To declare the existence of an emergency with respect to the need to approve Modification Nos. M10 and M11 to Contract No. CW94742 with Verizon Communications, and to authorize payment for the goods and services received and to be received under the contract.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the “Modification Nos. M10 and M11 to Contract No. CW94742 with Verizon Communications Approval and Payment Authorization Emergency Declaration Resolution of 2025”.

Sec. 2. (a) There exists an immediate need to approve Modification Nos. (b) On April 28, 2025, via Modification No. M10, the Office of Contracting and Procurement, on behalf of the Office of the Chief Technology Officer, partially exercised option year 3 in the amount of \$983,547.48 for the period from April 29, 2025, through August 29, 2025.

(c) Modification No. M11 would exercise the remainder of option year 3 and increase the amount by \$1,967,094.96, from \$983,547.48 to \$2,950,642.44 for the period from August 30, 2025, through April 28, 2026.

ENROLLED ORIGINAL

A RESOLUTION

26-175

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

July 14, 2025

To declare an emergency with respect to the need to amend Chapter 3 of Title 20 of the District of Columbia Official Code to amend the definition of abbreviated probate, to authorize the Register of Wills to refer proceedings to the Court to determine if one or more personal representatives should be appointed and the will be admitted to probate, and to strike the reference to will admission in transfers by affidavit; and to amend the Strengthening Probate Amendment Act of 2024 to clarify that the act applies to estates for whom the decedent died on or after March 21, 2025.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the “Strengthening Probate Administration Emergency Declaration Resolution of 2025”.

Sec. 2. (a) The District’s probate system has long been criticized for being outmoded, having not been updated since 2001. Economically vulnerable residents are encumbered by an outdated and antiquated system while enduring the loss of a loved one. The D.C. Estate Administration Working Group (“Working Group”) produced an extensive joint report in February 2022 outlining the need to modernize the District’s probate system. In addition to District residents having to face an arcane and outdated system, the Working Group observed that 97% of small estates (those valued at \$40,000 or less) are pursued by *pro se* litigants, that is, those who are not represented by legal counsel. Last, the District’s outdated and complex District probate system has caused assets and property to languish and remain irretrievable to beneficiaries due to system inefficiencies.

(b) Because an inefficient probate system contributes to economic uncertainty and wealth loss for District residents, on December 17, 2024, the Council passed on final reading the Strengthening Probate Administration Amendment Act of 2024, effective March 21, 2025 (D.C. Law 25-302; 72 DCR 780) (“Strengthening Probate Act”), which proposed to modernize and update the legal and administrative processes and procedures around probate for District residents and estate lawyers, consistent with the recommendations of the Working Group’s 2022 report. These important updates included:

- (1) Allowing certain letters of appointment designating personal representatives to be issued by the Register of Wills, instead of relying only on judges to issue these letters;
- (2) Streamlining the publication notice requirement;

ENROLLED ORIGINAL

- (3) Raising the maximum threshold for “small estates”;
- (4) Increasing allowable reimbursement rates for funeral expenses;
- (5) Allowing for transfers of small estates by affidavit;
- (6) Increasing homestead and family exemption allowances; and
- (7) Adding a fee waiver provision for personal representatives.

(c) The Strengthening Probate Act requires technical amendments in order to be implemented. The current statutory language has proven inadministrable and unclear, leading to delays in appointing personal representatives and precluding access to decedents’ estate assets. Important pieces of the law are, practically speaking, suspended.

(d) In particular, the Strengthening Probate Act needs to be amended to establish administrability in probate processes and obviate delays in the timely appointment of personal representatives. This emergency legislation would:

(1) Restore language that was unintentionally removed regarding the nature of probate proceedings;

(2) Authorize the Register of Wills or the Court to issue letters of administration and appoint personal representatives, so that if a petition is deemed insufficient by the Register of Wills, it may be submitted to a judge for review and appointment;

(3) Clarify that the Strengthening Probate Act applies to estates for whom the decedent died on or after March 21, 2025; and

(4) Strike a reference to a will being “duly admitted to probate” in the transfer by affidavit section, in order to allow individuals to transfer by affidavit in the event that the probate process does not need to be initiated, which aligns with the law’s purpose of allowing for property transfer external to the probate process.

(e) Given that the Council is due to recess in the coming month, the legislative process will take further time to move permanent technical fixes for this law. Emergency legislation is necessary to allow the Strengthening Probate Act to actually be implementable, preventing delays and access to estate access issues for a law already in effect. These changes represent an urgent and necessary correction and clarification, and the emergency nature of this legislation is justified by the immediate need for the courts to administer probate and to ensure that District residents can pursue probate and **benefit** from an updated and modernized system.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Strengthening Probate Administration Emergency Amendment Act of 2025 be adopted after a single reading.

Sec. 4. This resolution shall take effect immediately.

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

July 14, 2025

To declare the existence of an emergency with respect to the need to amend the Personal Delivery Device Act of 2018 to increase the weight limit for personal delivery devices.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the “Personal Delivery Device Weight Limit Emergency Declaration Resolution of 2025”.

Sec. 2. (a) The Personal Delivery Device Act of 2018, effective July 17, 2018 (D.C. Law 22-137; D.C. Official Code § 50-110.01 *et seq.*) (“PDD Act”), created a permitting process for eligible entities to operate personal delivery devices (“PDDs”) that did not exceed 90 pounds in weight.

(b) Since the adoption of the PDD Act, several companies have developed new PDD models that exceed the existing weight limit. The weight limit originally adopted 7 years ago now presents a barrier to the introduction and use of newer PPD models, some of which possess enhanced hardware features.

(c) Many states already allow for the operation of PDDs exceeding 90 pounds in weight. At least 12 states allow PDDs to exceed 500 pounds in weight, and another 7 states that have approved PDDs have not established a weight limit in statute.

(d) On May 6, 2025, Councilmembers Charles Allen, Zachary Parker, and Christina Henderson introduced the Personal Delivery Device Weight Limit Amendment Act of 2025, as introduced on May 6, 2025 (Bill 26-245) (“permanent bill”). The permanent bill would allow the operation of PDDs weighing up to 275 pounds. The Committee expects to hold a hearing on the permanent bill in fall 2025.

(e) As of April 2025, no permits authorizing the use of PDDs within the District were in effect.

(f) Without an immediate change to the PDD weight limit, the District Department of Transportation is precluded from issuing permits to eligible entities that seek to operate PDDs that exceed the 90-pound weight limit. Consequently, District residents are deprived of an innovative and convenient solution for last-mile deliveries, which takes cars off the roads, reduces carbon emissions, and supports local businesses.

ENROLLED ORIGINAL

Sec. 3. The Council of the District of Columbia finds the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Personal Delivery Device Weight Limit Emergency Amendment Act of 2025 be adopted after a single reading.

Sec. 4. This resolution shall take effect immediately.

DEPARTMENT OF HEALTH CARE FINANCE

NOTICE OF FINAL RULEMAKING

The Director of the Department of Health Care Finance (DHCF), pursuant to the authority set forth in Section 6(6) of the Department of Health Care Finance Establishment Act of 2007, effective February 27, 2008 (D.C. Law 17-109; D.C. Official Code § 7-771.05(6)), and An Act to enable the District of Columbia to receive Federal financial assistance under title XIX of the Social Security Act for a medical assistance program, and for other purposes, approved December 27, 1967 (81 Stat. 744; D.C. Official Code § 1-307.06), and Mayor's Order 2024-115, dated July 1, 2024, hereby gives notice of his adoption of the following amendments to Section 9501 (Application, Redetermination, and Renewal) of Chapter 95 (Medicaid Eligibility) of Title 29 (Public Welfare) of the District of Columbia Municipal Regulations (DCMR).

DHCF is the single state agency for the administration of the State Medicaid program under Title XIX of the Social Security Act and Children's Health Insurance Program (CHIP) under Title XXI of the Social Security Act in the District. As the single state agency, DHCF is also responsible for supervising and administering the District of Columbia State Plan (State Plan) for Medical Assistance pursuant to 42 U.S.C. § 1396 *et seq.*, and amendments thereto.

Currently, DHCF requires termination of Medicaid eligibility if a beneficiary, including a child under nineteen (19) years old, no longer meets all eligibility factors. Effective on January 1, 2024, DHCF is implementing a twelve (12) month continuous eligibility period to children under age nineteen (19) regardless of changes in circumstances, with certain exceptions, consistent with federal requirements set forth under Section 1902(e)(12) of title XIX of the Social Security Act, approved July 30, 1965 (79 Stat. 344; 42 U.S.C. § 1396a(e)(12)), as recently amended by the Consolidated Appropriations Act of 2023, approved December 23, 2022 (Pub. L. 117-328; 136 Stat. 4459), and 42 C.F.R. § 435.926. The continuous eligibility period shall not apply to individuals who have only established eligibility as follows: (a) through medically needy spend down, as described in § 9516 of this Chapter; (b) through presumptive eligibility consistent with Section 1920A of the Social Security Act, but who have not yet received a determination of eligibility based on a regular application; and (c) based on a transitional medical assistance (TMA) determination, under § 9510 of this Chapter, upon renewal.

Unless an exception applies, continuous enrollment will apply to all children who are applying for coverage on or after January 1, 2024, and determined eligible for Medicaid and applicants, and current beneficiaries who are enrolled in Medicaid as of January 1, 2024. Unless an exception under § 9501.37 applies, a continuous eligibility period begins as follows: (a) for new applicants, the continuous eligibility period shall begin on the first day of the month the application was submitted; (b) for current beneficiaries who are enrolled in Medicaid as of January 1, 2024 and whose eligibility is being renewed, the continuous eligibility period begins on the first day of the month following the end of the beneficiary's last full eligibility period (which may include the initial eligibility period or the last periodic renewal or redetermination, as applicable); and (c) for current beneficiaries who enrolled before January 1, 2024 and no longer meet eligibility requirements on or after January 1, 2024 and before the end of their certification date, the beneficiaries shall remain eligible under continuous eligibility until the end of their certification

period. Exceptions to the continuous enrollment requirement include: (1) the individual attains age nineteen (19); (2) the individual or individual's representative requests a voluntary termination of eligibility, consistent with the requirements of § 9501; (3) the individual ceases to be a District resident; (4) the Department determines that eligibility was erroneously granted at the most recent determination, redetermination, or renewal of eligibility because of agency error or fraud, abuse, or perjury attributed to the individual or the individual's representative; or (5) the individual dies. Under these changes, children who are determined eligible at application or during an annual renewal will remain eligible for a twelve (12) month period regardless of most change in circumstances (unless an exception applies), such as changes in income or household composition or loss of supplemental security income (SSI). This change should reduce financial barriers to care for low-income families, promote improved health outcomes, and provide more accountability for quality care and improved health outcomes.

These rules correspond to an amendment to the District's State Plan for Medical Assistance (State Plan), which was approved by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS) and became effective on January 1, 2024. DHCF projects a net increase in aggregate Medicaid expenditures of approximately \$13,075,234 in Fiscal Year 2024.

An emergency and proposed rulemaking was published in the *District of Columbia Register* on March 7, 2025, at 72 DCR 002382. No comments were received, and no changes have been made to the text of the rule.

The Director of DHCF took final action to adopt this rulemaking on June 10, 2025, and the rules shall become effective upon publication of this notice in the *District of Columbia Register*.

