Commission approved a modification to Z.C. Order No. 586 to (i) increase the approved number of on-site parking spaces to 167 total spaces within an additional partial level of below-grade parking; and (ii) make minor design changes to the building façade.
7. A building permit application for the approved PUD was required to be filed within two years of the effective date of Z.C. Order No. 586, with construction to commence within three years. The Existing Building on the Property was completed within these timeframes pursuant to the conditions of the Orders and has been occupied since that time.

Parties and Notice

8. The only party to Z.C. Case Nos. 88-2 other than the Applicant was Advisory Neighborhood Commission (“ANC”) 2A, the “affected” ANC pursuant to Subtitle Z § 101.8.
9. On January 21, 2025, the Applicant served the Application on ANC 2A as well as on the Office of Planning (“OP”) and the District Department of Transportation (“DDOT”), as attested by the Certificate of Service submitted with the Application (Exhibit [“Ex.”] 2).

II. THE APPLICATION

10. On January 21, 2025, the Applicant filed the Application requesting a Modification Without Hearing to the approved PUD to convert floors two through four from office to residential use. The Application explained that the modification would be accomplished without any changes to the Existing Building’s height or density and with only limited changes to the Existing Building’s exterior façade to accommodate the residential use. No zoning relief was needed to accommodate the modification; thus, the Zoning Commission was able to understand the proposal without witness testimony (Ex. 2).

² The C-2-C zone became the MU-6 zone by virtue of Z.C. Order No. 08-06A and then became the MU-6B zone by virtue of Z.C. Order No. 18-16/19-27-19-27B.

11. The Application explained that the proposed modification would advance the District's policies of supporting residential conversions because it would create new market rate and affordable housing units (*Id.*).
12. The Application included architectural drawings (the "Architectural Drawings") (Ex. 2C) showing the proposed modifications to the Existing Building to accommodate the residential use. Such modifications included the following:
 - Modifications to floor plans:
 - At the lower level, some of the existing retail use would be converted to residential amenity space, and bike parking and tenant storage would be incorporated;
 - At the ground level, the existing pedestrian entrance to the office use at the corner of Pennsylvania Avenue and 24th Street would be converted to retail/service entry; and
 - At floors two through four, the office space would be converted to approximately 60 new residential units, of which approximately six units would be Inclusionary Zoning ("IZ") units;
 - Window replacements. The windows for the three floors that would be converted from office to residential use would be replaced at the time of the conversion with windows that are similar to the existing window design. The windows for the existing residential floors would be replaced with the new windows as tenants move out. As shown on Sheet A2.05 of the Architectural Drawings, the new windows would have the same general appearance as the existing windows such that the Existing Building would continue to have a consistent appearance from the street; and
 - Roof/Penthouse/Guardrail: No exterior changes to the roof or penthouse were proposed, and all of the existing improvements would be maintained in their existing configuration. Mechanical equipment upgrades and modifications would be located within the existing screenwall, which would include the removal of one of the two existing elevator overrides. To the extent that the guardrail must be updated to comply with current codes, it would be replaced in kind in the same location.
13. Pursuant to Subtitle G § 200.4, an existing building may convert existing gross floor area to residential use as a matter of right, even if the building or portion thereof to be converted does not comply with the applicable development standards for courts, FAR, GAR, height, lot occupancy, waterfront setback, or yards. The existing building, as modified and as shown in the Architectural Drawings, complies with the Zoning Regulations as a matter of right due to the provisions of Subtitle G § 200.4, and no additional relief from any other applicable development standards of the Zoning Regulations is required.
14. The Application included a chart (Ex. 2D) showing the approved PUD conditions as set forth in the Orders and the proposed modifications thereto. The updated conditions are included in this Order.
15. The Application included an analysis of how the modifications would meet the PUD evaluation standards, including how the modifications would not change the following conclusions made by the Zoning Commission in the Orders:

- “The Commission concurs with the Applicant’s proposal and finds that [the project] is consistent with the PUD guidelines for the C-2-C zone and with the land use designations on the Generalized Land Use Map of the Comprehensive Plan for the National Capital.” (Z.C. Order No. 586, Finding of Fact (“FF”) No. 4);
 - “The Commission finds that the PUD project is in conformance with the Comprehensive Plan which designates the site for mixed-use high-density residential and medium-density commercial uses. The Commission finds that the increased FAR requested by the Applicant will ensure the development of the site for residential uses. The Commission has the authority to increase the FAR in exchange for the provisions of certain amenities.” (Z.C. Order No. 586, FF No. 43);
 - “The approval of this application is not inconsistent with the Comprehensive Plan for the National Capital.” (Z.C. Order No. 586, Conclusions of Law No. 4); and
 - “The Zoning Commission further believes that the proposed modifications are in the best interest of the District of Columbia, are consistent with the intent and purpose of the Zoning Regulations and Zoning Act and are not inconsistent with the Comprehensive Plan for National Capital.” (Z.C. Order No. 586A, p. 2).
- (Ex. 2).
16. The Application stated that the modifications proposed would not change the conclusions stated above, and that the project continues to be not inconsistent with the Comprehensive Plan. While the Property was designated mixed-use high-density residential and medium-density commercial at the time that Z.C. Order No. 586 was approved, the FLUM was changed to the high-density residential designation in 2006 due to the District’s efforts to encourage residential use in this area. The current FLUM continues to designate the Property as high-density residential. Accordingly, the Application asserted that the building’s original mix of office, retail, and residential uses was appropriate given the FLUM in effect when the project was originally approved, and that the modification to convert the office space to residential use would be fully consistent with the current high-density residential FLUM designation for the Property (*Id.*).
17. The Application also stated that the Comprehensive Plan Generalized Policy Map (“GPM”) designated the majority of the Property within a Main Street Mixed Use Corridor (along Pennsylvania Avenue) and a small portion of the Property’s northeast corner as a Neighborhood Conservation Area. The Application stated that the residential conversion would be fully consistent with these designations, which encourage “[c]onversion and enhancement... to foster economic and housing opportunities and serve neighborhood needs.” (*See* 2021 GPM; *Id.*).
18. The Application also asserted that the modifications proposed were not inconsistent with the Comprehensive Plan as evaluated through a racial equity lens. The additional residential units, including six IZ units, would lead to favorable outcomes for the District and would help to advance many Comprehensive Plan policies of the Land Use, Housing, Transportation, Economic Development, and Environmental Protection City-Wide Elements, and the Near Northwest Area Element (*Id.*). The Application included an evaluation of how the modifications were not inconsistent with the Comprehensive Plan (Ex. 2E).

19. The Application further explained that the proposed residential use would not result in unacceptable project impacts. The Application submitted a transportation study (Ex. 2F), which found that there would be no adverse impacts to traffic as a result of the conversion. Specifically, the transportation study found that the proposed project with residential use would result in an estimated 48 fewer AM peak hour vehicle trips and 54 fewer PM peak hour vehicle trips. The transportation study also found that the proposed loading facilities would meet the minimum requirements and anticipated demand, and the Applicant would implement a Loading Management Plan in accordance with DDOT requirements to promote the safe and efficient use of the loading facilities. The Application also affirmed that the Applicant would implement a Transportation Demand Management Plan, commensurate with DDOT's current guidelines, with strategies to promote and incentivize non-auto modes of transportation (Ex. 2).
20. Finally, the Application explained that there were no changes proposed to the previously approved PUD public benefits and amenities, or development incentives requested, and that there were no unacceptable adverse impacts. Accordingly, the public benefits and project amenities did not need to be reevaluated (Ex. 2).

III. RESPONSES TO THE APPLICATION

OP Report

21. On February 12, 2025, the Office of Planning submitted a report ("OP Report") stating that it "supports this application being considered a Modification Without Hearing" and that it "recommends that the Commission approve the modification as requested." (Ex. 5, p. 1).
22. The OP Report also stated that the "modifications proposed are consistent with the intent of the MU-6B zone and the Comprehensive Plan, providing new housing opportunities including affordable units consistent with IZ, and resulting in no major alterations to the exterior of the building." (Ex. 5, p. 1).
23. The OP Report included an analysis concluding that the requested modifications are not inconsistent with the Comprehensive Plan FLUM and GPM designations or with the Citywide and Area Elements, including when evaluated through a racial equity lens (Ex. 5, p. 3).