Chapter 95, MEDICAID ELIGIBILITY, of Title 29, PUBLIC WELFARE, of the District of Columbia Municipal Regulations (DCMR) is amended to read as follows:

Section 9501, APPLICATION, REDETERMINATION, AND RENEWAL, is amended as follows:

New subsections 9501.34, 9501.35, 9501.36, 9501.37, and 9501.38 are added to read as follows:

9501.34 Beginning on January 1, 2024, a twelve (12) month continuous eligibility period shall be given to individuals under age nineteen (19) (except for the individuals listed under § 9501.35) regardless of changes in circumstances, with certain exceptions, and pursuant to the provisions, set forth in 42 U.S.C. § 1396a(e)(12), 42 C.F.R. § 435.926, and §§ 9501.35 through 9501.38.

9501.35 Continuous eligibility under § 9501.34 shall not apply to individuals who have only established eligibility as follows:

- (a) Through medically needy spend down, as described in § 9516 of this Chapter;

- (b) Through presumptive eligibility consistent with Section 1920A of the Social Security Act, but who have not yet received a determination of eligibility based on a regular application; and
- (c) Based on a transitional medical assistance determination, under § 9510 of this Chapter, upon renewal.

9501.36 Unless an exception under § 9501.37 applies, a continuous eligibility period begins as follows:

- (a) For new applicants, the continuous eligibility period shall begin on the first day of the month the application was submitted, consistent with 42 C.F.R. §435.915;
- (b) For current beneficiaries who are enrolled in Medicaid as of January 1, 2024 and whose eligibility is being renewed, the continuous eligibility period begins on the first day of the month following the end of the beneficiary's last full eligibility period (which may include the initial eligibility period described in paragraph (a) or the last periodic renewal or redetermination, as applicable); and
- (c) For current beneficiaries who enrolled before January 1, 2024 and no longer meet eligibility requirements on or after January 1, 2024 and before the end of their certification date, the beneficiaries shall remain eligible under continuous eligibility until the end of their certification period.

9501.37 An individual's eligibility may not be terminated during a continuous eligibility period, regardless of any changes in circumstances, unless:

- (a) The individual attains age nineteen (19);
- (b) The individual or individual's representative requests a voluntary termination of eligibility, consistent with the requirements of § 9501.33;
- (c) The individual ceases to be a District resident;
- (d) The Department determines that eligibility was erroneously granted at the most recent determination, redetermination or renewal of eligibility because of agency error or fraud, abuse, or perjury attributed to the individual or the individual's representative; or
- (e) The individual dies.

9501.38 After the continuous eligibility period described under § 9501.36 ends, the Department shall re-evaluate the individual for eligibility. If the Department

determines that the individual is no longer eligible for Medicaid, the Department shall begin the termination process described under § 9501.26.

DISTRICT OF COLUMBIA RENTAL HOUSING COMMISSION

NOTICE OF FOURTH PROPOSED RULEMAKING

Pursuant to the authority set forth in § 202(a)(1) of the Rental Housing Act of 1985, effective July 17, 1985 (D.C. Law 6-10; D.C. Official Code § 42-3502.02(a)(1) (2012 Repl.)) (“Act” or “Rental Housing Act”), the Rental Housing Commission (“Commission”) hereby gives notice of the intent to adopt the following amendments to Chapter 3 (Landlord and Tenant), Chapter 41 (Coverage and Registration), Chapter 42 (Rent Stabilization Program), and Chapter 43 (Evictions, Retaliation, and Tenant Rights) of Title 14 (Housing) of the District of Columbia Municipal Regulations (“DCMR”) in not less than thirty (30) days from the date of publication of this notice in the *District of Columbia Register*.

The proposed rules relate to § 3 of the Eviction Record Sealing Authority and Fairness in Renting Amendment Act of 2022, effective May 18, 2022 (D.C. Law 24-115; 69 DCR 002683) (“ERSA-FIRA”). The ERSA-FIRA, in relevant part, amends § 501 and creates new § 510 of the Rental Housing Act (D.C. Official Code §§ 42-3505.01 & 42-3505.10). The amendments to § 501 of the Act place evictions for nonpayment of rent within the Act’s scope by requiring notices to vacate before the filing of an action in court and modify the requirements for service of notices to vacate for all reasons. New § 510 of the Act establishes several requirements and prohibitions for housing providers that screen tenant applications based on consumer reports. The Commission is not proposing rules related to new § 509 of the Act, the eviction record sealing provisions.

The proposed rules also relate to the Fairness in Renting Clarification Amendment Act of 2023, effective November 28, 2023 (D.C. Law 25-65; 70 DCR 013822) (“Clarification Act”). The Clarification Act further amends § 501 of the Act related to the \$600 threshold for nonpayment of rent eviction cases, § 510 of the Act related to application fees, and § 904 of the Act (D.C. Official Code § 42-3509.04) related to the timing of notices of rent increases.

The Commission issued a notice of proposed rulemaking related to the ERSA-FIRA on December 16, 2022. *See* 69 DCR 015208 (“First Proposed Rulemaking”). Four sets of comments were received in response to the First Proposed Rulemaking. The Commission issued notice of proposed rulemaking related to ERSA-FIRA and the Clarification Act on March 29, 2024. *See* 71 DCR 003594 (“Second Proposed Rulemaking”). Three sets of comments were received in response to the Second Proposed Rulemaking. The Commission then issued another notice of proposed rulemaking on November 29, 2024. *See* 71 D.C.R. 014576 (“Third Proposed Rulemaking”). Four sets of comments were received on the Third Proposed Rulemaking. The reasoning set forth in the preamble of each prior notice is incorporated herein except where, for the reasons explained below, substantive changes have been made in response to significant public comments and further consideration by the Commission.

The Commission’s detailed reasoning with respect to significant comments and changes is as follows:

Section 501 – Notices to Vacate and Evictions

- **Efforts to make personal service:** One set of comments suggested that the proposed rule at § 4300.26 defining “diligent and conscientious efforts” at personal service of a notice to vacate before service by posting contradicts precedent of the District of Columbia Court of Appeals (“DCCA”), namely *Lynch v. Bernstein*, 48 A.2d 467 (D.C. 1946). In that case, a process server knocked on a tenant’s door two separate times on the same evening, which was found to be sufficient. The proposed rule would have required two attempts on different days. The Commission’s further review of DCCA precedent and published opinions of the District of Columbia Superior Court indicates that, although modern practice favors greater separation between attempts at service, *Lynch* has not been overruled. Moreover, cases such as *Edelhoff v. Shakespeare Theatre at Folger Library, Inc.*, 884 A.2d 643 (D.C. 2005), and *S. Hills Ltd. P’ship v. Anderson*, 179 A.3d 297 (D.C. 2018), indicate that the standard includes reasonable efforts by a housing provider, with readily available information, to learn the whereabouts of a tenant, but also does not require multiple attempts where the efforts would be futile. The proposed rule below has been modified accordingly. Finally, because of the often fact-specific nature of standard and DCCA precedent, and the possibility of extenuating circumstances, the Commission has modified the proposed rule to state that it “may include,” rather than “shall mean,” that is, the efforts described by the rule are sufficient, but not necessary.
- **Means of service:** One set of comments suggested that the Commission should define “personal service” of notices to vacate to include mail and email, as with other notices under the Act. The commentor specifically cites *Craig v. Heil*, 47 A.2d 871 (D.C. 1946), which held that personal service was accomplished by registered mail. Section 904 of the Act (D.C. Official Code § 42-3509.04) provides general rules for service of documents and notices, and the Commission, pursuant to the authority in that section, has issued rules allowing email service. *See* 14 DCMR §§ 3803.3, 3911.3, & 4200.16. However, § 501(a) of the Act (D.C. Official Code § 42-3505.01(a)) specifically incorporates the service requirements for notices to quit under D.C. Official Code § 42-3206 and the functionally identical standard of D.C. Official Code § 16-1502. The provisions for service of notices to quit and summons to court (the latter of which have constitutional due process implications) do not provide for mail or email delivery. *Craig*, moreover, found that personal service was completed because the mailing method employed by the housing provider required a postal worker to hand-deliver the notice to the tenant, with a signature for receipt, not simply leaving it in a mailbox. That is entirely different from the kind of mail or email delivery allowed for other notices. The rules for personal service of notices to vacate are therefore unchanged in the proposed rules below.
- **License and registration requirement:** Two sets of comments related to the proposed requirement from the First Proposed Rulemaking, in §§ 4300.7, 4301.4, and 4302.1, that notices to vacate include the housing provider’s business license and RAD registration numbers, which it must have to file a claim for possession, except in extenuating circumstances or in cases involving subtenants. D.C. Official Code §§ 16-1501(c) & 42-3505.01(q). One set of comments suggested that the Commission should reinstate the rule previously proposed. The Commission disagrees for the reason stated in the Third Notice

of Proposed Rulemaking, that the ERSA-FIRA could have, but did not, enumerate such a requirement in the notice provisions, only in the claim-filing provisions.

The other set of comments suggested that the Commission include the license and registration requirement, for clarity and consistency, in the regulations alongside the existing rule in § 4300.4 that a claim may not be filed until the Act's applicable timing requirement has run. The Commission agrees that this is an appropriate provision in which to include the claim-filing rule, and that there are two ambiguities that can be resolved by rulemaking. First, as per the First Proposed Rulemaking, the proposed rule below provides that the statutory exclusion of subtenants from the license and registration requirement only applies in cases where the sublessor—defined by the Act to be a housing provider—is a residential tenant; that is, persons who can themselves also be defined as tenants under the Act. Commercial entities operating as middlemen are not exempted from the requirements. *See Goodman v. D.C. Rental Hous. Comm'n*, 573 A.2d 1293, 1297 (D.C. 1990) (Act is remedial in its purpose to protect tenants and statutory exemptions are narrowly construed to foreclose nullification or evasion). Second, the proposed rule clarifies that, although the statute only provides for waiver of the license requirement under certain conditions, because the Act's registration provisions require a valid business license, *see* 14 DCMR § 4102.5, the registration requirement may consequently be waived if the circumstances that prevented licensing thereby prevented registration as well.

- **Language access – imputed knowledge:** One set of comments suggested that the proposed rule at § 4300.24 should better spell out the “other relevant factors” by which it may be found that a housing provider “should have known” that a tenant primarily speaks a covered language for purposes of translating a notice to vacate. The previously proposed rule contained only a kind of safe harbor for housing providers, whereby they could include lease addendums asking for language information or circulate “I speak” cards that are published by the Office of Human Rights, and, if a tenant had not responded, such good faith efforts to determine tenant languages generally would demonstrate that the housing provider was reasonably unaware of the specific tenant's language.

The set of comments suggested four possible circumstances in which a housing provider might be chargeable with knowledge. However, most of the circumstances would only lead a housing provider to know that a tenant does not speak (or write) English well, but they would not necessarily indicate what language the tenant does speak. For example, a housing provider or their employee may not recognize spoken Ahmaric (covered) from Somali (not covered) or Korean (covered) from Japanese (not covered). Two of the suggested circumstances, in the Commission's view, would reasonably impute knowledge: a specific request for translation or interpretation into a covered language, and the use of translation technology (for example, a smartphone open to Google Translate) that clearly displays the language being translated. The proposed rule below is modified to include these circumstances.

- **Rent Administrator filing – timing:** One set of comments reiterated a prior concern that the five (5) business day time limit to file copies of notices to vacate, with a certification of the method of service, with the Rent Administrator is too short for process servers to produce affidavits. As the Third Proposed Rulemaking explained, this requirement does

not require a sworn affidavit. The Commission believes that this requirement can be satisfied with a simple statement or filing coversheet prepared by the Rent Administrator that lists the allowable means of service. The provided time limit is therefore unchanged in the proposed rules below.

- **Rent Administrator review – inaction:** One set of comments suggested that § 4300.8 should be modified to clarify that the failure of the Rent Administrator to disapprove a notice to vacate does not indicate that it was reviewed and found valid. Although the Rent Administrator may issue a disapproval notice, the practical reality is that the Rental Accommodations Division does not have the resources to individually review every notice that is filed. The Commission agrees that the rules should state directly that inaction is not approval or disapproval.

- (a) Until the expiration of the time required for the grounds for eviction being sought by the applicable subsections of § 501(a-1) through (i) of the Act (D.C. Official Code § 42-3505.01(a-1)-(i)) and unless stated in a notice served in accordance with this section, § 4301, or § 4302; and

which a tenant or occupant denies permission for a required pre-license inspection or required repairs;

- (2) The registration requirement may be waived by the court if the license requirement has been waived under paragraph (1) and the lack of a license prevented the housing provider from meeting the registration requirement in § 4102.5 of this title; and
- (3) The license and registration requirements of this paragraph shall not apply to complaints involving subtenants only if a sublessor who seeks to evict a subtenant is a residential tenant.

- 4307.11 A housing provider shall not, as part of any tenant screening, inquire about, require a prospective tenant to disclose or reveal, or base an adverse action on, in whole or in part, on whether a previous housing provider has filed any claim alleging a breach of lease against the tenant that:

mail, email, or personal delivery, within ten (10) days after receipt of the notice from the prospective tenant.

4307.16 Nothing in §§ 4307.10, 4307.11, or 4307.13 shall be construed to prohibit a housing provider from:

- (a) Considering debts owed to a housing authority;

DISTRICT OF COLUMBIA RENTAL HOUSING COMMISSION

NOTICE OF PROPOSED RULEMAKING

Pursuant to the authority set forth in § 202(a)(1) of the Rental Housing Act of 1985, effective July 17, 1985 (D.C. Law 6-10; D.C. Official Code § 42-3502.02(a)(1)) (“Act” or “Rental Housing Act”), the Rental Housing Commission (“Commission”) hereby gives notice of the intent to adopt the following amendments to Chapter 38 (Rental Housing Commission Operations and Procedures), Chapter 39, (Rental Accommodations Division), Chapter 41 (Coverage and Registration) and Chapter 42 (Rent Stabilization Program) of Title 14 (Housing) of the District of Columbia Municipal Regulations (“DCMR”) in not less than thirty (30) days from the date of publication of this notice in the *District of Columbia Register*.

The proposed rules relate to Title II of the Fairness and Stability in Housing Amendment Act of 2024, effective date May 2, 2025 (D.C. Law 25-324; 72 DCR 005848) (“FSHA”), which is currently pending Congressional review. The FSHA, in relevant part, will amend §§ 215, 216, and 221 of the Act (D.C. Official Code §§ 42-3502.15, 42-3502.16, & 42-3502.21) to, respectively, reform voluntary agreements, improve procedures for appeals to the Commission, and abolish certificates of assurance of exemption from the Rent Stabilization Program.

The Commission’s reasoning for the significant, proposed changes is as follows:

Section 215 – Voluntary Agreements

- **Background:** No voluntary agreements have been permitted since the enactment of the Voluntary Agreement Moratorium Amendment Act of 2020, effective March 16, 2021 (D.C. Law 23-246; D.C. Official Code § 42-3502.15a) and subsequent emergency and temporary acts. Before the moratorium, the Commission was in the process of promulgating an omnibus rulemaking to update and clarify all of the regulations implementing the Rental Housing Act. *See* Notice of Final Rulemaking, 68 D.C.R. 012634 (Dec. 3, 2021) (“Omnibus Rulemaking”). The Omnibus Rulemaking included numerous changes to the filing process and substantive review of voluntary agreements. *See* 14 DCMR § 4213 (2021). The Commission finalized the revised rules, which would go into effect upon effect upon the scheduled expiration of the moratorium.

The FSHA, as originally introduced, proposed to abolish voluntary agreements permanently. *See* Committee on Housing, D.C. Council, Report on Bill No. 25-418 at 11 (Nov. 6, 2024) (“Committee Report”). However, the Council ultimately chose to keep voluntary agreements in the Act, reasoning that:

The Commission’s conscious effort to address concerns raised about voluntary agreements during their drafting process warrants an opportunity to observe the rules’ use in practice. Accordingly, the committee print will allow the voluntary agreement moratorium to expire[,] and permits the use of voluntary agreements within the new rulemaking parameters.

Id. at 12. The final, enacted version of the FSHA makes several changes beyond those in the Committee print. In general, however, the Commission views the amendments to § 215 of the Act as ratifying the 2021 rulemaking and requiring only a few, specific changes to 14 DCMR § 4213, as explained below.

- **Exempt unit comments:** The FSHA provides in new § 215(a-1) of the Act (D.C. Official Code § 42-3502.15(a-1)) that the tenants of any units that are exempt from the Rent Stabilization Program in a housing accommodation that is the subject of a voluntary agreement application shall be permitted to submit comments on the proposal. The proposed rules accordingly revise §§ 4213.4(a) and 4213.16(e) to require that all tenants, regardless of exemption status, be served a copy of a Proposed Voluntary Agreement, with notice of the opportunity to comment, and that any written comments from tenants of exempt units must be included in the signed, Final Voluntary Agreement submitted to the Rent Administrator. Additionally, amended § 215(b)(1) of the Act (D.C. Official Code § 42-3502.15(b)(1)) requires the signatures of any tenants “who opted out of the voluntary agreement pursuant to subsection (a-1).” The Commission interprets this as requiring the housing provider to seek the signatures of any tenants of exempt units, even though they may not be counted towards the 70% approval requirement, and the proposed rules modify § 4213.16 (former paragraph (e), now paragraph (f)) accordingly.
- **Coercion defined:** The FSHA provides a list of actions that are prohibited coercion in new § 215(e) of the Act (D.C. Official Code § 42-3502.15(e)), which in part is identical to the list of actions that may be prohibited as retaliatory under § 502(a) of the Act (D.C. Official Code § 42-3505.02(a)). The proposed rules add a new provision at § 4213.22, containing this definition and cross-referencing the list of possible retaliatory actions in 14 DCMR § 4303.2, and modify the existing lists of prohibited actions found in §§ 4213.16(b) and 4213.20(a).
- **Alternative petitions:** The FSHA requires, in amended § 215(b)(5) of the Act (D.C. Official Code § 42-3502.15(b)(5)), that a voluntary agreement submitted for approval must include “explanation of why the housing provider did not pursue a rent adjustment pursuant to” any of the four (4) available types of petitions for rent increases under the Act. The proposed rules modify § 4213.3(e) to require this statement as part of the initial, Proposed Voluntary Agreement filing and add the reasoning to the totality of circumstances reasonableness test in § 4213.22(e).
- **Automatic approval:** The FSHA repeals § 215(c) of the Act (D.C. Official Code § 42-3502.15(c)), which required automatic approval of voluntary agreements that raised all rents in a housing accommodation by the same percent, without substantive review. The proposed rules remove the corresponding provision at § 4213.18 and renumber the subsequent subsections.
- **Other changes – language access:** In the Omnibus Rulemaking, the Commission included a provision, at § 4213.16(f), a requirement that certain documents be translated into certain languages commonly spoken in the District of Columbia by persons with low- or no-English proficiency. The Council subsequently enacted a similar provision for notices to vacate in the Eviction Record Sealing Authority and Fairness in Renting Amendment Act

of 2022, effective May 18, 2022 (D.C. Law 24-115; 69 D.C.R. 002683), creating new § 501(a)(3) of the Rental Housing Act (D.C. Official Code § 42-3505.01(a)(3)). The Commission's separately proposed rules implementing that requirement, 71 D.C.R. 014576, 014584-85 (Nov. 29, 2024), will provide in 14 DCMR § 4300.23 that the Commission will annually publish a list of required languages for notices to vacate. The proposed rules below modify § 4213.16(g) (formerly (f)) to cross-reference this publication requirement. Additionally, the proposed rules modify the knowledge requirement to align with § 501(a)(3) of the Act (D.C. Official Code § 42-3505.01(a)(3)); a housing provider's obligations apply when they know or should know a tenant primarily speaks a covered language, rather than knowing that they are low- or non-English proficient.

- **Other changes – electronic signatures:** The Commission's Omnibus Rulemaking, since the second proposed version, 67 D.C.R. 013598, 013768 (Nov. 20, 2020), required any signature on a final voluntary agreement to be in ink and prohibited electronic signatures. The FSHA does not directly affect this rule, but the Commission is taking this opportunity to amend the rule because, in light of general public experience since 2020 that significant business can be conducted electronically without any greater prejudice or risk of fraud or coercion than ink-and-paper signings, there is no basis to interpret the Act's signature requirement as being limited to ink only. The Commission believes that allowing electronic signatures can create efficiencies for housing providers while also reducing the risk that tenants may feel pressured or overwhelmed by in-person demands for signatures. Moreover, although some tenants may not be comfortable using electronic signature methods, that probably small number of tenants can sign on paper. The proposed rules below modify § 4213.12 to expressly allow electronic signatures.

Section 216 – Appeal procedures

- **Time limits – filing appeals:** The FSHA makes three amendments to time limits in § 216(h) of the Act (D.C. Official Code § 42-3502.16(h)), governing appeals before the Commission. First, the time for an aggrieved party to appeal a decision of the Office of Administrative Hearings (“OAH”) or the Rent Administrator is extended from ten (10) days to thirty (30) days. Due to the relative shortness of the time to appeal, the Commission's current rules compute the ten-day (10-day) period as business days. In light of the extension to a full month, the proposed rules below modify § 3802.2 to construe the appeal deadline as thirty (30) calendar days.
- **Time limits – OAH records:** Second, the FSHA imposes a time limit for OAH to transmit the record when a new appeal is filed and requires the record to include transcripts of any hearings. The Commission current rules at § 3804.2 impose a deadline of sixty (60) days on OAH, and § 3804.3(b) requires transcripts be provided if any exist. The proposed rules below apply the thirty-day (30-day), statutory deadline and remove the conditional phrasing regarding transcripts.
- **Time limits – decisions:** Third, the FSHA extends the statutory deadline for the Commission to issue a decision on an appeal. The Act formerly required the Commission to issue a decision within thirty (30) days of an appeal's filing. As the Commission explained in the Omnibus Rulemaking, this was essentially impossible, and therefore the

rules in § 3802 provided a briefing and argument schedule to fill in the gaps where the agency could not meet its deadline. As amended, § 216(h) of the Act (D.C. Official Code § 42-3502.16(h)) now requires the Commission to issue a decision within one hundred twenty (120) days of an appeal being submitted for consideration, i.e., the day of oral arguments or that it is deemed submitted on the papers. The proposed rules below add a new § 3802.17 containing the statutory deadline. The proposed rule also includes the caveat that, under D.C. Court of Appeals precedent, deadlines for agency decisions in contested cases are “directory” and the failure to meet them does not strip the agency of jurisdiction or automatically entitle any party to ruling one way or the other. *See, e.g., In re Smith*, 305 A.3d 826, 848-49 & n.63 (D.C. 2023); *Hughes v. D.C. Dep’t of Emp. Servs.*, 498 A.2d 567, 571 n.8 (D.C. 1985).