ANC Report

24. No ANC report was filed in the case record due to a lack of a quorum on ANC 2A.
25. The Applicant's Statement in Support (Ex. 2) stated that (i) prior to filing the Application, the Applicant engaged with ANC 2A commissioners, including the ANC Single Member District commissioner for the Property; and (ii) on January 15, 2025, the Applicant presented the Application at a public community meeting hosted by the ANC. The Statement in Support explained that ANC 2A was unable to achieve a quorum due to the number of vacant commissioner seats and was therefore unable to take an official position on the Application. However, the Statement in Support noted that the ANC commissioners and community were supportive of the Application and appreciated the additional housing and affordable housing

for the community. The Statement in Support affirmed that no issues or concerns were raised at the ANC community meeting.

CONCLUSIONS OF LAW

1. Subtitle Z § 703.1 authorizes the Commission, in the interest of efficiency, to make, without public hearing, modifications to approved contested case final orders and plans approved by such orders (modifications without hearing).
2. Subtitle Z § 703.6 describes “Modification Without Hearing” as a “modification in which impact may be understood without witness testimony, including, but not limited to a proposed change to a condition in the final order, a change in position on an issue discussed by the Commission that affected its decision, or a redesign or relocation of architectural elements and open spaces from the final design approved by the Commission. Determination that a modification can be approved without witness testimony is within the Commission’s discretion. A request to add or change a zoning map designation to an approved planned unit development shall not be considered without a hearing.”
3. The Commission concludes that the Application qualifies as a Modification Without Hearing within the meaning of Subtitle Z § 703.6, as a request to change certain conditions of the final orders and to redesign certain architectural elements to accommodate the proposed residential use, and therefore the modification can be granted without a public hearing.
4. The Commission concludes that the Applicant satisfied the requirement of Subtitle Z § 703.10 to serve the Application on all parties to the original proceeding, in this case ANC 2A, and OP, at the same time that the request was filed with the Office of Zoning.
5. The Commission concludes that the requirement of Subtitle Z § 703.12 to provide a minimum of 30 days for parties to respond to the Application has been met.
6. The Commission concludes that, in accordance with Subtitle Z § 703.13, this request for a Modification Without Hearing was filed with the Office of Zoning at least thirty-five (35) days prior to the public meeting at which the request was considered by the Commission. The request was originally filed on January 21, 2025, and considered by the Commission at its March 13, 2025, public meeting.

“GREAT WEIGHT” TO THE RECOMMENDATIONS OF OP

7. The Commission must give “great weight” to the recommendations of the OP pursuant to § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990. (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2018 Repl.)) and Subtitle Z § 405.9 (*Metropole Condo. Ass’n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)).
8. The Commission finds OP’s recommendation to approve the Application persuasive and concurs in that judgment.

“GREAT WEIGHT” TO THE RECOMMENDATIONS OF THE ANC

9. The Commission must give “great weight” to the issues and concerns raised in a written report of the affected ANC that was approved by the full ANC at a properly noticed meeting that was open to the public pursuant to § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d) (2012 Repl.)) and Subtitle Z § 406.2. To satisfy the great weight requirement, the Commission must articulate with particularity and precision the reasons why an affected ANC does or does not offer persuasive advice under the circumstances (*Metropole Condo. Ass’n v. D.C. Bd. of Zoning Adjustment*, 141 A.3d 1079, 1087 (D.C. 2016)). The District of Columbia Court of Appeals has interpreted the phrase “issues and concerns” to “encompass only legally relevant issues and concerns.” (*Wheeler v. District of Columbia Board of Zoning Adjustment*, 395 A.2d 85, 91 n.10 (1978)).
10. Although ANC 2A did not have an opportunity to vote on the Application due to the lack of a quorum, the Application stated that the Applicant had engaged with ANC 2A on several occasions, including presenting the Application at a public community meeting hosted by the ANC on January 15, 2025. The Application noted that the ANC commissioners and community were supportive of the Application and that no issues or concerns were raised at the ANC community meeting (See FF No. 25).
11. The Commission finds the Applicant’s summary of its engagement with the ANC, although not entitled to great weight, helpful information under these circumstances.