- **Time limits – cross appeals:** The Commission’s rules currently provide that the filing of an appeal by one party does not extend the time for an opposing party to file a cross-appeal. The FSHA does not affect directly this rule, but the Commission is taking this opportunity to align its rules with those of the District of Columbia Court of Appeals. D.C. App. R. 15(a)(7) gives a party in an administrative case an additional fourteen (14) days to file a cross-petition for review in response to another party’s timely petition, and the Commission believes that fairness and the interest of justice support this rule. A party that partially prevailed before OAH should have the opportunity to dispute issues that may not have been worth appealing on their own but that would become significant if the other party prevailed on its appeal. This opportunity could be lost if the initial notice of appeal is not filed until the last minute. Accordingly, the proposed rules below modify § 3802.2 to allow cross-appeals within the same time limits applicable to petitions for judicial review of agency decisions.
- **Mediation – sanctions authority:** The FSHA adds a new § 216(h-1) of the Act (D.C. Official Code § 42-3502.16(h-1)), which clarifies the authority of the Commission to order parties to attend mediation and to impose sanctions for failing to attend without good cause. The proposed rules below modify §§ 3829.4 & 3829.9 to provide that, although mediation will generally be conducted with the agreement of the parties, the Commission may also order parties to attend mediation, and sanctions may be imposed on a party that does not appear as scheduled with settlement authority.
- **Mediation – staff changes:** The Commission has recently made internal staffing changes that affect how mediation will be “facilitated” by it under § 216(h-1) of the Act (D.C. Official Code § 42-3502.16(h-1)). The Commission’s current rules provide that a “designated staff member” will serve as a mediator. However, the Commission has determined this function is better served by an outside attorney or administrative judge through a contract or memorandum of understanding. The proposed rules below eliminate the reference to a Commission staff member and, in § 3829.4, make several process changes that will work better with an outside mediator.

Section 221 – Certificates of Assurance

- **Repeal:** The FSHA repeals § 221 of the Act (D.C. Official Code § 42-3502.21), which created certificates to be issued by the Mayor restricting the ability of the Council to, at a

future time, eliminate or move forward the new construction exemption or the continuous vacancy exemption provided by, respectively, § 205(a)(2) and (4) of the Act (D.C. Official Code § 42-3502.05(a)(2) & (4)). Accordingly, the proposed rules repeal § 4110. As no legislative action related to those exemptions has occurred, the Commission takes no position at this time on the effect of this repeal on certificates that were validly issued under the now-repealed provisions.

3802.17 The Commission shall issue a decision with respect to an appeal within 120 days of the oral argument or date the case is deemed submitted in accordance with § 3802.14; provided, that failure to meet this requirement shall not deprive the Commission of jurisdiction over the matter or have the effect of affirming or reversing the order under appeal.

Subsections 3804.1 through 3804.3 are amended to read as follows:

3804.2 The Rent Administrator or the Office of Administrative Hearings, within thirty (30) days of the request by the Clerk, shall furnish to the Commission a written or electronic copy of the official record of the proceeding and shall certify that the copy is complete (“certified record”).

 - (c) The designated mediator shall, no less than fifteen (15) days after receiving the case, set a date and time for mediation with the agreement of the parties, which shall be no later than twenty-one (21) days from date of the parties' agreement, unless there is good cause for agreement to a later date, or the

mediator shall return the case to the Commission if no date and time can be agreed to.

3829.5 If the Commission has issued a scheduling order in accordance with § 3802.9, it may, by motion of a party or on its own initiative, grant a continuance of all briefing, hearings, or other argument of the appeal, and may defer the issuance of a final decision and order, while mediation proceedings are pending.

3829.6 A mediator may speak privately with any party or any representative during the mediation process, and any communications made in the mediation process by or to the designated mediator shall not constitute *ex parte* communications under § 3818.

Subsections 3829.8 and 3829.9 are amended to read as follows:

3829.8 Mediation proceedings shall be confidential, closed to the public, and not recorded in any manner, with or without the consent of the parties. No statements during a mediation proceeding or any documents prepared exclusively for a mediation proceeding shall become part of the record of an appeal or be admissible in any adjudication under the Act. The designated mediator shall not disclose any information learned from his or her participation and shall be screened from internal deliberations on the case.

3829.9 Parties agreeing to participate in mediation provided by the Commission shall appear as scheduled, and any representative appearing at mediation must have authority from the party to resolve the case or issues within the scope of the mediation. If one or more parties fails to comply with this subsection, the mediator may terminate mediation and notify the Commission, and the Commission may impose appropriate sanctions for failure to comply without good cause.

In accordance with § 3805, a housing provider shall not implement a rent adjustment authorized by a final order while an appeal of that order is pending before the Commission.

Section 4213, RENT ADJUSTMENTS BY VOLUNTARY AGREEMENT, is amended as follows:

Subsection 4213.1 is amended to read as follows:

4213.1 Seventy percent (70%) or more of the tenants of a housing accommodation, not including tenants of units exempt from the Rent Stabilization Program for any reason under § 4106, may enter into a voluntary agreement with the housing provider that, subject to the administrative approval, may:

Subsection 4213.4 is amended to read as follows:

- 4213.4 Prior to or simultaneously with the filing of a Proposed Voluntary Agreement with the Rent Administrator, the party initiating an application shall:
- (a) Serve a copy of the Proposed Voluntary Agreement upon each tenant in the affected housing accommodation, without regard to any exemption from the Rent Stabilization Program, and the housing provider if the initiating party is not the housing provider, accompanied by a letter briefly explaining the purpose of the application, stating the amount of the proposed rent adjustment for the recipient unit, if any, and notifying the tenant of the opportunity to comment on or contest the application provided by this section; and
 - (b) Transmit a copy of the Proposed Voluntary Agreement to the Office of the Tenant Advocate and the Housing Provider Ombudsman.

Subsection 4213.8 is amended to read as follows:

- 4213.8 After the proper filing of a Proposed Voluntary Agreement, the Rent Administrator shall issue a brief notice of the following in accordance with § 4213.5:
- (a) The date of filing of the application;
 - (b) The time periods provided by this section for negotiation, revision, and signing of the voluntary agreement;
 - (c) That any affected person may contest the application as provided in § 4213.18 and the time period to do so; and
 - (d) The process to claim an exemption as an elderly tenant or tenant with a disability or to waive that exemption under § 224 of the Act (D.C. Official Code § 42-3502.24) and § 4215 of this chapter.

- 4213.12 After the expiration of the Cooling-off Period, the initiating party may begin collecting signatures of tenants to approve or reject the Proposed Voluntary Agreement, including any modifications made during the Cooling-off Period. If the version circulated for signatures is different from the initial Proposed Voluntary Agreement, the initiating party shall also file a copy of the modified Proposed

Voluntary Agreement with the Rent Administrator including all information required by § 4213.3, other than paragraph (i). No tenant shall be requested to sign a modified Proposed Voluntary Agreement without being notified in writing that modifications have been made since the original filing and being given an opportunity to review the entire agreement. Signatures given to approve or reject the Proposed Voluntary Agreement may be in ink or electronic.

Subsections 4213.16 through 4213.25 are amended to read as follows:

- 4213.16 A Final Voluntary Agreement, when filed with the Rent Administrator, shall include:
- (a) All the terms and information required by § 4213.3, other than paragraph (i);
 - (b) A certification that the agreement was entered into voluntarily and that no form of coercion, as defined in § 4213.22, was employed by any party involved in securing any signature;
 - (c) A certification that the agreement is complete and includes all terms and conditions by which the housing provider and any tenant is bound, that no further consideration or promises have been exchanged or provided to induce any party to sign the Proposed Voluntary Agreement, and that all parties have signed the same, complete agreement;
 - (d) Written comments submitted by any tenant of a rental unit in the housing accommodation that is exempt from the Rent Stabilization Program;
 - (e) The signatures of:
 - (1) The housing provider;
 - (2) Each tenant agreeing to the terms of the voluntary agreement, which shall be not less than seventy percent (70%) of the tenants of rental units covered by the Rent Stabilization Program; and
 - (3) Each tenant electing to sign to indicate his or her disapproval of the terms of the voluntary agreement;
 - (f) A certification that the filing party made a good faith effort to obtain the signature, whether agreeing to or disapproving the Proposed Voluntary Agreement and without regard to any exemption from the Rent Stabilization Program, of each tenant for whom a signature is not filed, or that a resident is an employee of the housing provider and disqualified from signing; and
 - (g) A certification that a translated copy of each required form published by the Rent Administrator and each document required by paragraph (a) has been

provided to each tenant that the initiating party knows or reasonably should know primarily speaks Spanish or otherwise covered by the current, annual notice published by the Commission pursuant to § 4300.23.

- 4213.17 After the filing of a Final Voluntary Agreement, the Rent Administrator shall dismiss, with or without prejudice any application for approval of a voluntary agreement if it is apparent without an evidentiary hearing that the filing party has not complied with the requirements of §§ 4213.2-4213.16.
- 4213.18 Within thirty (30) days of the service of notice of the filing of a Final Voluntary Agreement, the housing provider and any tenant of the affected housing accommodation may file with the Rent Administrator a clear and concise statement of exceptions and objections to the approval of the application.
- 4213.19 Exceptions and objections filed pursuant to § 4213.18 may contest whether the application should be approved or denied based on the following issues:
- (a) Whether the initiating party complied with all requirements of §§ 4213.2-4213.16 and whether any failure of compliance was remedied;
 - (b) Whether the application must be denied for any reason provided in § 4213.20;
 - (c) Whether the housing accommodation is properly registered and the housing provider has all required business licenses;
 - (d) Whether, pursuant to § 4216.4, substantial violations of the Housing Regulations existed on the date that the application for approval of the voluntary agreement was initiated and have not yet been abated;
 - (e) Whether the voluntary agreement was filed as or any term of the agreement constitutes a retaliatory action prohibited by § 502 of the Act (D.C. Official Code § 42-3505.02) and § 4303 of this title; or
 - (f) Any other violation of § 215 of the Act (D.C. Official Code § 42-3502.15) or this section.
- 4213.20 An application under this section shall be denied if:
- (a) All or part of any tenant's approval of a Final Voluntary Agreement has been induced by coercion; or
 - (b) The Final Voluntary Agreement results in unreasonable rent adjustments for any rental unit.
- 4213.21 For the purposes of this section, coercion shall include:

- (a) The knowing circulation of inaccurate information;
- (b) Frequent calls or visits over the objection of that household; or
- (c) An act or threat not otherwise permitted by law that seeks to:
 - (1) Recover possession of a rental unit;
 - (2) Increase rent;
 - (3) Decrease services;
 - (4) Increase the obligation of a tenant or cause undue or unavoidable inconvenience;
 - (5) Harass a tenant; or
 - (6) Violate the privacy of the household;
- (d) Refusal to honor a lease provision;
- (e) Refusal to renew a lease or rental agreement; or
- (f) Any other form of threat.

4213.22 For the purposes of this section, the reasonableness of any proposed rent adjustments for a rental unit in a Final Voluntary Agreement shall be determined in consideration of the following factors, as may be relevant:

- (a) The cost, scope, and nature of any alterations in the provision or levels of related services or facilities in proportion to the amount of the rent adjustments and to the rents for comparable rental units;
- (b) Provisions, if any, for capital improvements, the performance of deferred, ordinary maintenance or repairs, and the status or establishment of any replacement reserve fund maintained by the housing provider;
- (c) Other costs stated in the Final Voluntary Agreement;
- (d) The housing provider's rate of return on the housing accommodation, as defined in § 4209.8;
- (e) The reason why any changes proposed are not being sought through a hardship, capital improvement, services or facilities, or substantial rehabilitation petition;

- (f) Current rents for comparable rental units in housing accommodations physically near to the subject housing accommodation;
- (g) The impact of any provisions on the tenants in terms of any inconvenience due to construction or relocation;
- (h) The proposed financial costs to tenants, including whether tenants have or will have a rent burden greater than thirty percent (30%) of their monthly household incomes;
- (i) Other terms and conditions agreed to by the housing provider and tenants, as required to be filed under § 4213.3(d);
- (j) Whether any proposed disparities between tenants or classes of tenants or rental units in the percentage or amount by which the rents will be adjusted are inequitable or justified; and
- (k) The purposes of the Act as stated in § 102 of the Act (D.C. Official Code § 42-3501.02).

4213.23 For the purposes of § 4213.22 (j), reduced rent adjustments for rental units occupied by elderly tenants and tenants with disabilities, whether or not the tenants qualify for an exemption pursuant to § 224(i) of the Act (D.C. Official Code § 42-3502.24(i)) and § 4215.2 of this chapter or have previously filed an application to register for protected status under § 4215, shall not be deemed inequitable or unjustified disparities in rent adjustments.

4213.24 If no exceptions and objections to a Final Voluntary Agreement are filed within thirty (30) days in accordance with § 4213.18, the Rent Administrator, within five (5) business days of the expiration of that time, shall issue a final order approving the application and serve the final order upon the housing provider and each affected tenant in the housing accommodation.

4213.25 If exceptions and objections to a Final Voluntary Agreement are filed within thirty (30) days in accordance with § 4213.18, the Rent Administrator, within fifteen (15) days of the expiration of that time, shall transfer the record of the voluntary agreement application to the Office of Administrative Hearings for a hearing and decision on each issue raised in the exceptions and objections.

Subsection 4213.29 is amended to read as follows:

4213.29 A final order of the Rent Administrator or the Office of Administrative Hearings approving or denying an application under this section may, within thirty (30) days of its issuance, be appealed to the Commission in accordance with § 3802 of this title by any party to the case that is aggrieved by the final order. In accordance with

§ 3805, a housing provider shall not implement a rent adjustment authorized by a final order while an appeal of that order is pending before the Commission.

**ALCOHOLIC BEVERAGE AND CANNABIS ADMINISTRATION
ALCOHOLIC BEVERAGE AND CANNABIS BOARD**

**NOTICE OF LICENSEE EXTENSION OF HOURS
FROM SEPTEMBER 12, 2025 TO SEPTEMBER 14, 2025**

The Alcoholic Beverage and Cannabis Board (“Board”), pursuant to the authority set forth in D.C. Official Code § 25-723(g), hereby gives notice that it is extending the authorized hours of sales, service, and consumption of alcoholic beverages at, and authorized hours of operation of, on-premises retailer licensees, manufacturers holding an on-site sales and consumption permit, and temporary licensees (collectively, “eligible licensees”) for the period of Friday evening, September 12, 2025 until 4:00 a.m. on Sunday, September 14, 2025. Specifically, the Board is authorizing each eligible licensee to extend its hours of sales, service, and consumption of alcoholic beverages until 4:00 a.m. and extend its hours of operation to 24 hours each day, during the designated period, if the eligible licensee: (1) registers with the Board by September 9, 2025, and (2) pays a \$100 fee.

The Board is taking this action pursuant to the authority provided by the On-Premises and On-Site Extended Hours Program Amendment Act of 2025, effective June 10, 2025 (D.C. Act 26-6) (“Act”). The Act added a new subsection (g) to section 25-723 of Title 25 of the District of Columbia Official Code. This new subsection authorizes the Board to extend the authorized hours of sales, service, and consumption of alcoholic beverages at on-premises retailer licensees, manufacturers holding an on-site sales and consumption permit, and temporary licensees until 4:00 a.m., and the hours of operation to 24 hours a day, for cultural events, sporting events, or tourism-related events; provided, that the licensee registers with the Board, pays the registration fee as established by the Board, and provides written notice to the Board no later than 3 calendar days before the first day of the event of its extended hours of operations, sales, service, and consumption.

Under the law, a cultural event is defined as an event “that aims to highlight the customs, arts, music, dances, or cuisines of various cultures through performances and displays of artistic expression,” D.C. Official Code § 25-723(g)(5)(A); a sporting event is defined as “a professional or amateur event involving a game or athletic competition that occurs either once annually or every 4 years that is organized by a league or association,” D.C. Official Code § 25-723(g)(5)(B); and a tourism-related events is defined as “major festival, convention, or trade show, with the potential to attract visitors from outside a 50-mile radius of the District, and that is likely to produce a significant positive financial impact for the District,” D.C. Official Code § 25-723(g)(5)(C).

The Art All Night 2025 program will begin on Friday, September 12, 2025, and run through Saturday, September 13, 2025. This cultural event features a citywide festival that provides visual and performing arts attractions at indoor and outdoor public and private spaces all over the city and is expected to attract many residents and visitors to the District of Columbia.

In light of this important upcoming event, on July 9, 2025, the Board, in a 5-0 vote, decided to approve extending the hours of operation and alcohol sales for eligible licensees beginning

Friday evening, September 12, 2025, through 4:00 a.m. on Sunday morning, September 14, 2025.

The Board also directed ABCA to provide notice of these extended hours to the Metropolitan Police Department (“MPD”) at least 48 hours before the extended hours of operation take effect, and to provide MPD with a list of the licensees authorized to participate in the extended hours. The Board also directed ABCA to promptly post notice of the Board’s action to authorize the extended hours on the ABCA website and to promptly submit this notice to the Administrator of the Office of Documents and Administrative Issuances for publication in the *District of Columbia Register*.

DEPARTMENT OF ENERGY AND ENVIRONMENT

NOTICE OF INTENT TO ISSUE WATER QUALITY CERTIFICATION

Notice is hereby given that, pursuant to 21 DCMR Chapters 25 and 26, and 33 U.S.C § 1341, the Regulatory Review Division (RRD) of the Department of Energy & Environment (DOEE), located at 1200 First Street NE, 5th Floor, Washington, DC, intends to issue Water Quality Certification (WQC) #WQC-DC-2025-179 to Dewberry on behalf of Virginia Passenger Rail Authority (Permittee), to Washington, DC. The proposed work includes installing test piles and marine access points to support the design and construction of the Long Bridge South project. The contact person for the project is Stephen Ott, sott@dewberry.com. **Contact information to request a public hearing is included at the end of the notice.**

Proposed Aquatic Resource Impacts:

Resource Type (stream/wetland)	Classification	Impact Size (square feet)	Activity Type	Impact Type (permanent/temporary)
Potomac River	Perennial	4142	Fill	Permanent

The following conditions will be included in the WQC:

1. The Permittee shall incorporate best management practices as an integral part of the performance of the work to ensure the activity will meet the Water Quality Standards of the District of Columbia and have minimal impact to the waters of the District of Columbia.
2. Any water impacted by the project shall be pumped to an appropriate treatment system in order to comply with the Water Pollution Control Act of 1984, D.C. Official Code § 8-103.02 and 21 DCMR § 1104.
3. Any oil sheen or other visible evidence of hydrocarbons or other pollution generated (e.g., color changes in the water column, turbidity plumes) during any of the activities shall be immediately reported to DOEE Industrial Stormwater and Wastewater Branch at (202) 805-1355 and contained (e.g., oil boom, sorbent materials) or containerized in a sealed container in accordance with D.C. Official Code § 8-103.08.
4. All excavated (e.g., dredged) sediments and sampling sediments (e.g., within cofferdams or excess sediment samples), drill cuttings, drilling mud, and wastes (both solid and liquid) shall be contained, sampled, and analyzed for disposal at appropriate disposal sites. The wastes shall not be used as backfill material in the water body or on land in order to comply with the Water Pollution Control Act of 1984, D.C. Official Code § 8-103.02 and 21 DCMR § 1104.

5. All debris and wastewater must be captured and not enter the river and shall be contained and disposed of properly at an appropriate treatment facility to prevent materials from entering the water body in order to comply with the Water Pollution Control Act of 1984, D.C. Official Code § 8-103.02 and 21 DCMR § 1104.
6. All pilings, drillings, wells, or borings shall be drilled and installed in a manner that prevents cross-contamination of surface water and groundwater aquifers. This includes decontaminating drilling and sampling equipment after each use and using a temporary surface casing, in order to comply with Water Pollution Control Act of 1984, D.C. Official Code § 8-103.02 and 21 DCMR § 1104.
7. To control turbidity, sediments, and work materials (e.g., concrete, sand, lumber) in the water body:
 - a. Weighted turbidity curtains must be used if sediments are being disturbed or if the Permittee uses anchored equipment such as boats or barges.
 - b. Weighted turbidity curtains must be used in all activity/work areas and around equipment and cofferdams, and dewatering return areas. Turbidity curtains must be kept closed during all work activity.
 - c. The turbidity curtains must be in place after the equipment is brought into the work area, but before the equipment is anchored (i.e., before setting anchors) and before sediment disturbing activities begin. This is necessary to prevent sediments, contaminants, and work materials (e.g., concrete, sand, lumber) from escaping the work area and being reintroduced into the water column during the work activity. Turbidity curtains must not be dragged along the bottom while moving the barge/equipment.
 - d. The turbidity curtains must be properly anchored. Depth and placement of the turbidity curtain must be based on manufacturer's specifications for the site conditions, and encompass the entire area of activity, including cofferdams, barges, boats, and limits-of-disturbance, plus any equipment in the water. Turbidity curtains must be able to withstand normal tidal or stream flow fluctuations.
 - e. In the case that the turbidity curtains and/or anchors are causing turbidity during high currents, wakes or waves, they shall be removed until conditions return that allow their beneficial use.
8. To monitor turbidity in the water body to ensure compliance with District of Columbia Water Quality Standards in 21 DCMR § 1104.8, the Permittee shall:
 - a. Establish background turbidity and measure turbidity by using U.S. Environmental Protection Agency (EPA) approved methods in accordance with procedures outlined in 40 C.F.R. Part 136. Background turbidity must be established daily before starting sediment disturbing activities, before equipment is anchored, and before any turbidity curtains or cofferdams are in place.

Background turbidity measurements shall be taken at the following locations and depths:

- i. Within 25 feet upstream and 25 feet downstream, outside of the curtains.
- ii. At multiple measurement depths depending on the water body depth, consistent with the table below.

Water Depth (ft)	# Measurements Depths	Water Column Measurement Depths
<1	1	Middle
1 to 4	2	$\frac{1}{4}$ from bottom and $\frac{3}{4}$ from bottom
> 4	4	$\frac{1}{4}$ from bottom, middle, $\frac{3}{4}$ from bottom, surface

- b. Once the operations begin, turbidity measurements must be taken at least every hour from the same locations and depths established for the background measurement throughout the duration of the sediment disturbing activities.
- c. If any turbidity measurements exceed a maximum of 20 Nephelometric Turbidity Units (NTU) above background turbidity, a visual sediment plume is observed coming out of the sediment-disturbing activity location, or the turbidity exceeds the District of Columbia Water Quality Standards in 21 DCMR § 1104.8 the Permittee shall take the following actions:
 - i. Immediately stop all activities and implement best management practices until there is no more sediment escaping the sediment-disturbing activity location; and
 - ii. When measured turbidity is less than or equal to the background turbidity, the Permittee may resume the work; and
 - iii. Per DOEE regulations, sediment plumes must be reported to DOEE Industrial Stormwater and Wastewater Branch at (202) 897-5341 or mary.polacek@dc.gov immediately.
- d. The contractor may elect to use cofferdams and local dewatering to perform work “in the dry” within the cofferdams. In this case, the hydrostatic pressure of the water would prevent the escape of materials from the internal cofferdam working area. Should cofferdams be installed to allow for dewatering of the worksite, turbidity monitoring shall occur during cofferdam installation, initial draw down, and any maintenance dewatering.
- e. Prior to opening turbidity curtains, turbidity measurements must be taken inside the turbidity curtains. The turbidity curtains must not be opened until the levels inside the turbidity curtains are below the 20 NTU maximum differential.

- f. The turbidity readings must be recorded in a logbook and kept on site. In addition to the turbidity readings, records must also be kept of the date and time of the readings, and name(s) of the person(s) taking the sample and making the readings.
 - g. If there is no water present on any certain day during operations, that information shall be recorded in the log book.
- 9. The Permittee shall obtain all necessary permits and other authorizations from appropriate federal and local offices, including permits for Stormwater Management and Erosion and Sediment Control from DOEE in accordance with 21 DCMR §§ 516-534 and 540-547. All staging and temporary activity areas not covered by any permit shall have adequate soil erosion and sedimentation measures.
- 10. The Permittee shall obtain all required permits and authorizations from the U.S. National Park Service. Please contact the Right-of-Way Program Coordinator at laura_brockington@nps.gov for more information.
- 11. The Permittee shall obtain all required permits and authorizations from the U.S. Coast Guard and Metropolitan Police Department Harbor Patrol in accordance with 19 DCMR §§ 1001-1005, 1028-1030, and 1033.
- 12. Temporary impacts to the Potomac River must be mitigated in-place by restoring those resources to pre-construction condition or better.
- 13. As detailed in the mitigation plan submitted by the VPRA Long Bridge project (WQC-DC-2024-143), the Permittee will mitigate for permanent impacts from this test pile project by payment into the District Wetland and Stream Mitigation Trust Fund.
- 14. Reporting Requirements:
 - a. The Permittee shall submit written notification to DOEE RRD at least seven (7) business days before work commences in accordance with 21 DCMR § 2502.3.
 - b. If the Permittee observes any water quality standard exceedances at the site, the Permittee must notify DOEE Industrial Stormwater and Wastewater Branch immediately at (202) 805-1355, stop the work, prepare and submit for review and approval a corrective action plan, and then implement the DOEE-approved corrective action plan in accordance with D.C. Official Code § 8-103.08.
 - c. Through the duration of permitted activities, the permittee shall submit weekly turbidity monitoring reports to DOEE RRD through the Surface and Groundwater System (SGS) by the close of business every Tuesday after the one-week reporting period. Reports should contain the data recorded in the logbook kept onsite, including:
 - i. the date and time of each turbidity reading,
 - ii. the daily background turbidity readings,

- iii. the calculated differential of each reading compared to the daily background reading,
 - a. If any readings exceeded 20 Nephelometric Turbidity Units (NTU) above background turbidity, provide details on how activities were stopped, confirmation that DOEE Industrial Stormwater and Wastewater Branch was notified, and details on best management practices that were implemented until the 20 NTU maximum differential was reached.
 - iv. name(s) of the person(s) taking the sample and recording the readings,
 - v. location and distance of each measurement relative to the turbidity curtain or cofferdam/dewatering equipment,
 - vi. depth of each reading,
 - vii. notes, and
 - viii. photos (as applicable).
- d. The Permittee shall submit a final report to SGS no later than seven (7) days after completion of permitted activities to notify the inspector for project closeout.

The application for a WQC, supporting documents, and the draft WQC may be made available upon request. Interested parties wishing to view these documents should provide their names, email addresses, telephone numbers and affiliation, if any, to wetlandprogram@dc.gov.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

Application No. 21101 of Mendomas, LLC, pursuant to 11 DCMR Subtitle X § 901, for a special exception under the daytime care use provisions of Subtitle U § 203.1(h) to allow a new child development center for 82 children and 20 staff in an existing building in the R-1B Zone at 245 Peabody Street, N.W. (Square 3338, Lot 811).

HEARING DATES: October 2 and November 13, 2024

DECISION DATE: December 4, 2024

DECISION AND ORDER

This self-certified application was filed January 26, 2024 on behalf of Mendomas, LLC (“Applicant”), the owner of the property that is the subject of the application. Following a public hearing, the Board voted to approve the application subject to conditions.

PRELIMINARY MATTERS

Notice of Application and Notice of Hearing. In accordance with Subtitle Y §§ 400.4 and 402.1, the Office of Zoning provided notice of the application and of the public hearing by letters, dated February 14, 2024, to the Applicant, the Office of Planning (“OP”), the District Department of Transportation (“DDOT”), the Department of Buildings, Advisory Neighborhood Commission (“ANC”) 4B, the ANC in which the subject property is located, and Single Member District ANC 4B07, the Office of Advisory Neighborhood Commissions, the Councilmember for Ward 4 as well as the Chairman of the Council and the at-large members of the D.C. Council, and the owners of all property within 200 feet of the subject property. Notice was published in the *District of Columbia Register* on March 8, 2024 (71 DCR 2365) as well as through the calendar on the Office of Zoning website.¹

Parties. Pursuant to Subtitle Y § 403.5, the Applicant and ANC 4B were automatically parties in this proceeding. The Board granted requests for party status in opposition to the application submitted by Joshua Toll (Exhibits 36, 37) and Brandon Jamison (Exhibits 34, 35), the owners of properties abutting or adjacent to the subject property. The Board denied a request for party status in opposition to the application submitted by Genell Anderson. (Exhibit 29.)

Applicant’s Case. The Applicant presented evidence and testimony in support of the application from David Bloom, the project architect, and Nicole White, an expert in transportation. The

¹ The public hearing was originally scheduled on May 1, 2024 and was postponed twice at the request of the Applicant or ANC 4B. (Exhibits 16, 19.)

Applicant proposed to construct an addition to an existing building, formerly used as a church, and to establish a new child development center at the site.

OP Report. By memoranda dated September 20, 2024 and November 6, 2024, the Office of Planning recommended approval of the application subject to any conditions recommended by DDOT as well as the conditions proffered by the Applicant “intended to generally mitigate any potential impacts” of the new child development center. (Exhibits 26 and 59.)

DDOT Report. By memoranda dated September 20 and November 6, 2024, the District Department of Transportation indicated no objection to approval of the application subject to conditions intended to avoid the creation of adverse traffic impacts. (Exhibits 27 and 58.)

ANC Report. ANC 4B submitted a resolution in support of the application that the ANC adopted at a public meeting on September 23, 2024, with a quorum present. (Exhibit 52.)

Parties in Opposition. The parties in opposition urged the Board to deny the application, arguing that the child development center, at the size proposed by the Applicant, would exacerbate existing objectionable traffic and parking conditions as well as create safety issues for pedestrians, especially considering the proximity of an existing public charter school.

Persons in support. The Board received letters in support of the application from residents living near the subject property, who commented favorably on the Applicant’s proposal.

Persons in opposition. The Board received letters and heard testimony from persons in opposition to the application, including residents living near the subject property. The persons in opposition generally objected to the number of students at the planned child development center and asserted that approval of the application would cause adverse impacts related to traffic, parking, and unsafe conditions associated with the pick-up and drop-off of children, especially considering the proximity and size of a nearby public charter school.

FINDINGS OF FACT

1. The property that is the subject of this application is an interior lot on the north side of Peabody Street, N.W. near its intersection with 3rd Street, with the address 245 Peabody Street, N.W. (Square 3338, Lot 811.)
2. The subject property is rectangular, 75 feet wide and approximately 157.5 feet deep. The lot area is approximately 11,800 square feet.
3. The subject property is improved with a detached building that was formerly used as a church but was vacant for several years before being purchased by the Applicant in 2023. The building is one story, with a cellar, and is approximately 23 feet in height. The subject property has side yards of nine feet (west) and 26 feet (east) as well as a rear yard of

BZA ORDER NO. 21101

PAGE NO. 2

approximately 72.4 feet. The existing lot occupancy is approximately 18 percent. (Exhibits 4, 8, 50.)

4. The Applicant proposed to enlarge the existing building for use as a child development center with a maximum of 82 children and 20 staff. (Exhibit 8.)
5. The Applicant planned to build a second-story addition to the existing building as well as two-story side and rear additions. A ramp will be installed at the rear exit of the building.
6. As a result of the new construction, the building height will increase to approximately 26 feet, nine inches. The new construction will not alter the west side yard, which will remain nine feet, and will provide a side yard of approximately 16.7 feet on the east as well as a rear yard of approximately 32.25 feet. The lot occupancy will be approximately 33.2 percent. (Exhibits 2, 4, 24A.)
7. The child development center will occupy approximately 8,928 square feet in the enlarged building, serving a maximum of 82 children between the ages of six months to five years. (Exhibits 28, 63.)
8. The child development center will operate from 7:00 a.m. until 6:00 p.m., Monday through Friday. Pick-up and drop-off times will be staggered, with the peak drop-off activity occurring between 8:15 and 9:15 a.m. and peak pick-up activity occurring between 4:45 and 5:45 p.m. (Exhibit 28.)
9. Pick-up and drop-off activities will occur on Peabody Street. Consistent with DDOT's recommendation, the Applicant plans to obtain signage to reserve three parking spaces on Peabody Street abutting the subject property to facilitate pick-up/drop-off activity. The restricted spaces will allow parking for 15 minutes between 7:00 a.m. and 6:00 p.m. on school days. (Exhibit 28.)
10. The Applicant will implement specific procedures to facilitate the pick-up and drop-off operation. During the drop-off period, a designated staff member stationed at the front of the building will contact intake staff members who will escort the children to their classrooms. During the pick-up period, employees will prepare the children for departure and designated staff will bring children to the front of the building. (Exhibit 57A1.)
11. The Applicant's pick-up/drop-off procedures will not permit the use of the public alley and will prohibit drivers of vehicles traveling to the subject property from making U-turns or from double-parking when engaged in pick-up and drop-off activities. While the primary pick-up/drop-off area will be designated on Peabody Street in front of the Applicant's building, parents/guardians driving to the child development center may utilize legal parking spaces in the vicinity, provided that drivers will be instructed not to block traffic while waiting for a parking space. (Exhibit 57A1.)

12. The Applicant will include provisions in the child development center's handbook for parents or guardians of enrolled children to facilitate pick-up and drop-off activities. The handbook will describe the Applicant's process and specify that drivers of vehicles engaged in pick-up/drop-off at the child development center must not block the public alley. The Applicant will inform parents that the policies will be enforced, with penalties for violations ranging from a written warning to monetary fines and termination of the enrollment contract for a third violation. The Applicant will require the parents or guardians to sign addendums to the handbook to ensure that the policies are well known. (Exhibits 28, 50, 57, 57A1, 57E.)
13. The Applicant will include a statement about its parking policies in its employee handbook. The employee handbook will encourage the use of public transportation and carpools, and will instruct employees not to park on Peabody Street east of 3rd Street. The Applicant will inform employees that the parking policies will be enforced, with penalties for violations ranging from written warnings to monetary fines and termination of employment for a third violation. The Applicant will require the employees of the child development center to sign addendums to ensure that the policies are well known. (Exhibits 28, 57, 57A2, 57E.)
14. The child development center will have an outdoor play area in the northeast corner of the subject property. The Applicant will also utilize off-site play areas, including local playgrounds, and will take children for walks around the neighborhood. Outdoor activities will occur with the same adult-to-child ratios used inside the child development center and will be scheduled so that a limited number of children will be escorted outside at one time. (Exhibits 8, 30A, 63.)
15. The Applicant will install a six-foot solid fence along the east side yard and rear (north) lot line, as shown on the plans in Exhibit 30A, with a locked gate on the alley side ramp. (Exhibits 30A, 63.)
16. The Applicant will implement a transportation demand management ("TDM") plan to reduce the number of vehicular trips and the parking demand associated with the child development center. (Exhibits 28, 57E.) As part of the TDM plan, the Applicant will appoint a transportation coordinator who will:
 - (a) meet with goDCgo to develop goals and plans, and consult with goDCgo's School Services Team to track progress;
 - (b) conduct commuter surveys of staff and parents;
 - (c) promote commuter benefits and other sustainable transportation programs, including providing reminders about open enrollment for commuter benefits and hosting a tabling event with goDCgo to encourage employees to enroll in commuter benefits;
 - (d) provide transportation information to staff and to families of children who are enrolled or may be enrolled in the child development center, including the provision of information about transportation options in newsletters and on the Applicant's website;

- (e) promote “sustainable transportation holidays” such as car-free day, walk to school day, and bike to work day;
 - (f) provide Capital Bikeshare corporate memberships to all interested staff and promote Capital Bikeshare as a form of commuting to and from the subject property;
 - (g) host a bicycle safety course for staff and promote bicycling classes, such as those offered by the Washington Area Bicyclist Association;
 - (h) provide preferential parking for carpools for staff, including by assigning the parking spaces at the subject property and giving priority to carpools;
 - (i) create a pre-tax commuter **benefit** program for staff; and
 - (j) charge employees the market rate for parking or comply with “parking cashout” measures to provide commuter benefits in lieu of parking benefits.
17. The subject property abuts a public alley, 15 feet wide, along the west (side) and north (rear) lot lines. The alley extends east-west across the middle portion of Square 3338, providing access to Peabody Street to the south and Quackenbos Street to the north.
18. The Applicant will provide five vehicle parking spaces in the northwest corner of the subject property, accessible from the public alley. The parking spaces will be reserved for use by employees of the child development center. (Exhibit 28.)
19. One long-term bicycle parking space will be provided in the cellar of the building. Short-term bicycle parking will be provided at the front of the building, accessible from the public alley. (Exhibits 24A, 28, 30A.)
20. Trash will be stored in a commercial trash storage container in a fenced enclosure adjacent to the alley at the rear of the subject property. Trash collection will occur from the alley at least once per week. (Exhibit 28, Figures 14-15; Exhibit 63.)
21. Other properties in Square 3338, including the abutting property to the east of the subject property, are improved with two-story detached principal dwellings. The surrounding neighborhood is developed primarily with one- or two-story detached principal dwellings.
22. Fort Slocum Park is located approximately one block south of the subject property. The park is bounded by 3rd, Oglethorpe, and Madison Streets as well as Kansas Avenue.
23. Capital City Public Charter School is located at 100 Peabody Street, N.W., approximately 550 feet east of the subject property. The charter school serves over 1,000 students from pre-kindergarten through Grade 12. (Exhibit 26.)
24. Pick-up and drop-off activity for the charter school occurs on Peabody Street east of 2nd Street, N.W. (Exhibit 59.)

25. On January 7, 2019, the Department of Consumer and Regulatory Affairs issued Certificate of Occupancy No. CO1900412 authorizing a public charter school use at 100 Peabody Street, N.W. The description of occupancy was stated as: “Public charter school, 1000 students ages 3 to 18, from early childhood to 12th grade, 220 faculty/staff, 77 surface parking spaces and accessory rehear kitchen with 500 seat theater.” (Exhibit 59 at 6.)
26. On September 13, 2024, the Office of the State Superintendent of Schools issued a license to the charter school authorizing operation of a child development center at the site to provide before- and after-school care to children attending the school. The license authorized enrollment of 84 children, comprising 24 preschoolers (36 months to five years) and 60 school age (five years to 15 years). The child development center was authorized to operate between 7:30 a.m. and 6:00 p.m., Monday through Friday. (Exhibit 59 at 5.)
27. The segment of Peabody Street near the subject property is classified as a local road that accommodates two-way vehicle traffic.
28. Parking restrictions are not currently in place on Peabody Street, 2nd Place, or 3rd Street within a block of the subject property. Portions of Peabody and 2nd Streets are subject to restrictions (e.g., two-hour limits for residential parking permit holders on weekdays and 15-minute parking or no parking on school days) near the charter school.
29. The subject property is located approximately one mile from the Takoma and Fort Totten Metrorail stations. (Exhibits 27, 28.)
30. The subject property is located within a half-mile of a Metrobus Priority Corridor Network route (79). (Exhibit 27.)
31. Two Capital Bikeshare stations are located within a half-mile of the subject property. Peabody Street is a designated bicycle route. (Exhibit 28.)
32. The subject property is located in a Residential House (R) zone, R-1B. The Residential House zones are residential zones, designed to provide for stable, low- to moderate-density residential areas suitable for family life and supporting uses. (Subtitle D § 101.1.) The R zones are intended to (a) provide for the orderly development and use of land and structures in areas predominantly characterized by low- to moderate-density residential development; (b) recognize and reinforce the importance of neighborhood character, walkable neighborhoods, housing affordability, aging in place, preservation of housing stock, improvements to the overall environment, and low- and moderate-density housing to the overall housing mix and health of the city; (c) allow for limited compatible accessory and non-residential uses; (d) allow for the matter-of-right development of existing lots of record; (e) establish minimum lot area and dimensions for the subdivision and creation of new lots of record; and (f) discourage multiple dwelling unit development. (Subtitle D § 101.2.)

33. The purposes of the R-1B zone are (a) to protect quiet residential areas now developed with detached dwellings and adjoining vacant areas likely to be developed for those purposes and (b) to stabilize the residential areas and promote a suitable environment for family life. (Subtitle D § 101.3.) The R-1B zone is intended to provide for areas predominantly developed with detached houses on moderately sized lots. (Subtitle D § 101.5.)

CONCLUSIONS OF LAW AND OPINION

The Applicant seeks a special exception under Subtitle U § 203.1(h), the daytime care use provision, to allow a new child development center in the R-1B zone at 245 Peabody Street, N.W. (Square 3338, Lot 811). The Board is authorized under § 8 of the Zoning Act, D.C. Official Code § 6-641.07(g)(2), to grant special exceptions, as provided in the Zoning Regulations, where, in the judgment of the Board, the special exception will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps and will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Map, subject to specific requirements. (See 11 DCMR Subtitle X § 901.2.)

The Board is authorized to approve a daytime care use² in the R-1B zone as a special exception, subject to specific requirements.³ (Subtitle U § 203.1(h).) The requirements include that the child development center must be located and designed to create no objectionable traffic condition and no unsafe condition for picking up and dropping off persons in attendance (Subtitle U § 203.1(h)(1)), any off-site play area must be located so as not to endanger individuals traveling between the play area and the center or facility (Subtitle U § 203.1(h)(2)), and more than one child/elderly development center or adult day treatment facility in a square or within 1,000 feet of another child/elderly development center or adult day treatment facility may be approved only when the Board finds that the cumulative effect of these facilities will not have an adverse impact on the neighborhood due to traffic, noise, operations, or other similar factors (Subtitle U § 203.1(h)(4)). Based on the findings of fact, and having given great weight to the recommendation of the Office of Planning and to the issues and concern stated by ANC 4B, the Board concludes that the application satisfies the requirements for approval of the requested special exception to allow the child development center use, subject to the conditions adopted in this order.

² The “daytime care” use category encompasses the “non-residential licensed care [and] supervision ... of individuals who are not related by blood, adoption, or marriage to the caregiver and who are present at the site for less than 24 hours per day.” Examples of a daytime care use include a child development center. (Subtitle B § 200.2(h)(1).) The Zoning Regulations define “child development center” as a “building or part of a building, other than a child development home, used for the non-residential licensed care, education, counseling, or training of individuals under the age of fifteen (15) years of age and, totaling seven (7) or more persons, who are not related by blood or marriage to the caregiver and who are present for less than twenty-four (24) hours per day. This definition encompasses facilities generally known as child care centers, pre-schools, nursery schools, before-and-after school programs, and similar programs and facilities. A child development center includes the following accessory uses: counseling, education, training, and health and social services for the person or persons with legal charge of individuals attending the center, including, but not limited to, any parent, spouse, sibling, child, or legal guardian of such individuals.” (Subtitle B § 100.2.)

³ Subtitle U § 203.1 addresses special exception uses in R-Use Groups A, B, and C. The R-1B zone is classified as R-Use Group A. (Subtitle U § 200.2.)

The Applicant proposed to operate a child development center in an existing building, which the Applicant planned to enlarge consistent with applicable development standards. The detached building formerly housed an institutional use (a church) and is located on a relatively large lot. The Board concludes that the location and design of the child development center use will not create objectionable traffic conditions or unsafe conditions for picking up and dropping off the children in attendance, with operation of the use in accordance with the conditions of approval adopted in this order.

With respect to potential objectionable traffic conditions, the Board notes that the application meets or exceeds the applicable zoning requirements for vehicle and bicycle parking, and the Applicant will implement a TDM plan to encourage travel to and from the subject property by means other than vehicle. The subject property is served by public transportation and bicycle facilities are available nearby. The Board credits the conclusions stated in the Applicant's traffic study (Exhibits 28 and 57E), which was prepared by a transportation expert in accordance with DDOT guidelines for a comprehensive traffic review ("CTR") study.⁴ The findings stated in the traffic study included that most children and staff will travel to and from the subject property by vehicle,⁵ but the planned child development center will not create objectionable traffic conditions or unsafe conditions for picking up and dropping off children in attendance. The Board agrees, noting that the subject property fronts on a street that accommodates two-way vehicle traffic in an area where street parking spaces are generally available, and that drop-off and pick-up activities will be staggered, rather than scheduled to occur within a short period of time, so they will not create a large queue of vehicles at the subject property or coincide with peak travel to and from the nearby charter school. The Applicant will supervise the drop-off and pick-up activities to ensure safety and to avoid interference with the alley abutting the subject property, thereby avoiding potential traffic congestion for nearby residents.

The Board was not persuaded by the parties in opposition, who challenged "the premises and assumptions" of the Applicant's traffic study, especially its estimates of mode split, vehicle occupancy, and trip generation, in arguing that approval of the application would result in an

⁴ The traffic study utilized a vehicle occupancy rate of 1.60 persons/vehicle, consistent with CTR guidelines for childcare use. The traffic study also employed a mode split provided by the Applicant based on the results of a survey of parents and staff at another child development center owned by the Applicant at 5331 Colorado Avenue, N.W., which is now located in the Sixteenth Street Heights Residential House zone (R-1B/SH). The child development center obtained special exception approval in 2016 for 150 children, ages two through five years, and 17 staff, with hours of operation not to exceed 6:30 a.m. to 6:30 p.m., Monday through Friday. See Application No. 14493-A (Star of Bethlehem Church of God; April 27, 2016). The Board later granted a modification allowing enrollment of up to 150 children ranging in age from two months to 14 years. See Application No. 14493-B (MG Properties Management LLC; January 30, 2020).

⁵ According to the traffic study, approximately 60 percent of the children enrolled at the child development center and 72 percent of the employees are expected to travel to and from the subject property by vehicle. The traffic study determined that the planned child development center will likely generate 104 person trips during the morning peak hour and 106 person trips during the peak evening hour, with the highest volume of vehicle trips comprising 22 outbound trips during the evening peak hour. The study anticipated 40 vehicle trips during the morning peak hour and 41 vehicle trips during the evening peak hour. (Exhibit 28.)

increase of vehicle traffic, “further exacerbating traffic conditions on Peabody Street” near the subject property. (Exhibit 60.) The Applicant’s traffic study, including its scope and methodology, was reviewed by DDOT, which stated no objection and concurred with its findings.⁶ The Board credits DDOT’s testimony that “the impacts on the transportation network [related to the planned child development center] will be moderate to minor” given the Applicant’s implementation of the DDOT-approved TDM plan, “the site’s access to transit and bicycle facilities [and the] walkability of the neighborhood.” (Exhibit 27.) The Board also notes that ANC 4B concluded that the Applicant’s TDM plan will be “sufficient to mitigate any traffic impacts on the neighborhood, including banning alley usage, providing parking beyond the minimum required, and providing new bike racks.” (Exhibit 52.)

The Board credits the testimony of the Applicant’s traffic expert that operation of the planned child development center will not tend to cause objectionable conditions related to parking. The Applicant will meet or exceed the zoning requirements for vehicle and bicycle parking, and will implement a TDM plan to encourage travel to and from the subject property by means other than vehicles. In addition to implementing TDM measures designed to reduce the potential number of vehicle trips to the subject property in connection with the operation of the planned child development center, the Applicant proposed limits on employee parking, which the Board adopts in this order as conditions of approval of the application. The five new parking spaces created at the rear of the subject property will be reserved for employees, with a preference for vehicles used by a carpool. The Applicant will also ensure that none of its employees will park on Peabody Street east of 3rd Street N.W., thereby avoiding increased parking demand near the public charter school. The Board credits the findings of the Applicant’s traffic study, which was based in part on repeated observations, at various times and locations, of the availability of parking spaces on the streets near the subject property. The traffic study concluded that the child development center will likely create a demand for 14 vehicle parking spaces, considering the number of staff and the likely mode split, and that the area contained “sufficient on-street parking spaces ... to accommodate [the nine on-street spaces required for] staff parking.” The Board credits the testimony of the Applicant’s traffic expert that the availability of parking on Peabody Street will be sufficient to accommodate employees of the child development center who do not park at the subject property as well as the pick-up and drop-off activities. (Exhibit 28.)

The Board concludes that approval of the application will not tend to create any unsafe condition for picking up or dropping off children in attendance at the child development center. The Applicant and DDOT agreed that three short-term parking spaces near the entrance to the child development center will facilitate safe and efficient drop-off and pick-up activities, which will be supervised and facilitated by employees of the child development center. The Board was persuaded that the Applicant will operate safe pick-up and drop-off activities at the subject property considering the Applicant’s supervision of the process and the limited number of children enrolled, which the Applicant’s traffic expert estimated will generate fewer than 20 vehicle trips

⁶ The Applicant’s traffic expert testified that “the scope and methodology used for the transportation statement are consistent with industry standards and DDOT CTR [comprehensive traffic review] guidelines. The calculations were approved by DDOT.” (Transcript of October 2, 2024 at 228); and “we coordinated with DDOT to outline the scope of our supplemental transportation statement as suggested by DDOT.” (Transcript of November 13, 2024 at 108-109.)

for drop-offs between 8:15 and 8:45 a.m. The majority of pick-ups at the child development center are expected to occur after 5:00 p.m., later than the dismissal time for most students at the nearby public charter school, with a maximum of queue estimated at 11 vehicles at 5:25 p.m. Especially considering the number of students at the charter school and its hours of operation, including its existing before- and after-school programs, the Board determines that the addition of a maximum of 82 children at the subject property, who will attend a child development center with different hours of operation, will not tend to create unsafe conditions for pick-up and drop-off activities when operated in compliance with the conditions adopted in this order.

The Board concludes that the planned child development center will be located to facilitate the use of off-site play areas without endangering the individuals traveling between the facility and a play area. The Applicant indicated that trips to and from nearby play areas will be undertaken in small groups under the supervision of the facility's employees. The area surrounding the subject property is characterized by relatively low-density residential use, where sidewalks facilitate pedestrian travel along neighborhood streets.

The Board concludes that the cumulative effect of child development centers – the Applicant's child development center and the before- and after-school program for students at the nearby public charter school – will not have an adverse impact on the neighborhood due to traffic, noise, operations, or other similar factors. The subject property and the location of the charter school are at a sufficient distance that any noise generated at either site will not adversely affect the neighborhood, especially considering that the majority of activities will occur indoors. With respect to traffic, the Board notes that the charter school's program began more than a decade ago and therefore was taken into consideration in the traffic study prepared by the Applicant's transportation expert.⁷ The majority of drop-off and pick-up activities at the two facilities will not occur during the same peak periods. The Applicant's traffic expert studied the likely traffic impacts of the charter school and the planned child development center at the subject property during morning and afternoon peak periods⁸ and concluded that Peabody Street has sufficient capacity to accommodate pick-up/drop-off operations at the subject property along with charter school operations. (Exhibit 57E.) The Board notes that DDOT agreed that the Applicant's "original and supplemental analysis demonstrated sufficient on-street parking spaces available to account for the current and projected pick-up and drop-off demand during all observation periods." (Exhibit 58.)

Subtitle X § 901.2. The Board concludes that approval of the application, subject to the conditions adopted in this order, will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps and will not tend to affect adversely the use of neighboring property

⁷ The Applicant provided information taken from the charter school's website that indicated that the before- and after-school program has been in operation for 12 years, although it obtained a license for a child development center only recently (see Exhibit 57C).

⁸ The study utilized peak periods as 8:15 to 9:15 a.m., 3:15 to 4:15 p.m. (the dismissal time for the charter school), and 4:45 to 5:45 p.m. (dismissal time for both facilities) as well as 7:00 to 8:00 a.m. at DDOT's request. According to the Applicant, the charter school arrival time is 8:15 to 8:30 a.m., with dismissal at 3:30 p.m. except for the aftercare program, which closes at 6:00 p.m., after the Applicant's expected peak pick-up time. (Exhibit 57E.)

in accordance with the Zoning Regulations and Zoning Map, as is required for approval of the application under Subtitle X § 901.2. Approval of the application is consistent with the intent of the Residential House (R) zones to provide for a stable, low- to moderate-density residential area suitable for family life and supporting uses, and with the intent of the R zones to provide for the orderly development and use of land and structures in areas predominantly characterized by low- to moderate-density residential development, to recognize and reinforce the importance of neighborhood character, walkable neighborhoods, and improvements to the overall environment to the health of the city, and to allow for limited compatible non-residential uses. Approval of the requested special exception is consistent with the purpose of the R-1B zone to stabilize a residential area and promote a suitable environment for family life.

Approval of the application, subject to the conditions adopted in this order, will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Zoning Map. The planned expansion of the existing building to accommodate the new child development center will be undertaken consistent with applicable development standards, thereby ensuring that the use of neighboring properties will not be adversely affected with respect to the light, air, and privacy available to those properties. Operation of the child development center in compliance with the conditions of approval adopted in this order will avoid adverse impacts on the use of neighboring properties. For the reasons already discussed, the Board concludes that approval of the application will not tend to adversely affect the use of neighboring properties with respect to traffic or parking, including pick-up and drop-off activities. The child development center use will occur largely inside the building. Outdoor activities at the subject property will be screened by a privacy fence, will involve small groups of children at any one time, and will occur under supervision. Trash storage and collection will occur via the public alley, which will also provide access to staff parking. The Board credits the testimony of the Office of Planning that approval of the application will be consistent with the requirements for approval of the requested special exception.

Great weight. The Board is required to give “great weight” to the recommendation of the Office of Planning. (D.C. Official Code § 6-623.04.) For the reasons discussed above, the Board agrees with OP’s recommendation that, in this case, the application should be approved subject to conditions to mitigate any potential adverse impacts.

The Board is also required to give “great weight” to the issues and concerns raised by the affected ANC. (Section 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976); (D.C. Law 1-21; D.C. Official Code § 1-309.10(d)(3)(A)); see also Subtitle Y § 406.2. In this case, ANC 4B submitted a resolution in support of the application, including the conditions of approval proposed by the Applicant. (Exhibit 52.) For the reasons discussed above, the Board concurs with the ANC’s recommendation in this case.

Based on the findings of fact and conclusion of law, the Board concludes that the Applicant has satisfied the burden of proof with respect to the request for a special exception under the daytime care use provision of Subtitle U § 203.1(h) to allow a new child development center in the R-1B zone at 245 Peabody Street, N.W. (Square 3338, Lots 811). Accordingly, it is **ORDERED** that the

BZA ORDER NO. 21101

application is **GRANTED** subject to the following **CONDITIONS** and in conformance with the plans shown at Exhibit 30A:

1. The special exception granted in this order is approved for a term of 10 years, beginning on the date on which this order became final.
2. The child development center shall enroll no more than 82 children, ages 6 months to 5 years old.
3. The child development center's staff shall be limited to no more than 20 persons.
4. The hours of operation of the child development center shall not exceed 7:00 a.m. to 6:00 p.m. per day, Monday through Friday.
5. The Applicant shall limit the number of children utilizing the outdoor play area at the subject property so that not all the children are at the play area at any one time.
6. The Applicant shall schedule off-site visits so that a limited number of children will be escorted through the neighborhood at any one time.
7. The Applicant shall install and maintain fencing as shown on page 2 of Exhibit 24A, with a locked gate on the alley side ramp.
8. The Applicant shall implement and enforce strict pick-up/drop-off policies, including restrictions on blocking the public alley, a prohibition on using the alley for any vehicles involved in pick-up/drop-off activities, and penalties for any violations of the policies. The Applicant shall provide detailed information about the pick-up/drop-off policies in the handbook provided to parents/guardians of the children enrolled and shall require parents/guardians to sign a statement indicating that they have been informed about the Applicant's policies.
9. The Applicant shall designate at least one staff member who will be present at the front of the child development center during peak drop-off and pick-up times to ensure efficient traffic flow, prevent congestion, and ensure compliance with the Applicant's pick-up/drop-off rules.
10. The Applicant shall coordinate with DDOT to install signage on Peabody Street abutting the subject property to create three parking spaces reserved for short-term parking limited to 15 minutes from 7:00 a.m. to 6:00 p.m. on school days.
11. The Applicant shall reserve the five parking spaces at the rear of the subject property for use by its staff. The parking spaces shall not be used for pick-up/drop-off activities with possible exceptions in the case of a student with special needs; the Applicant will inform the ANC if an exception is made.

BZA ORDER NO. 21101

PAGE NO. 12

12. The Applicant shall ensure that none of its employees will park on Peabody Street east of 3rd Street N.W. The Applicant shall state this policy in its employee handbook and agreement, including penalties for noncompliance, and shall require employees to sign a statement indicating that they have been informed about the Applicant's parking policies.
13. The Applicant shall implement a transportation demand management ("TDM") plan substantially as shown in Exhibit 57E of the record (also described in Finding of Fact No. 16).
14. The Applicant shall store trash in an enclosure at the rear of the subject property and roll bins to the public alley for collection. The Applicant shall arrange commercial trash and garbage collection, with collections occurring at least once a week.
15. The Applicant shall attend a public meeting of ANC 4B at least once every six months to provide an assessment of the Applicant's compliance with the conditions of approval adopted in this order.
16. For the first six months of operation, the Applicant shall monitor conditions and collect data on peak congestion times. The Applicant shall make necessary adjustments to pick-up/drop-off procedures to ease traffic flow.
17. The Applicant shall provide one long-term and four short-term bicycle parking spaces as shown on the architectural plans (Exhibit 30A).
